Certified Copy of a Report of a Committee of the Honourable the Privy Council, approved by His Excellency the Governor General in Council, on the 2nd June, 1892.

On a Memorandum dated 31st May, 1892, from the Minister of Railways and Canals, representing that under date the 9th May, 1892, the Manitoba and North-Western Railway Company of Canada have forwarded for approval, in accordance with the requirements of the "Railway Act," relating to "Tolls," clause 228, a duly certified copy, under the company's seal, of a By-law No. 12 passed at a meeting of the company, held on the 25th of April, 1892, adopting certain passenger and freight tariffs for use on their railway in place of those approved by Order in Council on the 19th of December, 1883, such tariffs to be subject to the classification known as the "Canadian Joint Freight Classification."

The Minister further represents that the said tariffs have been submitted to and examined by the Chief Engineer of Government railways, who has reported under date the 23rd May, 1892, stating that the freight tariff is as low and as reasonable as other freight tariffs in the North-West Territories and Manitoba ; the passenger rates are the same as those already approved.

The Minister recommends that approval be given to the Schedule of Tolls now submitted, the same to be substituted for those sanctioned by the Order above cited, such tolls to be subject to the Canadian Joint Freight Classification as at present approved, or as it may hereafter be approved, by Your Excellency in Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 25th day of May, 1892.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS it has been represented to His Excellency that on account of the small size of the lobsters on a certain section of the coasts of the Province of Prince Edward Island, the enforcement of the size limit of nine inches provided by the existing regulations would effect a practical closure of the lobster canneries of that district ;

And whereas it is also represented that the addition of fifteen days to the close season for Lobsters on these coasts would be a fair equivalent for the suspension of the size limit, as the number of lobsters that would thus be saved from the pack during the present season would work as effectual a means for the preservation of the lobster as the enforcement of the size limit during the whole open season,—

His Excellency is therefore pleased, under the provisions of "The Fisheries Act," chapter 95 of the Revised Statutes, and by and with the advice of the Queen's Privy Council for Canada, to order that section 4 of the General Fishery Regulations for the Province of Prince Edward Island, established by the Order in Council of the 18th day of July, 1889, chapter 73 of the Consolidated Orders in Council of Canada, as well as the Regulation affecting the Lobster Fishery, established by the Order in Council of the 28th day of January, 1891, so far as they relate to that portion of the

coast of the Province of Prince Edward Island, extending from Cape Traverse in an eastwardly and northwardly direction to East Point, thence in a westwardly direction to the north side of North Cape, and to that portion only, shall be and the same are hereby suspended, and within the said limits no person shall fish for, catch, kill, buy, sell or have in possession (without lawful excuse) any lobsters between the first day of July one thousand eight hundred and ninety-two and the first day of January, one thousand eight hundred and ninety-three.

JOHN J. McGEE,
51–4 Clerk, Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 9th day of May, 1892.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS it appears that in the Province of Prince Edward Island, persons under the pretense of spearing eels from boats carrying torches, kill salmon and trout during the season when the fish are on the spawning grounds,—

His Excellency, under the provisions of section 16 of "The Fisheries Act," chapter 95 of the Revised Statutes, and by and with the advice of the Queen's Privy Council for Canada, is pleased to make the following regulation for the better protection of salmon and trout in the said Province :—

Eel fishing.

No one shall fish for eels, from boats with torches, in any waters of the Province of Prince Edward Island frequented by salmon and trout, during the months of October, November and December.

JOHN J. McGEE,
50–4 Clerk, Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 6th day of June, 1892.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

HIS Excellency, under the provisions of chapter 34 of the Revised Statutes, intituled "The Inland Revenue Act," and by and with the advice of the Queen's Privy Council for Canada, is pleased to make the following Regulations under which spirits, tobacco and cigars may be ex-warehoused, free of Excise duty for ships stores on regular lines of transoceanic steamers, viz :—

3rd. Such goods shall only be consigned and delivered to approved lines of steamers sailing from a port where a Collector of Inland Revenue is stationed.

4th. The company owning such line of steamers shall give a bond in the sum of $5,000 that such goods shall only be used on such steamers while on the high seas and shall in no case be relanded in Canada without the specific permission of the Department, obtained in each case.

5th. The master or other duly authorized officer of the steamer to which such goods are delivered, shall give a receipt in writing, in duplicate, therefor, and such goods shall in all cases be accompanied on board the steamer by an officer of Inland Revenue and by him delivered to the master or other duly authorized officer.

6th. The Collector of the division from which the line of steamers sails shall forward to the Collector of the division from which the goods are shipped, one copy of the receipt of the master or other duly authorized officer of the steamer as to the delivery, which receipt shall also be countersigned by the officer who accompanied the goods on board the steamer, and which receipt shall be authority for the Collector for the cancellation of the bond given when the goods were entered ex-warehouse.

The Collector of the port where delivered shall in addition state the name of the steamer.

8th. The quantity of excisable goods so delivered at any one time shall be a reasonable quantity required for a voyage, of which the Department of Inland Revenue shall be the judge.

Long. W. 131° 6' 26"

Soundings of from 5 to 7 fathoms were obtained off the edge of the shoal. The bottom was rock and could be distinctly seen at high water. The shoal was marked at slack water by two small patches of kelp at either end, and when the flood and ebb streams were running it was marked by overfalls and tide ripples. The rise of tide at spring was observed to be 16 feet.

It was noted that the Admiralty plan of Houston Stewart Channel on chart No. 2168, is merely a rough sketch, none of the points or islands being rightly placed. Annette, Fairfax and Charles Islands are actually twice as large as shown on the plan, and the channel between Forsyth Point and Annette Island is not more than 3 cables wide.

This notice affects Admiralty charts Nos. 1923*a*, 2168 and 2430, and page 486 of the British Columbia Pilot, 1888.

II. MIDDLE BEACON ON STURGEON BANK DISAPPEARED.

Last autumn the most northerly of the three beacons driven on Sturgeon Bank, near the mouth of the Fraser River, in the Strait of Georgia, British Columbia, disappeared. This spring the middle beacon was also carried away. This is the beacon described in Part II, Notice to Mariners No. 46 of 1891.

It is proposed to replace these beacons by new pile clusters, during the present season.

This notice affects Admiralty charts Nos. 579, 1917, 1922 and 2689.

WM. SMITH,
Deputy Minister of Marine and Fisheries.

Department of Marine and Fisheries,
Ottawa, Canada, 8th June, 1892.

Pilots, masters or others interested are earnestly requested to send information of dangers, changes in aids to navigation, notice of new shoals or channels, errors in publications, or any other facts affecting the navigation of Canadian waters, to the Deputy Minister of Marine, Ottawa, Canada. 51-3

COPIE CERTIFIÉE d'un rapport d'un comité de l'honorable Conseil privé, approuvé par Son Excellence le Gouverneur général en conseil le 2 juin 1892.

VU un mémoire en date du 31 mai 1892, du ministre des Chemins de fer et Canaux, représentant que le 9 mai 1892, en conformité des dispositions de l'Acte des chemins de fer, concernant les "péages," article 228, la Compagnie de chemin de fer Manitoba et Nord-Ouest du Canada a transmis une copie dûment certifiée revêtue du sceau de la compagnie, d'un règlement No. 12 passé à une réunion de la compagnie tenue le 25e jour d'avril 1892, adoptant certains tarifs de voyageurs et de fret à l'usage de son chemin de fer au lieu de ceux approuvés par arrêté en conseil du 19 décembre 1883, ces tarifs devant être sujets à la classification appelée "Classification commune du fret en Canada."

Le Ministre représente en outre que les dits tarifs ont été soumis à l'ingénieur en chef des chemins de fer de l'Etat, qu'il les a examinés, et a fait rapport le 23 mai 1892 à l'effet que le tarif du fret est aussi bas

et aussi raisonnable que tous autres tarifs de fret dans les Territoires du Nord-Ouest et le Manitoba ; les taux des voyageurs sont les mêmes que ceux déjà approuvés.

Le Ministre recommande que le tarif des péages maintenant soumis soit approuvé, ces péages devant être substitués à ceux sanctionnés par l'arrêté ci-dessus cité, et sujets à la classification commune du fret en Canada qui est en vigueur actuellement ou qui pourra être ci-après approuvée par Votre Excellence en conseil.

Le comité soumet le tarif de péages à l'approbation de Votre Excellence.

JOHN J. McGEE,
Greffier du Conseil privé.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît à Son Excellence, en vertu des dispositions du chapitre 34 des Statuts Revisés, intitulé "Acte du Revenu de l'Intérieur," et par et avec l'avis du Conseil privé de la Reine pour le Canada, de faire les règlements suivants en vertu desquels les spiritueux, le tabac et les cigares pourront être sortis de l'entrepôt, exempts de droits d'accise, pour approvisionnements de navires sur les lignes régulières de vapeurs transocéaniques, savoir :

1. Ces effets, lorsqu'ils sont envoyés d'un endroit autre que le port de partance de la ligne de vapeurs, seront déclarés à la sortie de l'entrepôt de la même manière que les effets destinés à l'exportation, l'obligation ordinaire étant donnée et les effets consignés à l'ordre du percepteur du revenu de l'intérieur de la division qui renferme le port d'où les effets doivent quitter le pays.

2. Avant que des effets aient ainsi la permission d'être déclarés à la sortie de l'entrepôt, dans une division quelconque, la ligne de vapeurs sur laquelle ils doivent être employés, sera d'abord approuvée par le ministère.

3. Ces effets ne seront consignés et livrés qu'à des lignes de vapeurs approuvées partant d'un port où est stationné un percepteur du revenu de l'intérieur.

4. La compagnie possédant cette ligne de vapeurs donnera une obligation en la somme de $5,000 à l'effet que ces effets ne seront employés sur ces vapeurs qu'en pleine mer, et ne seront en aucun cas débarqués de nouveau en Canada sans la permission expresse du ministère, obtenue dans chaque cas.

5. Le capitaine ou autre officier dûment autorisé du vapeur sur lequel ces effets sont livrés, en donnera un reçu écrit en double, et ces effets seront dans tous les cas accompagnés à bord du vapeur par un officier du revenu de l'intérieur, et par lui délivrés au capitaine ou autre officier dûment autorisé.

6. Le percepteur de la division d'où part la ligne de vapeurs transmettra au percepteur de la division d'où les effets sont expédiés, une copie du reçu du capitaine ou autre officier dûment autorisé du vapeur constatant la livraison, lequel reçu sera aussi contresigné par l'officier qui a accompagné les effets à bord du vapeur, et ce reçu sera une autorisation de canceller l'obligation donnée lors de la déclaration des effets à la sortie de l'entrepôt.

7. Chaque percepteur transmettra au ministère du Revenu de l'Intérieur à Ottawa un état mensuel, indiquant en détail le nom de la personne qui aura sorti les effets de l'entrepôt, le numéro de la déclaration pour l'exportation, la nature et la quantité des effets et la ligne de vapeurs à laquelle ils ont été consigués ou livrés. Le percepteur du port de livraison donnera en sus le nom du vapeur.

8. La quantité des effets sujets aux droits d'accise ainsi livrés en un seul et même temps sera une quantité raisonnable requise pour un voyage, dont le ministère du Revenu de l'Intérieur sera juge.

CERTIFIED COPY of a Report of a Committee of the Honourable the Privy Council, approved by His Excellency the Governor General in Council, on the 2nd June, 1892.

ON a Memorandum dated 31st May, 1892, from the Minister of Railways and Canals, representing that under date the 9th May, 1892, the Manitoba and North-Western Railway Company of Canada have forwarded for approval, in accordance with the requirements of the "Railway Act," relating to "Tolls," clause 228, a duly certified copy, under the company's seal, of a By-law No. 12 passed at a meeting of the company, held on the 25th of April, 1892, adopting certain passenger and freight tariffs for use on their railway in place of those approved by Order in Council on the 19th of December, 1883, such tariffs to be subject to the classification known as the "Canadian Joint Freight Classification."

The Minister further represents that the said tariffs have been submitted to and examined by the Chief Engineer of Government railways, who has reported under date the 23rd May, 1892, stating that the freight tariff is as low and as reasonable as other freight tariffs in the North-West Territories and Manitoba ; the passenger rates are the same as those already approved.

"3. For use on naphtha launches for the production of motive power."

JOHN J. McGEE,
52–4 Clerk, Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 25th day of May, 1892.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS it has been represented to His Excellency that on account of the small size of the lobsters on a certain section of the coasts of the Province of Prince Edward Island, the enforcement of the size limit of nine inches provided by the existing regulations would effect a practical closure of the lobster canneries of that district ;

And whereas it is also represented that the addition of fifteen days to the close season for Lobsters on these coasts would be a fair equivalent for the suspension of the size limit, as the number of lobsters that would thus be saved from the pack during the present season would work as effectual a means for the preservation of the lobster as the enforcement of the size limit during the whole open season,—

His Excellency is therefore pleased, under the provisions of "The Fisheries Act," chapter 95 of the Revised Statutes, and by and with the advice of the Queen's Privy Council for Canada, to order that section 4 of the General Fishery Regulations for the Province of Prince Edward Island, established by the Order in Council of the 18th day of July, 1889, chapter 73 of the Consolidated Orders in Council of Canada, as well as the Regulation affecting the Lobster Fishery, established by the Order in Council of the 28th day of January, 1891, so far as they relate to that portion of the coast of the Province of Prince Edward Island, extending from Cape Traverse in an eastwardly and northwardly direction to East Point, thence in a westwardly direction to the north side of North Cape, and to that portion only, shall be and the same are hereby suspended, and within the said limits no person shall fish for, catch, kill, buy, sell or have in possession (without lawful excuse) any lobsters between the first day of July one thousand eight hundred and ninety-two and the first day of January, one thousand eight hundred and ninety-three.

JOHN J. McGEE,
51–4 Clerk, Privy Council.

COPIE CERTIFIÉE d'un rapport d'un comité de l'honorable Conseil privé, approuvé par Son Excellence le Gouverneur général en conseil le 2 juin 1892.

VU un mémoire en date du 31 mai 1892, du ministre des Chemins de fer et Canaux, représentant que le 9 mai 1892, en conformité des dispositions de l'Acte des chemins de fer, concernant les "péages," article 228, la Compagnie de chemin de fer Manitoba et Nord-Ouest du Canada a transmis une copie dûment certifiée revêtue du sceau de la compagnie, d'un règlement No. 12 passé à une réunion de la compagnie tenue le 25e jour d'avril 1892, adoptant certains tarifs de voyageurs et de fret à l'usage de son chemin de fer au lieu de ceux approuvés par arrêté en conseil du 19 décembre 1883, ces tarifs devant être sujets à la classification appelée "Classification commune du fret en Canada."

Le Ministre représente en outre que les dits tarifs ont été soumis à l'ingénieur en chef des chemins de fer de l'Etat, qu'il les a examinés, et a fait rapport le 23 mai 1892 à l'effet que le tarif du fret est aussi bas

et aussi raisonnable que tous autres tarifs de fret dans les Territoires du Nord-Ouest et le Manitoba ; les taux des voyageurs sont les mêmes que ceux déjà approuvés.

Le Ministre recommande que le tarif des péages maintenant soumis soit approuvé, ces péages devant être substitués à ceux sanctionnés par l'arrêté ci-dessus cité, et sujets à la classification commune du fret en Canada qui est en vigueur actuellement ou qui pourra être ci-après approuvée par Votre Excellence en conseil.

Le comité soumet le tarif de péages à l'approbation de Votre Excellence.

JOHN J. McGEE,
Greffier du Conseil privé.

DEMANDES AU PARLEMENT.

Règles relatives aux avis de bills privés.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle adopté par la Chambre, le 23 juin 1887, dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression.

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer

à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré, durant trois mois, entre l'expiration de la dernière session parlementaire avant l'avis et la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire, faite en vertu de "l'Acte concernant les serments extrajudiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

After which His Excellency the Governor General was pleased to close the Second Session of the Seventh Parliament of the Dominion with the following

SPEECH :

Honourable Gentlemen of the Senate,

Gentlemen of the House of Commons :

In relieving you from further attendance in Parliament I congratulate you on the useful legislation which has resulted from your deliberations during this long and arduous session.

The adoption of the Code of Criminal Law will confer a great benefit on all the classes who are concerned in the administration of that branch of jurisprudence and is an achievement which will reflect credit on the Parliament of Canada.

The difficult task of readjusting the representation of the people in the House of Commons, in accordance with the Census Returns, has been accomplished with comparatively little disturbance of existing electoral divisions and in a manner that I hope will prove to be satisfactory in its operation.

The legislation relating to the North-West Territories, Dominion Lands, Railways, Patents, and to the Inspection of Provisions, and the various other measures which have been completed, are calculated to benefit the industrial and commercial interests of the country, and to promote its general welfare.

You have been doubtless gratified by the announcement that the Government of Newfoundland is likely to hold a friendly conference with my Government upon the differences which had arisen between Canada and that Colony, and that in the meantime all causes of further dispute, or irritation, have been removed.

A representation has been made by the Administration of the United States that the schedule of tolls, which has been in force upon the Canadian canals for some years past, operates to the disadvantage of the shipping and products of United States citizens on the Great Lakes. This complaint has been examined and discussed with the authorities of the United States, and a proposal has been submitted on behalf of my Government, that the United States will restore the concessions that were made on the part of that country by the Treaty of Washington, as an equivalent for concessions on the part of Canada as to the canals, but which were withdrawn by the United States without cause, so far as Canada is concerned. This proposal has not yet been replied to, but it is hoped that the fairness of the position taken by my Government will be duly appreciated by the Government of the United States, so that all further misunderstanding on this question may be avoided.

Gentlemen of the House of Commons :

I trust that the provisions which you have made for the public service will be found ample for its demands.

Honourable Gentlemen of the Senate :

Gentlemen of the House of Commons :

At the close of this session I take leave of you with the hope that the sacrifices which you have been called on to make by so protracted an attendance may be rewarded by proof that your labours have been fruitful of benefits to the Dominion, and that our people in every part of Canada may likewise be blessed with prosperity in the harvest season which approaches.

The Speaker of the Senate then said :

Honourable Gentlemen of the Senate, and Gentlemen of the House of Commons :

It is His Excellency the Governor General's will and pleasure, that this Parliament be prorogued until Thursday, the eighteenth day of August next, to be here held, and this Parliament is accordingly prorogued until Thursday, the eighteenth day of August next.

List of Bills assented to 12th April, 1892.

CHAPTER 6.

An Act to provide for the Recognition in the United Kingdom of Probates and Letters of Administration granted in British Possessions.

[20th May, 1892.

BE it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same as follows:

1. Her Majesty the Queen may, on being satisfied that the legislature of any British possession has made adequate provision for the recognition in that possession of probates and letters of administration granted by the courts of the United Kingdom, direct by Order in Council that this Act shall, subject to any exceptions and modifications specified in the Order, apply to that possession, and thereupon, while the Order is in force, this Act shall apply accordingly.

2.—(1.) Where a court of probate in a British possession to which this Act applies has granted probate or letters of administration in respect of the estate of a deceased person, the probate or letters so granted may, on being produced to, and a copy thereof deposited with, a court of probate in the United Kingdom, be sealed with the seal of that court, and, thereupon, shall be of the like force and effect, and have the same operation in the United Kingdom, as if granted by that court.

(2.) Provided that the court shall, before sealing a probate or letters of administration under this section, be satisfied—

(*a.*) That probate duty has been paid in respect of so much (if any) of the estate as is liable to probate duty in the United Kingdom; and

(*b.*) In the case of letters of administration that security has been given in a sum sufficient in amount to cover the property (if any) in the United Kingdom to which the letters of administration relate;

and may require such evidence, if any, as it thinks fit as to the domicile of the deceased person.

(3.) The court may also, if it thinks fit, on the application of any creditor, require, before sealing, that adequate security be given for the payment of debts due from the estate to creditors residing in the United Kingdom.

(4.) For the purposes of this section, a duplicate of any probate or letters of administration sealed with the seal of the court granting the same, or a copy thereof certified as correct by or under the authority of the court granting the same, shall have the same effect as the original.

(5.) Rules of court may be made for regulating the procedure and practice, including fees and costs, in courts of the United Kingdom, on and incidental to an application for sealing a probate or letters of administration granted in a British possession to which this Act applies. Such rules shall, so far as they relate to probate duty, be made with the consent of the Treasury, and, subject to any exceptions and modifications made by such rules, the enactments for the time being in force in relation to probate duty (including the penal provisions thereof) shall apply as if the person who applies for sealing under this section were a person applying for probate or letters of administration.

3. This Act shall extend to authorise the sealing in the United Kingdom of any probate or letters of administration granted by a British court in a foreign country, in like manner as it authorises the sealing of a probate or letters of administration granted in a British possession to which this Act applies, and the provisions of this Act shall apply accordingly with the necessary modifications.

4.—(1.) Every Order in Council made under this Act shall be laid before both Houses of Parliament as soon as may be after it is made, and shall be published under the authority of Her Majesty's Stationery Office.

(2.) Her Majesty the Queen in Council may revoke or alter any Order in Council previously made under this Act.

(3.) Where it appears to Her Majesty in Council that the legislature of part of a British possession has power to make the provision requisite for bringing this Act into operation in that part, it shall be lawful for Her Majesty to direct by Order in Council that this Act shall apply to that part as if it were a separate British possession, and thereupon, while the Order is in force, this Act shall apply accordingly.

5. This Act when applied by an Order in Council to a British possession shall, subject to the provisions of the Order, apply to probates and letters of administration granted in that possession either before or after the passing of this Act.

"ARTICLE III.

"Either Government may, in its absolute discretion, refuse to deliver up its own subjects to the other Government.

"ARTICLE IV.

"The extradition shall not take place if the person claimed on the part of the British Government, or the person claimed on the part of the Government of Monaco has already been tried and discharged or punished, or is still under trial, within the territories of the two High Contracting Parties respectively, for the crime for which his extradition is demanded.

"If the person claimed on the part of the British Government, or if the person claimed on the part of the Government of Monaco should be under examination, or is undergoing sentence under a conviction, for any other crime within the territories of the two High Contracting Parties respectively, his extradition shall be deferred until after he has been discharged, whether by acquittal or on expiration of his sentence, or otherwise.

"ARTICLE V.

"The extradition shall not take place if, subsequently to the commission of the crime, or the institution of the penal prosecution, or the conviction thereon, exemption from prosecution or punishment has been acquired by lapse of time, according to the laws of the State applied to.

"ARTICLE VI.

"A fugitive criminal shall not be surrendered if the offence in respect of which his surrender is demanded is one of a political character, or if he prove that the requisition for his surrender has, in fact, been made with a view to try or punish him for an offence of a political character.

"ARTICLE VII.

"A person surrendered can in no case be kept in prison or be brought to trial in the State to which the surrender has been made for any other crime, or on account of any other matters than those for which the extradition shall have taken place, until he has been restored or had an opportunity of returning to the State by which he has been surrendered.

"This stipulation does not apply to crimes committed after the extradition.

"ARTICLE VIII.

"The requisition for extradition shall be made in the following manner:—

"Applications on behalf of Her Britannic Majesty's Government for the surrender of a fugitive criminal in Monaco shall be made by Her Majesty's Consul in the Principality.

"Application on behalf of the Principality of Monaco for the surrender of a fugitive criminal in the United Kingdom shall be made by the Consul-General of Monaco in London.

"The requisition for the extradition of an accused person must be accompanied by a warrant of arrest issued by the competent authority of the State requiring the extradition, and by such evidence as, according to the laws of the place where the accused is found, would justify his arrest if the crime had been committed there.

"If the requisition relates to a person already convicted, it must be accompanied by the sentence of condemnation passed against the convicted person by the competent Court of the State that makes the requisition for extradition.

"A sentence passed *in contumaciam* is not to be deemed a conviction, but a person so sentenced may be dealt with as an accused person.

"ARTICLE IX.

"If the requisition for extradition be in accordance with the foregoing stipulations, the competent authorities of the State applied to shall proceed to the arrest of the fugitive.

"ARTICLE X.

"If the fugitive has been arrested in the British dominions, he shall forthwith be brought before a competent Magistrate, who is to examine him and to conduct the preliminary investigation of the case, just as if the apprehension had taken place for a crime committed in the British dominions.

"In the examinations which they have to make in accordance with the foregoing stipulations, the authorities of the British dominions shall admit as valid evidence the sworn depositions or the affirmations of witnesses taken in Monaco, or copies thereof, and likewise the warrants and sentences issued therein, and certificates of, or judicial documents stating the fact of, a conviction, provided the same are authenticated as follows:—

"1. A warrant must purport to be signed by a Judge, Magistrate, or officer of the Principality of Monaco.

"2. Depositions or affirmations, or the copies thereof, must purport to be certified under the hand of a Judge, Magistrate, or officer of the Principality of Monaco, to be the original depositions or affirmations, or to be true copies thereof, as the case may require.

"3. A certificate of, or judicial document stating the fact of a conviction, must purport to be certified by a Judge, Magistrate, or officer of the Principality of Monaco.

"4. In every case, such warrant, deposition, affirmation, copy, certificate, or judicial document must be authenticated either by the oath of some witness, or by being sealed with the official seal and legalization of the Governor General of the Principality of Monaco; but any other mode of authentication for the time being permitted by the law in that part of the British dominions where the examination is taken, may be substituted for the foregoing.

"ARTICLE XI.

"If the fugitive has been arrested in the Principality of Monaco, his surrender shall be granted if, upon examination by a competent authority, it appears that the documents furnished by the British Government contain sufficient primâ facie evidence to justify the extradition.

"The authorities of the Principality shall admit as valid evidence records drawn up by the British authorities of the depositions of witnesses, or copies thereof, and records of conviction or other judicial documents or copies thereof: Provided that the said documents be signed or authenticated by an authority whose competence shall be certified by the seal of a Minister of State of Her Britannic Majesty.

"ARTICLE XII.

"The extradition shall not take place unless the evidence be found sufficient, according to the laws of the State applied to, either to justify the committal of the prisoner for trial, in case the crime had been committed in the territory of the said State, or to prove that the prisoner is the identical person convicted by the Courts of the State which makes the requisition, and that the crime of which he has been convicted is one in respect of which extradition could, at the time of such conviction, have been granted by the State applied to. In Her Britannic Majesty's dominions the fugitive criminal shall not be surrendered until the expiration of fifteen days from the date of his being committed to prison to await his surrender.

"ARTICLE XIII.

"If the individual claimed by one of the two High Contracting Parties in pursuance of the present Treaty should be also claimed by one or several other Powers, on account of other crimes or offences committed upon their respective territories, his extradition shall be granted to that State whose demand is earliest in date.

"ARTICLE XIV.

"If sufficient evidence for the extradition be not produced within two months from the date of the apprehension of the fugitive, or within such further time as the State applied to, or the proper Tribunal thereof shall direct, the fugitive shall be set at liberty.

"ARTICLE XV.

"All articles seized which were in the possession of the person to be surrendered, at the time of his appre-

hension, shall, if the competent authority of the State applied to for the extradition has ordered the delivery thereof, be given up when the extradition takes place, and the said delivery shall extend not merely to the stolen articles, but to everything that may serve as a proof of the crime.

"ARTICLE XVI.

"All expenses connected with extradition shall be borne by the demanding State.

"ARTICLE XVII.

"Either of the High Contracting Parties who may wish to have recourse for purposes of extradition to transit through the territory of a third Power shall be bound to arrange the condition of transit with such third Power.

"ARTICLE XVIII.

"When in a criminal case of a non-political character either of the High Contracting Parties should think it necessary to take the evidence of witnesses residing in the dominion of the other, or to obtain any other legal evidence, a "Commission Rogatoire" to that effect shall be sent through the channel indicated in Article VIII, and effect shall be given thereto conformably to the laws in force in the place where the evidence is to be taken.

"ARTICLE XIX.

"All documents which shall be reciprocally communicated in execution of the present Treaty shall be accompanied by a French or English translation (certified to be correct by the Consul who transmits the document in accordance with Article VIII), when they are not drawn up in the language of the country upon which the demand is made.

"The expense of such translation shall be borne by the demanding State.

"ARTICLE XX.

"The stipulations of the present Treaty shall be applicable to the Colonies and foreign possessions of Her Britannic Majesty, so far as the laws for the time being in force in such Colonies and foreign possessions respectively will allow.

"The requisition for the surrender of a fugitive criminal who has taken refuge in any of such Colonies or foreign possessions may be made to the Governor or chief authority of such Colony or possession by any person authorized to act in such Colony or possession as a Consular officer of the Principality of Monaco.

"Such requisitions may be disposed of, subject always, as nearly as may be, and so far as the law of such Colony or foreign possession will allow, to the provisions of this Treaty, by the said Governor or chief authority, who, however, shall be at liberty either to grant the surrender or to refer the matter to his Government.

"Her Britannic Majesty shall, however, be at liberty to make special arrangements in the British Colonies and foreign possessions for the surrender of criminals from Monaco who may take refuge within such Colonies and foreign possessions, on the basis, as nearly as may be, and so far as the law of such Colony or foreign possession will allow, of the provisions of the present Treaty.

"Requisitions for the surrender of a fugitive criminal emanating from any Colony or foreign possession of Her Britannic Majesty shall be governed by the rules laid down in the preceding Articles of the present Treaty.

"ARTICLE XXI.

"The present Treaty shall come into force ten days after its publication, in conformity with the forms prescribed by the laws of the High Contracting Parties. It may be terminated by either of the High Contracting Parties at any time on giving to the other six months' notice of its intention to do so.

"The Treaty shall be ratified, and the ratifications shall be exchanged at Paris as soon as possible.

"In witness whereof the respective Plenipotentiaries have signed the same, and have affixed thereto the seal of their arms.

"Done at Paris, the 17th day of December, 1891.

"(L.S.) EDWIN H. EGERTON.
"(L.S.) LE BARON DU CHARMEL.

And whereas the ratifications of the said Treaty were exchanged at Paris on the seventeenth day of March, one thousand eight hundred and ninety-two.

Now, therefore, Her Majesty, by and with the advice of Her Privy Council, and in virtue of the authority committed to Her by the said recited Acts, doth order, and it is hereby ordered, that from and after the twenty-third day of May, one thousand eight hundred and ninety-two, the said Acts shall apply in the case of Monaco, and of the said Treaty with His Serene Highness the Prince of Monaco.

Provided always, and it is hereby further ordered that the operation of the said Extradition Acts, 1870 and 1873, shall be suspended within the Dominion of Canada so far as relates to Monaco and to the said Treaty, and so long as the provisions of the Canadian Act aforesaid of 1886 continue in force, and no longer.

I. BARRIEFIELD COMMON RANGE LIGHTS.

Two Range Lights, established by the Government of Canada on Barriefield Common, near the junction of the Great Cataraqui Creek and the St. Lawrence River, at the outlet of Lake Ontario, in the County of Frontenac and Province of Ontario, to guide between Four Mile Point and Kingston Harbour, were put in operation on the 13th instant.

The buildings are iron skeleton towers, triangular in plan, with oval, slatted targets or beacons at their tops, and sheds at their bases.

The beacons are white, the iron frameworks red, and the sheds brown.

The lights are fixed white, shown from locomotive head-light lanterns hoisted to the tops of the tripods, and visible 12 miles over a small arc on each side of the line of range.

The front range building stands 370 feet east from the end of the bridge over Great Cataraqui Creek, and is 50 feet high.

He states that this shoal lies about half a mile north-west from the spot marked 19 feet on Chart No. 490, and has on it two 13-feet spots, one composed of stone and boulders, the other made by a wreck, probably that of the schooner "Nichols," sunk 10 or 12 years ago, laden with iron ore. "Au nom des Communes, je présente à Votre Excellence le bill suivant :

que je prie humblement Votre Excellence de sanctionner."

A ce bill la sanction royale a été donnée dans les termes suivants :

"Au nom de Sa Majesté, Son Excellence le Gouverneur Général remercie ses loyaux sujets, accepte leur bienveillance et sanctionne ce bill."

Après quoi il a plu à Son Excellence le Gouverneur Général de clore la Deuxième session du septième Parlement de la Puissance par le discours suivant :

Honorables Messieurs du Sénat,

Messieurs de la Chambre des Communes :

En vous relevant de vos devoirs parlementaires je vous félicite sur la législation utile qui est résultée de vos délibérations durant cette longue et laborieuse session.

L'adoption du Code Criminel sera d'un grand avantage pour tous ceux qui seront intéressés dans l'administration de cette division de jurisprudence, et est un travail qui fera honneur au parlement du Canada.

La tâche difficile de rajuster la représentation du peuple dans la Chambre des Communes d'après le recensement a été accomplie sans déranger d'une manière appréciable les divisions électorales existantes, et j'espère que son fonctionnement sera satisfaisant.

La législation relative aux Territoires du Nord-Ouest, les terres fédérales, les chemins de fer, les brevets d'invention, et l'inspection des denrées, et les diverses autres mesures qui ont été complétées, sont propres à promouvoir les intérêts industriels et commerciaux du pays, et à développer son bien-être en général.

Nul doute que vous avez appris avec plaisir que le gouvernement de Terreneuve va tout probablement tenir une conférence amicale avec mon gouvernement sur les différends qui se sont élevés entre le Canada et cette colonie, et que dans l'intervalle toute cause de dispute ou d'irritation ultérieure a été aplanie.

L'administration des Etats-Unis a représenté que le tarif des péages qui a été en vigueur sur les canaux canadiens depuis quelques années, opérait désavantageusement vis-à-vis des navires et des produits des citoyens des Etats-Unis sur les grands lacs. Cette plainte a été étudiée et discutée avec les autorités des Etats-Unis, et une proposition a été soumise de la part de mon gouvernement, à l'effet que les Etats-Unis rétabliront les concessions qui furent faites de la part de ce pays-là par le traité de Washington comme l'équivalent des concessions faites par le Canada à l'égard des canaux, concessions qui furent retirées par les Etats-Unis sans cause, en tant que le Canada y est concerné. Cette proposition n'a pas encore reçu de réponse, mais on espère que la justice de la position prise par mon gouvernement sera dûment appréciée par le gouvernement des Etats-Unis, de façon à éviter tout autre malentendu sur cette question.

Messieurs de la Chambre des Communes :

J'ai confiance que les dispositions que vous avez prises pour le service public seront amplement suffisantes.

Honorables Messieurs du Sénat,

Messieurs de la Chambre des Communes:

A la fin de cette session je me sépare de vous avec l'espoir que les sacrifices que vous avez été appelés à faire par une session aussi prolongée, seront recompensés par le fait que vos travaux seront une source d'avantages pour le Canada, et que notre population dans chaque partie du Canada pourra de même être bénie d'une abondante récolte dans la saison qui approche.

L'Orateur du Sénat alors dit :

Honorables Messieurs du Sénat et Messieurs de la Chambre des Communes,

C'est le plaisir de Son Excellence le Gouverneur Général, que ce parlement soit prorogé jusqu'à jeudi, le dix-huitième jour d'août prochain, pour être tenu en ce lieu, et ce parlement est, en conséquence, prorogé jusqu'à jeudi, le dix-huitième jour d'août prochain.

DEMANDES AU PARLEMENT.

Règles relatives aux avis de bills privés.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle adopté par la Chambre, le 23 juin 1887, dont copie peut être obtenue du greffier de la Chambre ;

Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer

à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré, durant six mois, entre l'expiration de la dernière session parlementaire avant l'avis et la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire, faite en vertu de "l'Acte concernant les serments extrajudiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

That the votes of the electors will be summed up and the result of the polling declared by the Returning Officer at the said Town Hall at Drummondville aforesaid, on Monday, the twenty-second day of August next, at ten of the clock in the forenoon.

No. 179. Canada.

Downing Street,
5th July, 1892.

My Lord,—I have the honour to transmit to you, for the information of your Ministers, with reference to my despatch No. 169 of the 23rd June, the document specified below respecting the Cuban tariff.

I have, &c.,
(Signed) R. H. MEADE,
For the Secretary of State.

The Governor General,
&c., &c., &c.

—

Extract from the *Gaceta de Madrid* of the 19th June, 1892.

Sirs,—When the Export Tariff which is to come into force in Cuba on the 1st July next was drawn up the reduction granted to tobacco, whether manufactured or unmanufactured, under the Budget Law of the 1st July, 1880, was taken into account ; and, accordingly, tariffs were drawn up which, in their turn were subject to another reduction of 20 per cent, and made effective by the Royal Decree of the 4th March, 1887, in virtue of powers granted by Article 4 of the Budget Law of the 5th August, 1886.

Although this latter ordinance has not been repealed, and therefore the reduction of 20 per cent aforesaid continues in force, still in order to avoid any doubts that might arise when the operations of the custom-houses for the next financial year begin,—

His Majesty the King (whom God preserve) and in his name the Queen Regent has been pleased to order that the Export Tariff which is to be in force in Cuba for tobacco grown and manufactured in the Cuban provinces, be re-published and that this document be drawn up in the following form :—

Packets of cigarettes (per 1,000)	90
Chipped tobacco, or "Picadura" (100 kilos)	3 75
Manufactured tobacco, cigars (per 1,000)	1 35
Leaf tobacco (100 kilos)	6 30

Leaf tobacco, grown in the province of Santiago de Cuba, and exported through the custom-houses of the capital of that province or Gibara or Manzanilla enjoys a reduction of 30 per cent, in accordance with the Budget Law of 1882-1883 ; and again according to that of 1883-1884 a further reduction of 30 per cent, the duty being thus reduced to two dollars and twenty and a half centavos per 100 kilogrammes.

By Royal Order, &c.,
(Signed,) ROMERO.

CHAPTER 6.

An Act to provide for the Recognition in the United Kingdom of Probates and Letters of Administration granted in British Possessions.

[20th May, 1892.

Be it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows :

1. Her Majesty the Queen may, on being satisfied that the legislature of any British possession has made adequate provision for the recognition in that posses-

sion of probates and letters of administration granted by the courts of the United Kingdom, direct by Order in Council that this Act shall, subject to any exceptions and modifications specified in the Order, apply to that possession, and thereupon, while the Order is in force, this Act shall apply accordingly.

2.—(1.) Where a court of probate in a British possession to which this Act applies has granted probate or letters of administration in respect of the estate of a deceased person, the probate or letters so granted may, on being produced to, and a copy thereof deposited with, a court of probate in the United Kingdom, be sealed with the seal of that court, and, thereupon, shall be of the like force and effect, and have the same operation in the United Kingdom, as if granted by that court.

(2.) Provided that the court shall, before sealing a probate or letters of administration under this section, be satisfied—

(*a.*) That probate duty has been paid in respect of so much (if any) of the estate as is liable to probate duty in the United Kingdom ; and

(*b.*) In the case of letters of administration that security has been given in a sum sufficient in amount to cover the property (if any) in the United Kingdom to which the letters of administration relate ;

and may require such evidence, if any, as it thinks fit as to the domicile of the deceased person.

(3.) The court may also, if it thinks fit, on the application of any creditor, require, before sealing, that adequate security be given for the payment of debts due from the estate to creditors residing in the United Kingdom.

(4.) For the purposes of this section, a duplicate of any probate or letters of administration sealed with the seal of the court granting the same, or a copy thereof certified as correct by or under the authority of the court granting the same, shall have the same effect as the original.

(5.) Rules of court may be made for regulating the procedure and practice, including fees and costs, in courts of the United Kingdom, on and incidental to an application for sealing a probate or letters of administration granted in a British possession to which this Act applies. Such rules shall, so far as they relate to probate duty, be made with the consent of the Treasury, and, subject to any exceptions and modifications made by such rules, the enactments for the time being in force in relation to probate duty (including the penal provisions thereof) shall apply as if the person who applies for sealing under this section were a person applying for probate or letters of administration.

3. This Act shall extend to authorise the sealing in the United Kingdom of any probate or letters of administration granted by a British court in a foreign country, in like manner as it authorises the sealing of a probate or letters of administration granted in a British possession to which this Act applies, and the provisions of this Act shall apply accordingly with the necessary modifications.

4.—(1.) Every Order in Council made under this Act shall be laid before both Houses of Parliament as soon as may be after it is made, and shall be published under the authority of Her Majesty's Stationery Office.

(2.) Her Majesty the Queen in Council may revoke or alter any Order in Council previously made under this Act.

(3.) Where it appears to Her Majesty in Council that the legislature of part of a British possession has power to make the provision requisite for bringing this Act into operation in that part, it shall be lawful for Her Majesty to direct by Order in Council that this Act shall apply to that part as if it were a separate British possession, and thereupon, while the Order is in force, this Act shall apply accordingly.

5. This Act when applied by an Order in Council to a British possession shall, subject to the provisions of the Order, apply to probates and letters of administration granted in that possession either before or after the passing of this Act.

Lord President.
Lord Steward.
Earl of Yarborough.
Sir Walter Barttelot, Bart.

"ARTICLE III.

"Either Government may, in its absolute discretion, refuse to deliver up its own subjects to the other Government.

"ARTICLE IV.

"The extradition shall not take place if the person claimed on the part of the British Government, or the person claimed on the part of the Government of Monaco has already been tried and discharged or punished, or is still under trial, within the territories of the two High Contracting Parties respectively, for the crime for which his extradition is demanded.

"If the person claimed on the part of the British Government, or if the person claimed on the part of the Government of Monaco should be under examination, or is undergoing sentence under a conviction, for any other crime within the territories of the two High Contracting Parties respectively, his extradition shall be deferred until after he has been discharged, whether by acquittal or on expiration of his sentence, or otherwise.

"ARTICLE V.

"The extradition shall not take place if, subsequently to the commission of the crime, or the institution of the penal prosecution, or the conviction thereon, exemption from prosecution or punishment has been acquired by lapse of time, according to the laws of the State applied to.

"ARTICLE VI.

"ARTICLE VII.

"A person surrendered can in no case be kept in prison or be brought to trial in the State to which the surrender has been made for any other crime, or on account of any other matters than those for which the extradition shall have taken place, until he has been restored or had an opportunity of returning to the State by which he has been surrendered.

"This stipulation does not apply to crimes committed after the extradition.

"ARTICLE VIII.

"The requisition for extradition shall be made in the following manner:—

"Applications on behalf of Her Britannic Majesty's Government for the surrender of a fugitive criminal in Monaco shall be made by Her Majesty's Consul in the Principality.

"Application on behalf of the Principality of Monaco for the surrender of a fugitive criminal in the United Kingdom shall be made by the Consul-General of Monaco in London.

"The requisition for the extradition of an accused person must be accompanied by a warrant of arrest issued by the competent authority of the State requiring the extradition, and by such evidence as, according to the laws of the place where the accused is found, would justify his arrest if the crime had been committed there.

"If the requisition relates to a person already convicted, it must be accompanied by the sentence of condemnation passed against the convicted person by the competent Court of the State that makes the requisition for extradition.

"A sentence passed *in contumaciam* is not to be deemed a conviction, but a person so sentenced may be dealt with as an accused person.

"ARTICLE IX.

"If the requisition for extradition be in accordance with the foregoing stipulations, the competent authorities of the State applied to shall proceed to the arrest of the fugitive.

"ARTICLE X.

"If the fugitive has been arrested in the British dominions, he shall forthwith be brought before a competent Magistrate, who is to examine him and to conduct the preliminary investigation of the case, just as if the apprehension had taken place for a crime committed in the British dominions.

"In the examinations which they have to make in accordance with the foregoing stipulations, the authorities of the British dominions shall admit as valid evidence the sworn depositions or the affirmations of witnesses taken in Monaco, or copies thereof, and likewise the warrants and sentences issued therein, and certificates of, or judicial documents stating the fact of, a conviction, provided the same are authenticated as follows:—

"1. A warrant must purport to be signed by a Judge, Magistrate, or officer of the Principality of Monaco.

"2. Depositions or affirmations, or the copies thereof, must purport to be certified under the hand of a Judge, Magistrate, or officer of the Principality of Monaco, to be the original depositions or affirmations, or to be true copies thereof, as the case may require.

"3. A certificate of, or judicial document stating the fact of a conviction, must purport to be certified by a Judge, Magistrate, or officer of the Principality of Monaco.

"4. In every case, such warrant, deposition, affirmation, copy, certificate, or judicial document must be authenticated either by the oath of some witness, or by being sealed with the official seal and legalization of the Governor General of the Principality of Monaco; but any other mode of authentication for the time being permitted by the law in that part of the British dominions where the examination is taken, may be substituted for the foregoing.

"ARTICLE XI.

"If the fugitive has been arrested in the Principality of Monaco, his surrender shall be granted if, upon examination by a competent authority, it appears that the documents furnished by the British Government contain sufficient primâ facie evidence to justify the extradition.

"The authorities of the Principality shall admit as valid evidence records drawn up by the British authorities of the depositions of witnesses, or copies thereof, and records of conviction or other judicial documents or copies thereof: Provided that the said documents be signed or authenticated by an authority whose competence shall be certified by the seal of a Minister of State of Her Britannic Majesty.

"ARTICLE XII.

"The extradition shall not take place unless the evidence be found sufficient, according to the laws of the State applied to, either to justify the committal of the prisoner for trial, in case the crime had been committed in the territory of the said State, or to prove that the prisoner is the identical person convicted by the Courts of the State which makes the requisition, and that the crime of which he has been convicted is one in respect of which extradition could, at the time of such conviction, have been granted by the State applied to. In Her Britannic Majesty's dominions the fugitive criminal shall not be surrendered until the expiration of fifteen days from the date of his being committed to prison to await his surrender.

"ARTICLE XIII.

"If the individual claimed by one of the two High Contracting Parties in pursuance of the present Treaty should be also claimed by one or several other Powers, on account of other crimes or offences committed upon their respective territories, his extradition shall be granted to that State whose demand is earliest in date.

"ARTICLE XIV.

"If sufficient evidence for the extradition be not produced within two months from the date of the apprehension of the fugitive, or within such further time as the State applied to, or the proper Tribunal thereof shall direct, the fugitive shall be set at liberty.

"ARTICLE XV.

"All articles seized which were in the possession of the person to be surrendered, at the time of his apprehension, shall, if the competent authority of the State applied to for the extradition has ordered the delivery thereof, be given up when the extradition takes place, and the said delivery shall extend not merely to the stolen articles, but to everything that may serve as a proof of the crime.

"ARTICLE XVI.

"All expenses connected with extradition shall be borne by the demanding State.

"ARTICLE XVII.

"Either of the High Contracting Parties who may wish to have recourse for purposes of extradition to transit through the territory of a third Power shall be bound to arrange the condition of transit with such third Power.

"ARTICLE XVIII.

"When in a criminal case of a non-political character either of the High Contracting Parties should think it necessary to take the evidence of witnesses residing in the dominion of the other, or to obtain any other legal evidence, a "Commission Rogatoire" to that effect shall be sent through the channel indicated in Article VIII, and effect shall be given thereto conformably to the laws in force in the place where the evidence is to be taken.

"ARTICLE XIX.

"All documents which shall be reciprocally communicated in execution of the present Treaty shall be accompanied by a French or English translation (certified to be correct by the Consul who transmits the document in accordance with Article VIII), when they are not drawn up in the language of the country upon which the demand is made.

"The expense of such translation shall be borne by the demanding State.

"ARTICLE XX.

"The stipulations of the present Treaty shall be applicable to the Colonies and foreign possessions of Her Britannic Majesty, so far as the laws for the time being in force in such Colonies and foreign possessions respectively will allow.

"The requisition for the surrender of a fugitive criminal who has taken refuge in any of such Colonies or foreign possessions may be made to the Governor or chief authority of such Colony or possession by any

person authorized to act in such Colony or possession as a Consular officer of the Principality of Monaco.

"Such requisitions may be disposed of, subject always, as nearly as may be, and so far as the law of such Colony or foreign possession will allow, to the provisions of this Treaty, by the said Governor or chief authority, who, however, shall be at liberty either to grant the surrender or to refer the matter to his Government.

"Her Britannic Majesty shall, however, be at liberty to make special arrangements in the British Colonies and foreign possessions for the surrender of criminals from Monaco who may take refuge within such Colonies and foreign possessions, on the basis, as nearly as may be, and so far as the law of such Colony or foreign possession will allow, of the provisions of the present Treaty.

"Requisitions for the surrender of a fugitive criminal emanating from any Colony or foreign possession of Her Britannic Majesty shall be governed by the rules laid down in the preceding Articles of the present Treaty.

"ARTICLE XXI.

"The present Treaty shall come into force ten days after its publication, in conformity with the forms prescribed by the laws of the High Contracting Parties. It may be terminated by either of the High Contracting Parties at any time on giving to the other six months' notice of its intention to do so.

"The Treaty shall be ratified, and the ratifications shall be exchanged at Paris as soon as possible.

"In witness whereof the respective Plenipotentiaries have signed the same, and have affixed thereto the seal of their arms.

"Done at Paris, the 17th day of December, 1891.

"(L.S.) EDWIN H. EGERTON.
"(L.S.) LE BARON DU CHARMEL."

And whereas the ratifications of the said Treaty were exchanged at Paris on the seventeenth day of March, one thousand eight hundred and ninety-two.

Now, therefore, Her Majesty, by and with the advice of Her Privy Council, and in virtue of the authority committed to Her by the said recited Acts, doth order, and it is hereby ordered, that from and after the twenty-third day of May, one thousand eight hundred and ninety-two, the said Acts shall apply in the case of Monaco, and of the said Treaty with His Serene Highness the Prince of Monaco.

Provided always, and it is hereby further ordered that the operation of the said Extradition Acts, 1870 and 1873, shall be suspended within the Dominion of Canada so far as relates to Monaco and to the said Treaty, and so long as the provisions of the Canadian Act aforesaid of 1886 continue in force, and no longer.

Two Range Lights, established by the Government of Canada on Barriefield Common, near the junction of the Great Cataraqui Creek and the St. Lawrence River, at the outlet of Lake Ontario, in the County of Frontenac and Province of Ontario, to guide between Four Mile Point and Kingston Harbour, were put in operation on the 13th instant.

The buildings are iron skeleton towers, triangular in plan, with oval, slatted targets or beacons at their tops, and sheds at their bases.

The beacons are white, the iron frameworks red, and the sheds brown.

The lights are fixed white, shown from locomotive head-light lanterns hoisted to the tops of the tripods, and visible 12 miles over a small arc on each side of the line of range.

The front range building stands 370 feet east from the end of the bridge over Great Cataraqui Creek, and is 50 feet high.

Extrait de la "*Gaceta de Madrid*" du 19 juin 1892.

MESSIEURS,—Lorsque fut dressé le tarif des exportations qui doit entrer en vigueur le 1er de juillet prochain, la réduction accordée sur le tabac, soit fabriqué ou non, en vertu de la loi budgétaire du 1er juillet 1880, fut prise en considération, et, en conséquence, des tarifs furent préparés, lesquels, à leur tour, furent soumis à une autre réduction de 20 pour cent, et rendus exécutoires par décret royal du 4 mars 1887, en vertu de pouvoirs accordés par l'article 4 de la loi budgétaire du 5 août 1886.

Bien que cette dernière ordonnance n'ait pas été abrogée, et qu'en conséquence la réduction de 20 pour 100 susdite continue en vigueur, cependant, afin d'éviter tous doutes qui pourraient s'élever lorsque commenceront les opérations des douanes pour la prochaine année fiscale,—

Sa Majesté le Roi (que Dieu préserve) et en son nom la Reine régente, a bien voulu ordonner que le tarif des exportations qui doit entrer en vigueur à Cuba pour le tabac produit et fabriqué dans les provinces cubaines, soit publié de nouveau, et que ce document soit préparé dans la forme ci-dessous :—

Paquets de cigarettes (par 1,000).....	90
Tabac haché, ou " Picadura " (100 kilos)....	3.75
Tabac fabriqué, cigares (par 1,000).....	1.35
Tabac en feuille (100 kilos).....	6 30

Le tabac en feuille cultivé dans la province de Santiago de Cuba, et exporté par la voie des douanes de la capitale de cette province ou Gibara ou Manzanilla jouit d'une réduction de 30 pour cent, en conformité de la loi budgétaire de 1882-83, et encore, d'après la loi de 1883-84 une autre réduction de 30 pour cent, le droit se trouvant ainsi réduit à deux piastres et vingt et un centavos et demi par 100 kilogrammes.

Par décret royal,

CHAPITRE 6.

QU'IL soit statué par Sa Très-Excellente Majesté la Reine, par et avec l'avis et le consentement des Lords spirituels et temporels, et des Communes réunis en ce présent parlement, et par leur autorité, comme suit :—

1. Sa Majesté la Reine pourra, sur preuve satisfaisante que la législature d'une possession britannique a pris les mesures nécessaires pour faire reconnaître dans cette possession les vérifications de testament et les lettres d'administration accordées par les cours du Royaume-Uni, décréter par arrêté en conseil que le présent acte s'appliquera à la dite possession, sauf toutes exceptions et modifications spécifiées dans l'arrêté, et là-dessus, tant que l'arrêté sera en vigueur, le présent acte s'appliquera en conséquence.

2.—(1.) Chaque fois qu'une cour de vérification des testaments dans une possession britannique à laquelle le présent acte s'applique a accordé une vérification de testament ou des lettres d'administration au sujet des biens d'une personne décédée, la vérification de testament ou les lettres d'administration ainsi accordées pourront, en étant produites devant une cour de vérification de testaments dans le Royaume-Uni, et une copie déposée dans la dite cour, être revêtues du sceau de cette cour, et là-dessus auront la même force et le même effet, et auront la même vigueur dans le Royaume-Uni, que si elles étaient accordées par la dite cour.

(2.) Pourvu que la cour avant d'apposer son sceau sur une vérification de testament ou des lettres d'administration soit convaincue—

(*a.*) Que le droit de succession a été payé à l'égard de telle partie (s'il y en a) des biens assujétie à un droit de succession dans le Royaume-Uni ; et

(*b.*) Dans le cas de lettres d'administration, qu'une somme de deniers nécessaire pour couvrir la propriété (s'il en est) dans le Royaume-Uni à laquelle se rapportent les lettres d'administration ait été fournie comme garantie ;

et pourra exiger telle preuve, s'il y en a, qu'elle jugera nécessaire quant au domicile de la personne décédée.

(3.) La cour pourra aussi, si elle le juge à propos, sur la demande de tout créancier, exiger, avant d'apposer son sceau, qu'une garantie suffisante soit donnée pour le paiement des dettes dues par la succession aux créanciers résidant dans le Royaume-Uni.

(4.) Pour les fins du présent article, un double de toute vérification de testament ou des lettres d'administration revêtu du sceau de la cour qui l'accorde, aura le même effet que l'original.

(5.) Des règles de cour seront faites pour régler la procédure et la pratique, y compris les honoraires et les frais, dans les cours du Royaume-Uni, incidents à la demande de revêtir du sceau la vérification de testament ou les lettres d'administration accordées dans une possession britannique à laquelle s'applique le présent acte. Ces règlements, en tant qu'il s'agit du droit de succession, seront faits avec le consentement de la Trésorerie, et sauf toutes exceptions et modifications faites par ces règlements, les lois alors en vigueur concernant le droit de succession (y compris leurs dispositions pénales) s'appliqueront comme si la personne qui demande l'apposition du sceau en vertu du présent article était une personne demandant une vérification de testament ou des lettres d'administration.

3. Le présent acte pourra autoriser l'apposition du sceau dans le Royaume-Uni sur toute vérification de testament ou lettres d'administration accordées par une cour britannique dans un pays étranger, au même degré qu'elle autorise l'apposition du sceau sur une vérification de testament ou des lettres d'administration accordées dans une possession britannique à laquelle s'applique le présent acte, et le présent acte s'appliquera en conséquence, sauf les modifications nécessaires.

4.—(1.) Tout arrêté en conseil passé en vertu du présent acte sera soumis aux deux chambres du parlement aussitôt que possible après avoir été passé, et sera publié sous l'autorité du Bureau de la papeterie de Sa Majesté.

(2.) Sa Majesté en conseil pourra révoquer ou changer tout arrêté en conseil antérieurement fait en vertu du présent acte.

(3.) Lorsqu'il appert à Sa Majesté en conseil que la législature d'une possession britannique a le pouvoir de légiférer à l'effet de mettre le présent acte en vigueur dans cette partie, Sa Majesté pourra décréter par arrêté en conseil que le présent acte s'appliquera à cette partie comme si elle était une possession britannique distincte, et là-dessus, tant que l'arrêté est en vigueur le présent acte s'appliquera en conséquence.

5. Lorsque le présent acte est appliqué à une possession britannique par un arrêté en conseil, il s'appliquera, sauf les dispositions de l'arrêté, aux vérifications de testaments et lettres d'administration accordées soit avant soit après l'adoption du présent acte.

6. Dans le présent acte—

L'expression "cour de vérification des testaments" signifiera toute cour ou autorité, sous quelque nom qu'elle soit désignée, ayant juridiction dans les matières de vérifications de testaments ; et en Ecosse elle signifiera la cour du shérif du comté d'Edimbourg :

Les expressions "vérification de testament" et "lettres d'administation" comprennent confirmation en Ecosse, et tout instrument ayant dans une possession britannique le même effet que la loi anglaise donne aux vérifications de testament et aux lettres d'administration respectivement :

J'ai l'honneur d'être,
Milord,
Votre très-obéissant serviteur,

KNUTSFORD.

A l'administrateur

TRAITÉ D'EXTRADITION ENTRE LA GRANDE-BRETAGNE ET MONACO.

AU CHATEAU DE WINDSOR,

Le 9e jour de mai 1892.

PRÉSENTS :

Sa Très-Excellente Majesté la REINE.
Le Lord Président.
Le Lord Intendant.
Le comte de Yarborough.
Sir Walter Barttelot, Bart.
M. Forwood.

CONSIDÉRANT que par les *Actes d'Extradition*, 1870 et 1873, il est statué, entre autres choses, que chaque fois qu'un arrangement aura été conclu avec un Etat étranger au sujet de la reddition à cet Etat des criminels fugitifs, Sa Majesté pourra ordonner par arrêté en conseil que les dits actes s'appliqueront à l'égard de l'Etat étranger en question ; et que Sa Majesté pourra, par le même ou par un arrêté subséquent, restreindre l'opération du dit arrêté et limiter son application aux criminels fugitifs qui se trouvent ou sont supposés se trouver dans la partie des possessions de Sa Majesté spécifiées dans l'arrêté, et en rendre l'exécution sujette aux conditions, exceptions et restrictions qui pourront être jugées convenables ; et que si, par quelque loi adoptée après la sanction de l'Acte de 1870 par la législature de toute possession britannique, il est pourvu à l'extradition des criminels fugitifs qui se trouvent ou sont soupçonnés se trouver dans cette possession britannique, Sa Majesté pourra, par un arrêté en conseil, appliquer les dits actes à l'égard de tout Etat étranger, ou par tout arrêté subséquent suspendre la mise en opération, dans toute telle possession britannique, des dits actes ou de toute partie de ces actes, et tant qu'ils se rapportent à cette puissance étrangère, et aussi longtemps que ces lois continueront d'y être en vigueur, mais pas plus longtemps ;

Et considérant que dans un acte du parlement du Canada, passé en 1886, intitulé "Acte concernant l'extradition de criminels fugitifs," il est pourvu à la reddition des criminels fugitifs qui se trouvent ou pourront se trouver au Canada ;

Et considérant que par un arrêté de Sa Majesté en conseil, en date du dix-septième jour de novembre mil huit cent quatre-vingt-huit, il est décrété que l'opération des Actes d'extradition de 1870 et 1873 sera suspendue au Canada tant que les dispositions du dit acte du parlement du Canada de 1886 continueront en vigueur et pas plus longtemps ;

Et considérant qu'un traité a été conclu le dix-septième jour de décembre mil huit cent quatre-vingt-onze, entre Sa Majesté et Son Altesse Sérénissime le Prince de Monaco, pour l'extradition mutuelle des criminels fugitifs, lequel est rédigé comme suit :—

"Sa Majesté la Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, Impératrice des Indes, et Son Altesse Sénénissime le Prince de Monaco, ayant jugé convenable, en vue d'une meilleure administration de la justice, et pour prévenir les crimes dans leurs territoires respectifs, que les individus accusés ou convaincus des crimes ci-après énumérés, et qui se seraient soustraits par la fuite aux poursuites de la justice fussent, dans certaines circonstances, réciproquement extradés : les dites Hautes Parties Contractantes ont nommé pour leurs plénipotentiaires, à l'effet de conclure un traité dans ce but, savoir :

"Sa Majesté la Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, Impératrice des Indes, M. Edwin Henry Egerton, Compagnon du Très Honorable Ordre du Bain, Ministre Plénipotentiaire de Sa Majesté à Paris ;

"31. Traite des Esclaves telle qu'elle est punie par les lois des deux pays.

"L'extradition aura également lieu pour complicité d'un des crimes ci-dessus mentionnés, pourvu que la complicité soit punissable par les lois des deux parties contractantes.

"Il dépendra de l'Etat requis d'accorder également l'extradition pour tout autre crime à raison duquel l'extradition peut avoir lieu d'après les lois en vigueur des deux parties contractantes.

"ARTICLE III.

"Chacun des deux gouvernements aura liberté pleine et entière de refuser à l'autre l'extradition de ses propres sujets.

"ARTICLE IV.

"L'extradition ne sera pas accordée si l'individu réclamé par le Gouvernement du Royaume-Uni ou par celui de la Principauté de Monaco a déjà été jugé, acquitté ou puni, ou se trouve encore sous jugement, dans les territoires des deux hautes parties contractantes respectivement, pour le crime à raison duquel l'extradition est demandée.

"Si la personne réclamée par le gouvernement du Royaume-Uni ou par celui de la Principauté de Monaco est en état de prévention ou si, ayant été condamnée, elle subit la peine qui lui a été infligée dans les territoires des deux hautes parties contractantes respectivement, pour un autre crime, son extradition sera différée jusqu'à sa remise en liberté, soit qu'elle ait été acquittée, soit qu'elle ait purgé sa peine ou pour toute autre raison.

"ARTICLE V.

"L'extradition n'aura pas lieu si depuis la perpétration du crime, les poursuites ou la condamnation, la prescription des poursuites ou de la peine est acquise d'après les lois du pays auquel la demande est adressée.

"ARTICLE VI.

"Le criminel fugitif ne sera pas extradé si le délit pour lequel l'extradition est demandée est considéré comme un délit politique, ou si l'individu prouve que la demande d'extradition a été faite en réalité dans le but de le poursuivre ou de le punir pour un délit d'un caractère politique.

"ARTICLE VII.

"L'individu qui aura été livré ne pourra, en aucun cas, dans le pays auquel l'extradition a été accordée, être maintenu en état d'arrestation ou poursuivi pour aucun crime ou faits autres que ceux qui avaient motivé l'extradition, à moins qu'il n'ait été réintégré, ou n'ait eu l'occasion de retourner de lui-même dans l'Etat qui l'avait extradé.

"Cette stipulation n'est pas applicable aux crimes commis après l'extradition.

"ARTICLE VIII.

"L'extradition sera demandée de la manière suivante :—

"La demande de la part du gouvernement de Sa Majesté Britannique pour l'extradition d'un criminel réfugié dans la Principauté de Monaco, sera faite par le Consul de Sa Majesté accrédité près de Son Altesse Sérénissime.

"La demande de la part de la Principauté de Monaco pour l'extradition d'un criminel fugitif dans le Royaume-Uni sera faite par le Consul-Général de Monaco à Londres.

"La demande d'extradition d'un prévenu devra être accompagnée d'un mandat d'arrêt décerné par l'autorité compétente de l'Etat requérant, et des preuves qui, d'après les lois de l'endroit où le prévenu a été trouvé, justifieraient son arrestation si l'acte punissable y avait été commis.

"Si la demande d'extradition concerne une personne déjà condamnée, elle doit être accompagnée de l'arrêt de condamnation qui a été rendu contre le coupable par le tribunal compétent de l'Etat requérant.

"Un arrêt rendu par contumace ne sera pas considéré comme une condamnation, mais une personne ainsi condamnée pourra être traitée comme une personne poursuivie.

"ARTICLE IX.

"Si la demande d'extradition s'accorde avec les stipulations précédentes, les autorités compétentes de l'Etat requis procéderont à l'arrestation du fugitif.

"ARTICLE X.

"Si le fugitif est arrêté sur le territoire britannique, il sera aussitôt amené devant un magistrat compétent, qui devra l'entendre et procéder à l'examen préliminaire de l'affaire de la même manière que si l'arrestation avait eu lieu pour un crime commis sur le territoire britannique.

Les autorités de la Grande-Bretagne, quand elles procéderont à l'examen établi par les stipulations précédentes, devront admettre comme preuves entièrement valables les dépositions assermentées ou les affirmations faites à Monaco, ou les copies de ces pièces, de même que les mandats d'arrêt et les sentences rendues dans ce pays, ainsi que les certificats de condamnation ou les pièces judiciaires constatant le fait d'une condamnation, pourvu que ces documents soient rendus authentiques de la manière suivante :—

"1. Un mandat doit être signé par un juge, magistrat, ou officier de la Principauté de Monaco.

"2. Les dépositions ou affirmations ou les copies de ces pièces doivent porter la signature d'un juge, magistrat, ou officier de la Principauté de Monaco, constatant que ces dépositions ou ces affirmations se trouvent être en expédition originale ou en copie vidimée, selon le cas.

"3. Un certificat de condamnation ou un document judiciaire constatant le fait d'une condamnation doit être certifié par un juge, magistrat, ou officier de la Principauté de Monaco.

"4. Ces mandats, dépositions, affirmations, copies, certificats ou documents judiciaires doivent être rendus authentiques dans chaque cas, soit par le serment d'un témoin, soit par l'apposition du sceau officiel et la légalisation du Gouverneur général de la Principauté de Monaco ; cependant, les pièces sus-énoncées pourront être rendues authentiques de toute autre manière qui serait reconnue par les lois locales en vigueur dans la partie du territoire britannique où l'examen de l'affaire aura lieu.

"ARTICLE XI.

"L'extradition d'un fugitif arrêté dans la Principauté de Monaco sera accordée, s'il résulte de l'examen qui en sera fait par une autorité compétente que les documents fournis par le gouvernement britannique contiennent des preuves primâ facie suffisantes pour justifier l'extradition.

"Les autorités de la Principauté devront admettre comme preuves entièrement valables les procès-verbaux des dépositions de témoins dressés par les autorités britanniques, ou les copies de ces procès-verbaux ; ainsi que les procès-verbaux des condamnations ou autres documents judiciaires, ou les copies de ces actes ; pourvu que ces documents soient signés et rendus authentiques par une autorité dont la compétence sera certifiée par le sceau d'un Ministre d'Etat de Sa Majesté Britannique.

"ARTICLE XII.

"L'extradition n'aura lieu que dans le cas où les preuves fournies auront été trouvées suffisantes d'après les lois de l'Etat requis, soit pour justifier la mise sous jugement du prisonnier, dans le cas où le crime aurait été commis sur le territoire du dit Etat, soit pour constater l'identité du prisonnier avec l'individu condamné par les tribunaux de l'Etat requérant, et prouver que le crime dont il a été reconnu coupable aurait pu causer son extradition par l'Etat requis à l'époque de sa condamnation. L'extradition du fugitif n'aura lieu, dans les territoires de Sa Majesté Britannique, qu'à l'expiration d'un terme de quinze jours à dater de son emprisonnement en vue de l'extradition.

"ARTICLE XIII.

"Si l'individu réclamé par l'une des deux hautes parties contractantes, en exécution du présent traité, est aussi réclamé par une ou plusieurs autres puissances, du chef d'autres crimes ou délits commis sur leurs territoires respectifs, son extradition sera accordée à l'Etat dont la demande est la plus ancienne en date.

"ARTICLE XIV.

"Le fugitif sera mis en liberté si les preuves suffisantes à l'appui de la demande en extradition ne sont pas produites dans l'espace de deux mois, à partir du jour de l'arrestation ou de tel autre terme plus éloigné qui aura été indiqué par l'Etat requis ou le tribunal compétent de cet Etat.

"ARTICLE XV.

"Les objets saisis en la possession de l'individu réclamé au moment de son arrestation seront, si l'autorité compétente de l'Etat requis en a ordonné la remise, livrés lorsque l'extradition aura lieu ; cette remise ne comprendra pas seulement les objets volés, mais encore tout ce qui peut servir de pièce de conviction.

"ARTICLE XVI.

"Toutes les dépenses occasionnées par une demande d'extradition seront à la charge de l'État requérant.

"ARTICLE XVII.

"Celle des hautes parties contractantes qui voudrait recourir, pour l'extradition, au transit sur le territoire d'une tierce Puissance, aurait à en régler les conditions avec cette dernière.

"ARTICLE XVIII.

"Lorsque dans la poursuite d'une affaire pénale non politique, une des hautes parties contractantes jugera nécessaire l'audition de témoins résidant dans les États de l'autre, ou tout autre acte d'instruction, une commission rogatoire sera envoyée à cet effet par la voie indiquée à l'article VIII, et il y sera donné suite, en observant les lois du pays sur le territoire duquel l'acte d'instruction devra avoir lieu.

"ARTICLE XIX.

"Tous les actes et documents qui seront communiqués réciproquement en exécution du présent traité, seront accompagnés d'une traduction française ou anglaise, certifiée exacte par le Consul qui transmet les documents conformément à l'article VIII, lorsqu'ils ne seront point rédigés dans la langue du pays requis.

"Les frais occasionnés par ces traductions seront à la charge de l'Etat requérant.

"ARTICLE XX.

"Les stipulations du présent traité seront applicables aux colonies et possessions étrangères de Sa Majesté Britannique, pour autant que faire se pourra d'après les lois en vigueur dans ces colonies et possessions étrangères respectivement.

"La demande d'extradition d'un criminel qui s'est réfugié dans une de ces colonies ou possessions étrangères pourra être faite au Gouverneur ou à l'autorité supérieure de cette colonie ou possession, par toute personne autorisée à fonctionner dans cette colonie ou possession comme autorité consulaire de la Principauté de Monaco.

"Le Gouverneur ou l'autorité supérieure mentionné ci-dessus décidera à l'égard de telles demandes, en se conformant, autant que faire se pourra, d'après les lois de ces colonies ou possessions étrangères, aux stipulations du présent traité. Il sera toutefois libre d'accorder l'extradition ou de soumettre le cas à son gouvernement.

"Il est réservé toutefois à Sa Majesté Britannique de faire, en se conformant autant que faire se pourra d'après les lois de ces colonies ou possessions étrangères, aux stipulations du présent traité, des arrangements spéciaux dans les colonies ou possessions étrangères pour l'extradition de criminels de Monaco qui auraient trouvé un refuge dans ces colonies ou possessions étrangères.

"Les demandes concernant l'extradition de criminels qui se sont échappés d'une des colonies ou possessions étrangères de Sa Majesté Britannique seront traités suivant les dispositions des articles précédents du présent traité.

"ARTICLE XXI.

"Le présent traité sera exécutoire à dater du dixième jour après sa promulgation, dans les formes prescrites par les lois des deux pays. Chacune des hautes parties contractantes pourra en tout temps mettre fin au traité en donnant à l'autre six mois à l'avance avis de son intention.

"Il sera ratifié, et les ratifications en seront échangées à Paris aussitôt que faire se pourra.

"En foi de quoi les plénipotentiaires respectifs ont signé le présent traité et y ont apposé le cachet de leurs armes.

"Fait à Paris, le 17 décembre 1891.

"(L.S.) EDWIN H. EGERTON.
"(L.S.) LE BARON DU CHARMEL."

Et attendu que les ratifications du dit traité ont été échangées à Paris le dix-septième jour de mars mil huit cent quatre-vingt-douze.

C'est pourquoi Sa Majesté, par et de l'avis de son Conseil privé, et en vertu de l'autorité que lui confèrent les dits actes cités, ordonne et il est par le présent ordonné, que le et après le vingt-troisième jour de mai mil huit cent quatre-vingt-douze, les dits actes s'appliqueront dans le cas de Monaco, et du dit traité avec Son Altesse Sérénissime le Prince de Monaco.

Pourvu, toujours, et il est par le présent ordonné que l'opération des dits actes d'extradition 1870 et 1873 sera suspendue dans la Puissance du Canada, en tant qu'il s'agit de Monaco et de la dite convention, tant que les dispositions de l'acte canadien de 1886 resteront en vigueur, et pas plus longtemps.

AVIS AUX MARINS.

No. 28 de 1892.

BOUÉES À GAZ ET À CLOCHE POUR POINTE AUX TREMBLES ET SAINTE-CROIX.

Le 29 juin, deux bouées combinées à gaz et à cloche ont été ancrées dans le fleuve Saint-Laurent en amont de Québec, pour remplacer les phares flottants entretenus temporairement pendant les deux dernières saisons au large de l'extrémité sud-est de la batture des Trembles, et au large du banc Paget, près de Sainte-Croix respectivement, tel que décrit dans l'avis aux marins n° 42 de 1890.

Les bouées sont ancrées dans les positions antérieurement occupées sur les goélettes, et sont peinturées en rouge, et marquées "Trembles Shoal" et "Sainte-Croix" respectivement.

Chaque bouée exhibera une lumière blanche occultante, d'une élévation de 14 pieds au-dessus de l'eau, et est munie d'une cloche qui sera sonnée automatiquement par l'action des vagues.

Le présent avis affecte la Liste des phares canadiens et des signaux de brume n^{os} 66g et 67a, et les cartes de l'Amirauté n^{os} 797 et 2830a.

DEMANDES AU PARLEMENT.

Règles relatives aux avis de bills privés.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

Colonial Office to the Governor General.

No. 179. Canada.

Downing Street,
5th July, 1892.

My Lord,—I have the honour to transmit to you, for the information of your Ministers, with reference to my despatch No. 169 of the 23rd June, the document specified below respecting the Cuban tariff.

I have, &c.,
(Signed) R. H. MEADE,
For the Secretary of State.

The Governor General,
&c., &c., &c.

—

Extract from the *Gaceta de Madrid* of the 19th June, 1892.

Sirs,—When the Export Tariff which is to come into force in Cuba on the 1st July next was drawn up the reduction granted to tobacco, whether manufactured or unmanufactured, under the Budget Law of the 1st July, 1880, was taken into account; and, accordingly, tariffs were drawn up which, in their turn were subject to another reduction of 20 per cent, and made effective by the Royal Decree of the 4th March, 1887, in virtue of powers granted by Article 4 of the Budget Law of the 5th August, 1886.

Although this latter ordinance has not been repealed, and therefore the reduction of 20 per cent aforesaid continues in force, still in order to avoid any doubts that might arise when the operations of the custom-houses for the next financial year begin,—

His Majesty the King (whom God preserve) and in his name the Queen Regent has been pleased to order that the Export Tariff which is to be in force in Cuba for tobacco grown and manufactured in the Cuban provinces, be re-published and that this document be drawn up in the following form:—

Packets of cigarettes (per 1,000)	90
Chipped tobacco, or "Picadura" (100 kilos)	3 75
Manufactured tobacco, cigars (per 1,000)	1 35
Leaf tobacco (100 kilos)	6 30

Leaf tobacco, grown in the province of Santiago de Cuba, and exported through the custom-houses of the capital of that province or Gibara or Manzanilla enjoys a reduction of 30 per cent, in accordance with the Budget Law of 1882-1883; and again according to that of 1883-1884 a further reduction of 30 per cent, the duty being thus reduced to two dollars and twenty and a half centavos per 100 kilogrammes.

By Royal Order, &c.,

Be it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:

1. Her Majesty the Queen may, on being satisfied that the legislature of any British possession has made adequate provision for the recognition in that possession of probates and letters of administration granted by the courts of the United Kingdom, direct by Order in Council that this Act shall, subject to any exceptions and modifications specified in the Order, apply to that possession, and thereupon, while the Order is in force, this Act shall apply accordingly.

2.—(1.) Where a court of probate in a British possession to which this Act applies has granted probate or letters of administration in respect of the estate of a deceased person, the probate or letters so granted may, on being produced to, and a copy thereof deposited with, a court of probate in the United Kingdom, be sealed with the seal of that court, and, thereupon, shall be of the like force and effect, and have the same operation in the United Kingdom, as if granted by that court.

(2.) Provided that the court shall, before sealing a probate or letters of administration under this section, be satisfied—

(*a.*) That probate duty has been paid in respect of so much (if any) of the estate as is liable to probate duty in the United Kingdom; and

(*b.*) In the case of letters of administration that security has been given in a sum sufficient in amount to cover the property (if any) in the United Kingdom to which the letters of administration relate;

and may require such evidence, if any, as it thinks fit as to the domicile of the deceased person.

(3.) The court may also, if it thinks fit, on the application of any creditor, require, before sealing, that adequate security be given for the payment of debts due from the estate to creditors residing in the United Kingdom.

(4.) For the purposes of this section, a duplicate of any probate or letters of administration sealed with the seal of the court granting the same, or a copy thereof certified as correct by or under the authority of the court granting the same, shall have the same effect as the original.

(5.) Rules of court may be made for regulating the procedure and practice, including fees and costs, in courts of the United Kingdom, on and incidental to an application for sealing a probate or letters of administration granted in a British possession to which this Act applies. Such rules shall, so far as they relate to probate duty, be made with the consent of the Treasury, and, subject to any exceptions and modifications made by such rules, the enactments for the time being in force in relation to probate duty (including the penal provisions thereof) shall apply as if the person who applies for sealing under this section were a person applying for probate or letters of administration.

3. This Act shall extend to authorise the sealing in the United Kingdom of any probate or letters of

administration granted by a British court in a foreign country, in like manner as it authorises the sealing of a probate or letters of administration granted in a British possession to which this Act applies, and the provisions of this Act shall apply accordingly with the necessary modifications.

4.—(1.) Every Order in Council made under this Act shall be laid before both Houses of Parliament as soon as may be after it is made, and shall be published under the authority of Her Majesty's Stationery Office.

(2.) Her Majesty the Queen in Council may revoke or alter any Order in Council previously made under this Act.

(3.) Where it appears to Her Majesty in Council that the legislature of part of a British possession has power to make the provision requisite for bringing this Act into operation in that part, it shall be lawful for Her Majesty to direct by Order in Council that this Act shall apply to that part as if it were a separate British possession, and thereupon, while the Order is in force, this Act shall apply accordingly.

5. This Act when applied by an Order in Council to a British possession shall, subject to the provisions of the Order, apply to probates and letters of administration granted in that possession either before or after the passing of this Act.

Mr. Forwood.

WHEREAS by the Extradition Acts, 1870 and 1873, it was amongst other things enacted that, where an arrangement has been made with any foreign State with respect to the surrender to such State of any fugitive criminals, Her Majesty may, by Order in Council, direct that the said Acts shall apply in the case of such foreign State ; and that Her Majesty may, by the same or any subsequent Order, limit the operation of the Order, and restrict the same to fugitive criminals who are in or suspected of being in the part of Her Majesty's dominions specified in the Order, and render the operation thereof subject to such conditions, exceptions and qualifications as may be deemed expedient ; and that if, by any law made after the passing of the Act of 1870 by the Legislature of any British possession, provision is made for carrying into effect within such possession the surrender of fugitive criminals who are in or suspected of being in such British possession, Her Majesty may, by the Order in Council applying the said Acts in the case of any foreign State, or by any subsequent Order, suspend the operation within any such British possession of the said Acts, or of any part thereof, so far as it relates to such foreign State, and so long as such law continues in force there, and no longer :

And whereas a Treaty was concluded on the seventeenth day of December, one thousand eight hundred and ninety-one, between Her Majesty and His Serene Highness the Prince of Monaco, for the mutual extradition of fugitive criminals, which Treaty is in the terms following :—

"ARTICLE III.

"Either Government may, in its absolute discretion, refuse to deliver up its own subjects to the other Government.

"ARTICLE IV.

"The extradition shall not take place if the person claimed on the part of the British Government, or the person claimed on the part of the Government of Monaco has already been tried and discharged or punished, or is still under trial, within the territories of the two High Contracting Parties respectively, for the crime for which his extradition is demanded.

"If the person claimed on the part of the British Government, or if the person claimed on the part of the Government of Monaco should be under examination, or is undergoing sentence under a conviction, for any other crime within the territories of the two High Contracting Parties respectively, his extradition shall be deferred until after he has been discharged, whether by acquittal or on expiration of his sentence, or otherwise.

"ARTICLE V.

"The extradition shall not take place if, subsequently to the commission of the crime, or the institution of the penal prosecution, or the conviction thereon, exemption from prosecution or punishment has been acquired by lapse of time, according to the laws of the State applied to.

"ARTICLE VI.

"A fugitive criminal shall not be surrendered if the offence in respect of which his surrender is demanded is one of a political character, or if he prove that the requisition for his surrender has, in fact, been made with a view to try or punish him for an offence of a political character.

"ARTICLE VII.

"A person surrendered can in no case be kept in prison or be brought to trial in the State to which the surrender has been made for any other crime, or on account of any other matters than those for which the extradition shall have taken place, until he has been restored or had an opportunity of returning to the State by which he has been surrendered.

"This stipulation does not apply to crimes committed after the extradition.

"ARTICLE VIII.

"The requisition for extradition shall be made in the following manner:—

"Applications on behalf of Her Britannic Majesty's Government for the surrender of a fugitive criminal in Monaco shall be made by Her Majesty's Consul in the Principality.

"Application on behalf of the Principality of Monaco for the surrender of a fugitive criminal in the United Kingdom shall be made by the Consul-General of Monaco in London.

"The requisition for the extradition of an accused person must be accompanied by a warrant of arrest issued by the competent authority of the State requiring the extradition, and by such evidence as, according to the laws of the place where the accused is found, would justify his arrest if the crime had been committed there.

"If the requisition relates to a person already convicted, it must be accompanied by the sentence of condemnation passed against the convicted person by the competent Court of the State that makes the requisition for extradition.

"A sentence passed *in contumaciam* is not to be deemed a conviction, but a person so sentenced may be dealt with as an accused person.

"ARTICLE IX.

"If the requisition for extradition be in accordance with the foregoing stipulations, the competent authorities of the State applied to shall proceed to the arrest of the fugitive.

"ARTICLE X.

"If the fugitive has been arrested in the British dominions, he shall forthwith be brought before a competent Magistrate, who is to examine him and to conduct the preliminary investigation of the case, just as if the apprehension had taken place for a crime committed in the British dominions.

"In the examinations which they have to make in accordance with the foregoing stipulations, the authorities of the British dominions shall admit as valid evidence the sworn depositions or the affirmations of witnesses taken in Monaco, or copies thereof, and likewise the warrants and sentences issued therein, and certificates of, or judicial documents stating the fact of, a conviction, provided the same are authenticated as follows:—

"1. A warrant must purport to be signed by a Judge, Magistrate, or officer of the Principality of Monaco.

"2. Depositions or affirmations, or the copies thereof, must purport to be certified under the hand of a Judge, Magistrate, or officer of the Principality of Monaco, to be the original depositions or affirmations, or to be true copies thereof, as the case may require.

"3. A certificate of, or judicial document stating the fact of a conviction, must purport to be certified by a Judge, Magistrate, or officer of the Principality of Monaco.

"4. In every case, such warrant, deposition, affirmation, copy, certificate, or judicial document must be

authenticated either by the oath of some witness, or by being sealed with the official seal and legalization of the Governor General of the Principality of Monaco; but any other mode of authentication for the time being permitted by the law in that part of the British dominions where the examination is taken, may be substituted for the foregoing.

"ARTICLE XI.

"If the fugitive has been arrested in the Principality of Monaco, his surrender shall be granted if, upon examination by a competent authority, it appears that the documents furnished by the British Government contain sufficient primâ facie evidence to justify the extradition.

"The authorities of the Principality shall admit as valid evidence records drawn up by the British authorities of the depositions of witnesses, or copies thereof, and records of conviction or other judicial documents or copies thereof: Provided that the said documents be signed or authenticated by an authority whose competence shall be certified by the seal of a Minister of State of Her Britannic Majesty.

"ARTICLE XII.

"The extradition shall not take place unless the evidence be found sufficient, according to the laws of the State applied to, either to justify the committal of the prisoner for trial, in case the crime had been committed in the territory of the said State, or to prove that the prisoner is the identical person convicted by the Courts of the State which makes the requisition, and that the crime of which he has been convicted is one in respect of which extradition could, at the time of such conviction, have been granted by the State applied to. In Her Britannic Majesty's dominions the fugitive criminal shall not be surrendered until the expiration of fifteen days from the date of his being committed to prison to await his surrender.

"ARTICLE XIII.

"If the individual claimed by one of the two High Contracting Parties in pursuance of the present Treaty should be also claimed by one or several other Powers, on account of other crimes or offences committed upon their respective territories, his extradition shall be granted to that State whose demand is earliest in date.

"ARTICLE XIV.

"If sufficient evidence for the extradition be not produced within two months from the date of the apprehension of the fugitive, or within such further time as the State applied to, or the proper Tribunal thereof shall direct, the fugitive shall be set at liberty.

"ARTICLE XV.

"All articles seized which were in the possession of the person to be surrendered, at the time of his apprehension, shall, if the competent authority of the State applied to for the extradition has ordered the delivery thereof, be given up when the extradition takes place, and the said delivery shall extend not merely to the stolen articles, but to everything that may serve as a proof of the crime.

"ARTICLE XVI.

"All expenses connected with extradition shall be borne by the demanding State.

"ARTICLE XVII.

"Either of the High Contracting Parties who may wish to have recourse for purposes of extradition to transit through the territory of a third Power shall be bound to arrange the condition of transit with such third Power.

"ARTICLE XVIII.

"When in a criminal case of a non-political character either of the High Contracting Parties should think it necessary to take the evidence of witnesses residing in the dominion of the other, or to obtain any other legal evidence, a "Commission Rogatoire" to that effect shall be sent through the channel indicated in Article VIII, and effect shall be given thereto conformably to the laws in force in the place where the evidence is to be taken.

"ARTICLE XIX.

"All documents which shall be reciprocally communicated in execution of the present Treaty shall be accompanied by a French or English translation (certified to be correct by the Consul who transmits the document in accordance with Article VIII), when they are not drawn up in the language of the country upon which the demand is made.

"The expense of such translation shall be borne by the demanding State.

"ARTICLE XX.

"The stipulations of the present Treaty shall be applicable to the Colonies and foreign possessions of Her Britannic Majesty, so far as the laws for the time being in force in such Colonies and foreign possessions respectively will allow.

"The requisition for the surrender of a fugitive criminal who has taken refuge in any of such Colonies or foreign possessions may be made to the Governor or chief authority of such Colony or possession by any person authorized to act in such Colony or possession as a Consular officer of the Principality of Monaco.

"Such requisitions may be disposed of, subject always, as nearly as may be, and so far as the law of such Colony or foreign possession will allow, to the provisions of this Treaty, by the said Governor or chief authority, who, however, shall be at liberty either to grant the surrender or to refer the matter to his Government.

"Her Britannic Majesty shall, however, be at liberty to make special arrangements in the British Colonies and foreign possessions for the surrender of criminals from Monaco who may take refuge within such Colonies and foreign possessions, on the basis, as nearly as may be, and so far as the law of such Colony or foreign possession will allow, of the provisions of the present Treaty.

"Requisitions for the surrender of a fugitive criminal emanating from any Colony or foreign possession of Her Britannic Majesty shall be governed by the rules laid down in the preceding Articles of the present Treaty.

"ARTICLE XXI.

"The present Treaty shall come into force ten days after its publication, in conformity with the forms prescribed by the laws of the High Contracting Parties. It may be terminated by either of the High Contracting Parties at any time on giving to the other six months' notice of its intention to do so.

"The Treaty shall be ratified, and the ratifications shall be exchanged at Paris as soon as possible.

"In witness whereof the respective Plenipotentiaries have signed the same, and have affixed thereto the seal of their arms.

"Done at Paris, the 17th day of December, 1891.

"(L.S.) EDWIN H. EGERTON.
"(L.S.) LE BARON DU CHARMEL."

And whereas the ratifications of the said Treaty were exchanged at Paris on the seventeenth day of March, one thousand eight hundred and ninety-two.

Now, therefore, Her Majesty, by and with the advice of Her Privy Council, and in virtue of the authority committed to Her by the said recited Acts, doth order, and it is hereby ordered, that from and after the twenty-third day of May, one thousand eight hundred and ninety-two, the said Acts shall apply in the case of Monaco, and of the said Treaty with His Serene Highness the Prince of Monaco.

Provided always, and it is hereby further ordered that the operation of the said Extradition Acts, 1870 and 1873, shall be suspended within the Dominion of Canada so far as relates to Monaco and to the said Treaty, and so long as the provisions of the Canadian Act aforesaid of 1886 continue in force, and no longer.

When the draw is closed against navigation a red light, elevated 18 feet above the water, will show at each end of the draw span, or close to the two fixed white lights above described, and showing both up and down the Bay. When the draw is open two green lights at an elevation of 18 feet above the water will be visible from each end of the draw span, facing east and west, indicating the position of the rest piers. There will then appear to a vessel approaching from either direction when the draw is open, two green lights flanked by two white lights in a line north and south.

All these lights should be visible a distance of three miles in clear weather, both up and down the Bay.

NOTICE TO MARINERS.

No. 30 of 1892.

CHANNEL OF NORTH FORK, FRASER RIVER.

Two black spar buoys, one red spar buoy and two piles have been placed in the channel of the North Fork, Fraser River, British Columbia, across Sturgeon Bank, to mark the turn near its eastern end.

This channel cannot be used except by small vessels of shallow draft, and then only at or near high water, as the channel nearly dries at low water. Rounding Point Grey, at a distance of nearly half a mile, a S. E. by E. course will bring the westernmost pile ahead, which must be kept so until the western black spar buoy is close on port beam, then the channel as marked by the buoys and piles must be followed, leaving the piles on starboard side the same as red buoy. This channel should not be used by a stranger.

The lights are fixed white, shown from locomotive head-light lanterns hoisted to the tops of the tripods, and visible 12 miles over a small arc on each side of the line of range.

Extrait de la "*Gaceta de Madrid*" du 19 juin 1892.

MESSIEURS,—Lorsque fut dressé le tarif des exportations qui doit entrer en vigueur le 1er de juillet prochain, la réduction accordée sur le tabac, soit fabriqué ou non, en vertu de la loi budgétaire du 1er juillet 1880, fut prise en considération, et, en conséquence, des tarifs furent préparés, lesquels, à leur tour, furent soumis à une autre réduction de 20 pour cent, et rendus exécutoires par décret royal du 4 mars 1887, en vertu de pouvoirs accordés par l'article 4 de la loi budgétaire du 5 août 1886.

Bien que cette dernière ordonnance n'ait pas été abrogée, et qu'en conséquence la réduction de 20 pour 100 susdite continue en vigueur, cependant, afin d'éviter tous doutes qui pourraient s'élever lorsque commenceront les opérations des douanes pour la prochaine année fiscale,—

Sa Majesté le Roi (que Dieu préserve) et en son nom la Reine régente, a bien voulu ordonner que le tarif des exportations qui doit entrer en vigueur à Cuba pour le tabac produit et fabriqué dans les provinces cubaines, soit publié de nouveau, et que ce document soit préparé dans la forme ci-dessous :—

Paquets de cigarettes (par 1,000).....	90
Tabac haché, ou "Picadura" (100 kilos)....	3.75
Tabac fabriqué, cigares (par 1,000).....	1.35
Tabac en feuille (100 kilos).....	6 30

Le tabac en feuille cultivé dans la province de Santiago de Cuba, et exporté par la voie des douanes de la capitale de cette province ou Gibara ou Manzanilla jouit d'une réduction de 30 pour cent, en conformité de la loi budgétaire de 1882-83, et encore, d'après la loi de 1883-84 une autre réduction de 30 pour cent, le droit se trouvant ainsi réduit à deux piastres et vingt et un centavos et demi par 100 kilogrammes.

Par décret royal,

MILORD,—Vu ma dépêche circulaire du 24 avril 1888, j'ai l'honneur de vous transmettre copie d'un acte passé durant la présente session du parlement, à l'effet de faire reconnaître dans le Royaume-Uni les vérifications de testament et les lettres d'administration accordées dans les possessions britanniques.

J'ai l'honneur d'être,
Milord,
Votre très humble serviteur,

KNUTSFORD.

CHAPITRE 6.

Acte à l'effet de faire reconnaître dans le Royaume-Uni les vérifications de testament et les lettres d'administration accordées dans les possessions britanniques.

[20 mai 1892.

QU'IL soit statué par Sa Très-Excellente Majesté la Reine, par et avec l'avis et le consentement des Lords spirituels et temporels, et des Communes réunis en ce présent parlement, et par leur autorité, comme suit :—

1. Sa Majesté la Reine pourra, sur preuve satisfaisante que la législature d'une possession britannique a pris les mesures nécessaires pour faire reconnaître dans cette possession les vérifications de testament et les lettres d'administration accordées par les cours du Royaume-Uni, décréter par arrêté en conseil que le présent acte s'appliquera à la dite possession, sauf toutes exceptions et modifications spécifiées dans l'arrêté, et là-dessus, tant que l'arrêté sera en vigueur, le présent acte s'appliquera en conséquence.

2.—(1.) Chaque fois qu'une cour de vérification des testaments dans une possession britannique à laquelle le présent acte s'applique a accordé une vérification de testament ou des lettres d'administration au sujet des biens d'une personne décédée, la vérification de testament ou les lettres d'administration ainsi accordées pourront, en étant produites devant une cour de vérification de testaments dans le Royaume-Uni, et une copie déposée dans la dite cour, être revêtues du sceau de cette cour, et là-dessus auront la même force et le même effet, et auront la même vigueur dans le Royaume-Uni, que si elles étaient accordées par la dite cour.

(2.) Pourvu que la cour avant d'apposer son sceau sur une vérification de testament ou des lettres d'administration soit convaincue—

(*a.*) Que le droit de succession a été payé à l'égard de telle partie (s'il y en a) des biens assujétie à un droit de succession dans le Royaume-Uni ; et

(*b.*) Dans le cas de lettres d'administration, qu'une somme de deniers nécessaire pour couvrir la propriété (s'il en est) dans le Royaume-Uni à laquelle se rapportent les lettres d'administration ait été fournie comme garantie ;

et pourra exiger telle preuve, s'il y en a, qu'elle jugera nécessaire quant au domicile de la personne décédée.

(3.) La cour pourra aussi, si elle le juge à propos, sur la demande de tout créancier, exiger, avant d'apposer son sceau, qu'une garantie suffisante soit donnée pour le paiement des dettes dues par la succession aux créanciers résidant dans le Royaume-Uni.

(4.) Pour les fins du présent article, un double de toute vérification de testament ou des lettres d'administration revêtu du sceau de la cour qui l'accorde, aura le même effet que l'original.

(5.) Des règles de cour seront faites pour régler la procédure et la pratique, y compris les honoraires et les frais, dans les cours du Royaume-Uni, incidents à la demande de revêtir du sceau la vérification de testament ou les lettres d'administration accordées dans une possession britannique à laquelle s'applique le présent acte. Ces règlements, en tant qu'il s'agit du droit de succession, seront faits avec le consentement de la Trésorerie, et sauf toutes exceptions et modifications faites par ces règlements, les lois alors en vigueur concernant le droit de succession (y compris leurs dispositions pénales) s'appliqueront comme si la personne qui demande l'apposition du sceau en vertu du présent article était une personne demandant une vérification de testament ou des lettres d'administration.

3. Le présent acte pourra autoriser l'apposition du sceau dans le Royaume-Uni sur toute vérification de testament ou lettres d'administration accordées par une cour britannique dans un pays étranger, au même degré qu'elle autorise l'apposition du sceau sur une vérification de testament ou des lettres d'administration accordées dans une possession britannique à laquelle s'applique le présent acte, et le présent acte s'appliquera en conséquence, sauf les modifications nécessaires.

4.—(1.) Tout arrêté en conseil passé en vertu du présent acte sera soumis aux deux chambres du parlement aussitôt que possible après avoir été passé, et sera publié sous l'autorité du Bureau de la papeterie de Sa Majesté.

(2.) Sa Majesté en conseil pourra révoquer ou changer tout arrêté en conseil antérieurement fait en vertu du présent acte.

(3.) Lorsqu'il appert à Sa Majesté en conseil que la législature d'une possession britannique a le pouvoir de légiférer à l'effet de mettre le présent acte en vigueur dans cette partie, Sa Majesté pourra décréter par arrêté en conseil que le présent acte s'appliquera à cette partie comme si elle était une possession britannique distincte, et là-dessus, tant que l'arrêté est en vigueur le présent acte s'appliquera en conséquence.

5. Lorsque le présent acte est appliqué à une possession britannique par un arrêté en conseil, il s'appliquera, sauf les dispositions de l'arrêté, aux vérifications de testaments et lettres d'administration accordées soit avant soit après l'adoption du présent acte.

6. Dans le présent acte—

L'expression "cour de vérification des testaments" signifiera toute cour ou autorité, sous quelque nom qu'elle soit désignée, ayant juridiction dans les matières de vérifications de testaments ; et en Ecosse elle signifiera la cour du shérif du comté d'Edimbourg :

Les expressions "vérification de testament" et "lettres d'administation" comprennent confirmation en Ecosse, et tout instrument ayant dans une possession britannique le même effet que la loi anglaise donne aux vérifications de testament et aux lettres d'administration respectivement :

L'expression "droit de succession" comprend tout droit payable sur la valeur des biens et effets pour lesquels une vérification de testament ou des lettres d'administration est ou sont accordées :

L'expression "cour britannique dans un pays étranger" signifie toute cour britannique ayant juridiction en dehors des possessions de la Reine en vertu d'un arrêté en conseil, qu'il soit passé sous l'empire d'un acte quelconque ou autrement.

7. Le présent acte pourra être cité sous le titre de "Acte des cours coloniales de vérification des testaments, 1892." 4–3

DOWNING STREET,

MILORD,—J'ai l'honneur de vous transmettre, afin qu'elle soit publiée dans la colonie que vous administrez, copie d'un arrêté de Sa Majesté la Reine en conseil, daté du 9 mai 1892, mettant en vigueur le traité conclu entre Sa Majesté et Son Altesse Sérénissime le Prince de Monaco, touchant l'extradition mutuelle des criminels fugitifs, signée à Paris le 17 de décembre 1891, et dont les ratifications ont été échangées à Paris le 17 de mars 1892.

J'ai l'honneur d'être,
Milord,
Votre très-obéissant serviteur,
KNUTSFORD.

A l'administrateur
du gouvernement du Canada.

TRAITÉ D'EXTRADITION ENTRE LA GRANDE-BRETAGNE ET MONACO.

AU CHATEAU DE WINDSOR,

Le 9e jour de mai 1892.

PRÉSENTS :

Sa Très-Excellente Majesté la REINE.
Le Lord Président.
Le Lord Intendant.
Le comte de Yarborough.
Sir Walter Barttelot, Bart.
M. Forwood.

CONSIDÉRANT que par les *Actes d'Extradition*, 1870 et 1873, il est statué, entre autres choses, que chaque fois qu'un arrangement aura été conclu avec un Etat étranger au sujet de la reddition à cet Etat des criminels fugitifs, Sa Majesté pourra ordonner par arrêté en conseil que les dits actes s'appliqueront à l'égard de l'Etat étranger en question ; et que Sa Majesté pourra, par le même ou par un arrêté subséquent, restreindre l'opération du dit arrêté et limiter son application aux criminels fugitifs qui se trouvent ou sont supposés se trouver dans la partie des possessions de Sa Majesté spécifiées dans l'arrêté, et en rendre l'exécution sujette aux conditions, exceptions et restrictions qui pourront être jugées convenables ; et que si, par quelque loi adoptée après la sanction de l'Acte de 1870 par la législature de toute possession britannique, il est pourvu à l'extradition des criminels fugitifs qui se trouvent ou sont soupçonnés se trouver dans cette possession britannique, Sa Majesté pourra, par un arrêté en conseil, appliquer les dits actes à l'égard de tout Etat étranger, ou par tout arrêté subséquent suspendre la mise en opération, dans toute telle possession britannique, des dits actes ou de toute partie de ces actes, et tant qu'ils se rapportent à cette puissance étrangère, et aussi longtemps que ces lois continueront d'y être en vigueur, mais pas plus longtemps ;

Et considérant que dans un acte du parlement du Canada, passé en 1886, intitulé "Acte concernant l'extradition de criminels fugitifs," il est pourvu à la reddition des criminels fugitifs qui se trouvent ou pourront se trouver au Canada ;

Et considérant que par un arrêté de Sa Majesté en conseil, en date du dix-septième jour de novembre mil huit cent quatre-vingt-huit, il est décrété que l'opération des Actes d'extradition de 1870 et 1873 sera suspendue au Canada tant que les dispositions du dit acte du parlement du Canada de 1886 continueront en vigueur et pas plus longtemps ;

Et considérant qu'un traité a été conclu le dix-septième jour de décembre mil huit cent quatre-vingt-onze, entre Sa Majesté et Son Altesse Sérénissime le Prince de Monaco, pour l'extradition mutuelle des criminels fugitifs, lequel est rédigé comme suit :—

"SA Majesté la Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, Impératrice des Indes, et Son Altesse Sénénissime le Prince de Monaco, ayant jugé convenable, en vue d'une meilleure administration de la justice, et pour prévenir les crimes dans leurs territoires respectifs, que les individus accusés ou convaincus des crimes ci-après énumérés, et qui se seraient soustraits par la fuite aux poursuites de la justice fussent, dans certaines circonstances, réciproquement extradés : les dites Hautes Parties Contractantes ont nommé pour leurs plénipotentiaires, à l'effet de conclure un traité dans ce but, savoir :

"Sa Majesté la Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, Impératrice des Indes, M. Edwin Henry Egerton, Compagnon du Très Honorable Ordre du Bain, Ministre Plénipotentiaire de Sa Majesté à Paris ;

"Et Son Altesse Sérénissime le Prince de Monaco, Louis Fernand de Bonnefoy, Baron du Charmel, Envoyé Extraordinaire et Ministre Plénipotentiaire de Monaco en France ;

"31. Traite des Esclaves telle qu'elle est punie par les lois des deux pays.

"L'extradition aura également lieu pour complicité d'un des crimes ci-dessus mentionnés, pourvu que la complicité soit punissable par les lois des deux parties contractantes.

"Il dépendra de l'Etat requis d'accorder également l'extradition pour tout autre crime à raison duquel l'extradition peut avoir lieu d'après les lois en vigueur des deux parties contractantes.

"ARTICLE III.

"Chacun des deux gouvernements aura liberté pleine et entière de refuser à l'autre l'extradition de ses propres sujets.

"ARTICLE IV.

"L'extradition ne sera pas accordée si l'individu réclamé par le Gouvernement du Royaume-Uni ou par celui de la Principauté de Monaco a déjà été jugé, acquitté ou puni, ou se trouve encore sous jugement, dans les territoires des deux hautes parties contractantes respectivement, pour le crime à raison duquel l'extradition est demandée.

"Si la personne réclamée par le gouvernement du Royaume-Uni ou par celui de la Principauté de Monaco est en état de prévention ou si, ayant été condamnée, elle subit la peine qui lui a été infligée dans les territoires des deux hautes parties contractantes respectivement, pour un autre crime, son extradition sera différée jusqu'à sa remise en liberté, soit qu'elle ait été acquittée, soit qu'elle ait purgé sa peine ou pour toute autre raison.

"ARTICLE V.

"L'extradition n'aura pas lieu si depuis la perpétration du crime, les poursuites ou la condamnation, la prescription des poursuites ou de la peine est acquise d'après les lois du pays auquel la demande est adressée.

"ARTICLE VI.

"Le criminel fugitif ne sera pas extradé si le délit pour lequel l'extradition est demandée est considéré comme un délit politique, ou si l'individu prouve que la demande d'extradition a été faite en réalité dans le but de le poursuivre ou de le punir pour un délit d'un caractère politique.

"ARTICLE VII.

"L'individu qui aura été livré ne pourra, en aucun cas, dans le pays auquel l'extradition a été accordée, être maintenu en état d'arrestation ou poursuivi pour aucun crime ou faits autres que ceux qui avaient motivé l'extradition, à moins qu'il n'ait été réintégré, ou n'ait eu l'occasion de retourner de lui-même dans l'Etat qui l'avait extradé.

"Cette stipulation n'est pas applicable aux crimes commis après l'extradition.

"ARTICLE VIII.

"L'extradition sera demandée de la manière suivante :—

"La demande de la part du gouvernement de Sa Majesté Britannique pour l'extradition d'un criminel réfugié dans la Principauté de Monaco, sera faite par le Consul de Sa Majesté accrédité près de Son Altesse Sérénissime.

"La demande de la part de la Principauté de Monaco pour l'extradition d'un criminel fugitif dans le Royaume-Uni sera faite par le Consul-Général de Monaco à Londres.

"La demande d'extradition d'un prévenu devra être accompagnée d'un mandat d'arrêt décerné par l'autorité compétente de l'Etat requérant, et des preuves qui, d'après les lois de l'endroit où le prévenu a été trouvé, justifieraient son arrestation si l'acte punissable y avait été commis.

"Si la demande d'extradition concerne une personne déjà condamnée, elle doit être accompagnée de l'arrêt de condamnation qui a été rendu contre le coupable par le tribunal compétent de l'Etat requérant.

"Un arrêt rendu par contumace ne sera pas considéré comme une condamnation, mais une personne ainsi condamnée pourra être traitée comme une personne poursuivie.

"ARTICLE IX.

"Si la demande d'extradition s'accorde avec les stipulations précédentes, les autorités compétentes de l'Etat requis procéderont à l'arrestation du fugitif.

"ARTICLE X.

"Si le fugitif est arrêté sur le territoire britannique, il sera aussitôt amené devant un magistrat compétent, qui devra l'entendre et procéder à l'examen préliminaire de l'affaire de la même manière que si l'arrestation avait eu lieu pour un crime commis sur le territoire britannique.

Les autorités de la Grande-Bretagne, quand elles procéderont à l'examen établi par les stipulations précédentes, devront admettre comme preuves entièrement valables les dépositions assermentées ou les affirmations faites à Monaco, ou les copies de ces pièces, de même que les mandats d'arrêt et les sentences rendues dans ce pays, ainsi que les certificats de condamnation ou les pièces judiciaires constatant le fait d'une condamnation, pourvu que ces documents soient rendus authentiques de la manière suivante :—

"1. Un mandat doit être signé par un juge, magistrat, ou officier de la Principauté de Monaco.

"2. Les dépositions ou affirmations ou les copies de ces pièces doivent porter la signature d'un juge, magistrat, ou officier de la Principauté de Monaco, constatant que ces dépositions ou ces affirmations se trouvent être en expédition originale ou en copie vidimée, selon le cas.

"3. Un certificat de condamnation ou un document judiciaire constatant le fait d'une condamnation doit être certifié par un juge, magistrat, ou officier de la Principauté de Monaco.

"4. Ces mandats, dépositions, affirmations, copies, certificats ou documents judiciaires doivent être rendus authentiques dans chaque cas, soit par le serment d'un témoin, soit par l'apposition du sceau officiel et la légalisation du Gouverneur général de la Principauté de Monaco ; cependant, les pièces sus-énoncées pourront être rendues authentiques de toute autre manière qui serait reconnue par les lois locales en vigueur dans la partie du territoire britannique où l'examen de l'affaire aura lieu.

"ARTICLE XI.

"L'extradition d'un fugitif arrêté dans la Principauté de Monaco sera accordée, s'il résulte de l'examen qui en sera fait par une autorité compétente que les documents fournis par le gouvernement bri- contiennent des preuves primâ facie suffisantes pour justifier l'extradition.

"Les autorités de la Principauté devront admettre comme preuves entièrement valables les procès-verbaux des dépositions de témoins dressés par les autorités britanniques, ou les copies de ces procès-verbaux ; ainsi que les procès-verbaux des condamnations ou autres documents judiciaires, ou les copies de ces actes ; pourvu que ces documents soient signés et rendus authentiques par une autorité dont la compétence sera tannique certifiée par le sceau d'un Ministre d'Etat de Sa Majesté Britannique.

"ARTICLE XII.

"L'extradition n'aura lieu que dans le cas où les preuves fournies auront été trouvées suffisantes d'après les lois de l'Etat requis, soit pour justifier la mise sous jugement du prisonnier, dans le cas où le crime aurait été commis sur le territoire du dit Etat, soit pour constater l'identité du prisonnier avec l'individu condamné par les tribunaux de l'Etat requérant, et prouver que le crime dont il a été reconnu coupable aurait pu causer son extradition par l'Etat requis à l'époque de sa condamnation. L'extradition du fugitif n'aura lieu, dans les territoires de Sa Majesté Britannique, qu'à l'expiration d'un terme de quinze jours à dater de son emprisonnement en vue de l'extradition.

"ARTICLE XIII.

"Si l'individu réclamé par l'une des deux hautes parties contractantes, en exécution du présent traité, est aussi réclamé par une ou plusieurs autres puissances, du chef d'autres crimes ou délits commis sur leurs territoires respectifs, son extradition sera accordée à l'Etat dont la demande est la plus ancienne en date.

"ARTICLE XIV.

"Le fugitif sera mis en liberté si les preuves suffisantes à l'appui de la demande en extradition ne sont pas produites dans l'espace de deux mois, à partir du jour de l'arrestation ou de tel autre terme plus éloigné qui aura été indiqué par l'Etat requis ou le tribunal compétent de cet Etat.

"ARTICLE XV.

"Les objets saisis en la possession de l'individu réclamé au moment de son arrestation seront, si l'autorité compétente de l'Etat requis en a ordonné la remise, livrés lorsque l'extradition aura lieu ; cette remise ne comprendra pas seulement les objets volés, mais encore tout ce qui peut servir de pièce de conviction.

"ARTICLE XVI.

"Toutes les dépenses occasionnées par une demande d'extradition seront à la charge de l'Etat requérant.

"ARTICLE XVII.

"Celle des hautes parties contractantes qui voudrait recourir, pour l'extradition, au transit sur le territoire d'une tierce Puissance, aurait à en régler les conditions avec cette dernière.

"ARTICLE XVIII.

"Lorsque dans la poursuite d'une affaire pénale non politique, une des hautes parties contractantes jugera nécessaire l'audition de témoins résidant dans les Etats de l'autre, ou tout autre acte d'instruction, une commission rogatoire sera envoyée à cet effet par la voie indiquée à l'article VIII, et il y sera donné suite, en observant les lois du pays sur le territoire duquel l'acte d'instruction devra avoir lieu.

"ARTICLE XIX.

"Tous les actes et documents qui seront communiqués réciproquement en exécution du présent traité, seront accompagnés d'une traduction française ou anglaise, certifiée exacte par le Consul qui transmet les documents conformément à l'article VIII, lorsqu'ils ne seront point rédigés dans la langue du pays requis.

"Les frais occasionnés par ces traductions seront à la charge de l'Etat requérant.

"ARTICLE XX.

"Les stipulations du présent traité seront applicables aux colonies et possessions étrangères de Sa Majesté Britannique, pour autant que faire se pourra d'après les lois en vigueur dans ces colonies et possessions étrangères respectivement.

"La demande d'extradition d'un criminel qui s'est réfugié dans une de ces colonies ou possessions étrangères pourra être faite au Gouverneur ou à l'autorité supérieure de cette colonie ou possession, par toute personne autorisée à fonctionner dans cette colonie ou posse ion comme autorité consulaire de la Principauté de Monaco.

"Le Gouverneur ou l'autorité supérieure mentionné ci-dessus décidera à l'égard de telles demandes, en se conformant, autant que faire se pourra, d'après les lois de ces colonies ou possessions étrangères, aux stipulations du présent traité. Il sera toutefois libre d'accorder l'extradition ou de soumettre le cas à son gouvernement.

"Il est réservé toutefois à Sa Majesté Britannique de faire, en se conformant autant que faire se pourra d'après les lois de ces colonies ou possessions étrangères, aux stipulations du présent traité, des arrangements spéciaux dans les colonies ou possessions étrangères pour l'extradition de criminels de Monaco qui auraient trouvé un refuge dans ces colonies ou possessions étrangères.

"Les demandes concernant l'extradition de criminels qui se sont échappés d'une des colonies ou possessions étrangères de Sa Majesté Britannique seront traités suivant les dispositions des articles précédents du présent traité.

"ARTICLE XXI.

"Le présent traité sera exécutoire à dater du dixième jour après sa promulgation, dans les formes prescrites par les lois des deux pays. Chacune des hautes parties contractantes pourra en tout temps mettre fin au traité en donnant à l'autre six mois à l'avance avis de son intention.

"Il sera ratifié, et les ratifications en seront échangées à Paris aussitôt que faire se pourra.

"En foi de quoi les plénipotentiaires respectifs ont signé le présent traité et y ont apposé le cachet de leurs armes.

"Fait à Paris, le 17 décembre 1891.

AVIS AUX MARINS.

No. 28 de 1892.

BOUÉES À GAZ ET À CLOCHE POUR POINTE AUX TREMBLES ET SAINTE-CROIX.

Le 29 juin, deux bouées combinées à gaz et à cloche ont été ancrées dans le fleuve Saint-Laurent en amont de Québec, pour remplacer les phares flottants entretenus temporairement pendant les deux dernières saisons au large de l'extrémité sud-est de la batture des Trembles, et au large du banc Paget, près de Sainte-Croix respectivement, tel que décrit dans l'avis aux marins n° 42 de 1890.

Les bouées sont ancrées dans les positions antérieurement occupées sur les goélettes, et sont peinturées en rouge, et marquées "Trembles Shoal" et "Sainte-Croix" respectivement.

Chaque bouée exhibera une lumière blanche occultante, d'une élévation de 14 pieds au-dessus de l'eau, et est munie d'une cloche qui sera sonnée automatiquement par l'action des vagues.

Le présent avis affecte la Liste des phares canadiens et des signaux de brume n^{os} 66g et 67a, et les cartes de l'Amirauté n^{os} 797 et 2830a.

DEMANDES AU PARLEMENT.

Règles relatives aux avis de bills privés.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture, et avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

Règles additionnelles de la Chambre des Communes concernant les bills privés.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle adopté par la Chambre, le 23 juin 1887, dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer

à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré, durant six mois, entre l'expiration de la dernière session parlementaire avant l'avis et la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire, faite en vertu de "l'Acte concernant les serments extrajudiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

HIS EXCELLENCY THE GOVERNOR GENERAL has been pleased to make the following appointment, viz. :—

COMMISSION.

STANLEY OF PRESTON.

[L.S.]

CANADA.

VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, QUEEN, Defender of the Faith, &c., &c., &c.

To the Honourable Adolphe Basile Routhier, of the City of Quebec, one of the Judges of the Superior Court in and for the Province of Quebec, and the Honourable Melbourne M. Tait, of the City of Montreal, one of the Judges of the Superior Court in and for the Province of Quebec,—GREETING :

ROBT. SEDGEWICK, Deputy of the Minister of Justice, Canada. } WHEREAS it is, in and by the Revised Statutes of Canada, chapter 114, intituled "An Act respecting Enquiries concerning public matters," among other things in effect enacted, that whenever the Governor in Council deems it expedient to cause enquiry to be made into and concerning any matter connected with the good government of Canada, or the conduct of any part of the public business thereof, and such enquiry is not regulated by any special Law, the Governor in Council may by the Commission in the case confer upon the Commissioners or persons by whom such enquiry is to be conducted, the power of summoning before them any witnesses, and of requiring them to give evidence on oath, orally or in writing, or on solemn affirmation, if they are persons entitled to affirm in civil matters, and to produce such documents and things as such Commissioners deem requisite to the full investigation of the matters into which they are appointed to examine ;

AND WHEREAS during the Session of Parliament which took place during the present year (1892) Mr. James D. Edgar, a member of the House of Commons, made in his place in the House of Commons, on the sixth day of April last, certain statements against the Honourable Sir Adolphe P. Caron, K.C.M.G., another member of the House, and a member of the Queen's Privy Council for Canada, which are set forth in the Votes and Proceedings and in the Journals of the said House ;

AND WHEREAS on a subsequent day the said James D. Edgar moved that the said statements be referred to the Select Standing Committee of the House of Commons on Privileges and Elections, and a debate arising thereon, as to the propriety and expediency of so referring the said statements, and on the meaning of the charges and imputations which were contained and implied in the same, the following resolution was come to by the House :—

James D. Edgar, the member representing the Electoral District of the West Riding of the County of Ontario in this House, having stated from his place in this House, that he is credibly informed and believes that he can establish by satisfactory evidence—

1. That during each of the years 1882 to 1891 inclusive, the Quebec and Lake St. John Railway Company received by way of bonus from the Dominion of Canada, subsidies amounting, in the aggregate, to upwards of one million dollars, which subsidies were voted by Parliament on the recommendation of the Ministers of the Crown.

2. Arrangements were entered into by the said Railway Company whereby the expenditure of said subsidies was made by a Construction Company through, or in conjunction with, one H. J. Beemer, a contractor—and the said Beemer, and those who assisted him in financing for the said railway works, received the benefit of the said subsidies.

3. During the whole of the said period from 1882 to 1891, the Honourable Sir Adolphe P. Caron was, and still is, a member of the House of Commons of Canada, a member of the Canadian Goverment, and one of Her Majesty's Privy Councillors for Canada.

4. That the said Sir A. P. Caron was, during the whole, or the greater part of the said period, one of the members of the said Construction Company, and thus had means of knowledge of, and did know of the dealings with the said subsidies and their destination after they were paid over by the Government to the said Railway Company.

5. That during the said period, and while the said railway was being constructed in part by means of said subsidies, the said Sir A. P. Caron corruptly received large sums of money out of the said subsidies,

and from moneys raised upon the credit of the same, and from parties beneficially interested in the same.

6. That during the said period out of said subsidies, and out of moneys raised upon the credit of the same, and from parties beneficially interested in the same, large sums of money were from time to time corruptly paid and contributed, at the request and with the knowledge of said Sir A. P. Caron, for election purposes, and to aid in the election to the House of Commons of the said Sir A. P. Caron, and other members and supporters of the Government of which he was a member, and that after some of such last-mentioned corrupt payments and contributions were made, further and other subsidies were granted and paid to the said Railway Company by the Government of which Sir A. P. Caron was a member.

7. That the Temiscouata Railway Company was given incorporation by Letters Patent issued by the Canadian Government on 6th October, 1885, and since that date the said Railway Company has received from the Dominion of Canada subsidies to the extent of $649,200—which subsidies were voted by Parliament on the recommendation of Ministers of the Crown.

8. That since the 6th October, 1885, and while the said Temiscouata Railway was being constructed in part by means of the said subsidies, the said Sir A. P. Caron corruptly received large sums of money from the persons who from time to time controlled the said Temiscouata Railway Company and the said subsidies, or who were beneficially interested in the said subsidies.

9. That also since the said 6th October, 1885, the persons who from time to time controlled the said Temiscouata Railway Company and the said subsidies, or who were beneficially interested in the said subsidies paid and contributed large sums at the request, and with the knowledge of the said Sir A. P. Caron, for election purposes to aid in the election to the House of Commons of the said Sir A. P. Caron, and other members and supporters of the Government of which he was a member, and that after some of such last-mentioned corrupt payments and contributions were made, further and other subsidies were granted and paid to the said Railway Company by the Government of which the said Sir A. P. Caron was a member.

That in the course of the Debate arising on the resolution based on such statements of the said Mr. Edgar, it was stated by the Honourable Mr. Mills, the member representing the Electoral District of Bothwell, as follows :—

"So when the leader of the Government and his colleague undertake to seriously argue that this House is denuded of all its power to enquire into the misappropriation of public money for the purpose of corrupting the electors of this country, because the trial of election petitions has been referred to the courts, I take issue with those hon. gentlemen on that ground. The trial of election petitions is one thing. The use of public money for deliberate corruption of the electors by a member of the Administration is a proper matter for enquiry by this House, and is not in the smallest degree restricted in any way by reason of the trial of election petitions having been referred to the courts."

That it was further stated by the said Mr. Mills : "These charges point to a member of this House in his official capacity as a member of the Administration, rather than to his conduct as a member of this House. What, in effect, are the charges here made ? They point to the fact that the Crown was advised to appropriate large sums of money for particular purposes, and that these moneys were diverted from these public purposes and placed in the hands of a Minister of the Crown for the purpose of corrupting the electorate in certain portions of the Dominion of Canada."

That it was further stated by the said Mr. Mills : "There is a statement made here that this hon. gentleman, the Postmaster General, is the Minister of the Crown who advised these subsidies being appropriated to aid these companies. There is a charge that he obtained a portion of the subsidy so voted, or its equivalent, from these companies, and used it for his own purpose in his own election, and in the elections in twenty-three constituencies in this Dominion. That charge is specific and clear enough. It is also stated that after some of these moneys were received by him this same gentleman advised the Crown to grant other subsidies to other parties, and that from these other subsidies, moneys were also obtained."

That it was further stated by the said Mr. Mills as follows :—

"If he advised the Crown to make these appropriations, and had an understanding with one of the railway companies participating in them that these moneys, or a portion of them, should go to him, we ought to know it ; we are entitled to know it."

That it was stated in the said Debate by Sir Richard Cartwright, the member representing the Electoral District of the South Riding of Oxford, referring to the said charges of the said Mr. Edgar, as follows :—

"What in the name of wonder is it that my hon. friend beside me has charged the Postmaster General with ? He has charged him in no vague language, but in terms, with being guilty of the most corrupt conspiracy, for the purpose of destroying the electoral liberties of the people of Canada, of which any adviser of the Crown can be found guilty."

It was stated in the said Debate by Mr. Edgar aforesaid, as follows :—

"Those railways which are involved in this charge were aided by the Dominion and Provincial Governments, and what I complain of is the appropriation of Dominion subsidies to the Postmaster General." And again :

"The Minister of Marine drew a nice point when he said that I did not, as I should have done, charge his colleague with public robbery. Well, I did not put it in those words but in words which I certainly intended to mean robbing the public. If it is not public robbery for a member to take moneys out of public subsidies, I would like to know what is." And again :

"So I think if I get a chance to go on and prove these charges there will be what is, under the law, a most abominable conspiracy."

That, from the aforesaid statements made by the said J. D. Edgar, and from comments and arguments thereon by the said David Mills and Sir Richard Cartwright and the said James D. Edgar from their places in this House, it appears that it was the intention of the said J. D. Edgar by said statement to charge Sir A. P. Caron, a member of this House, and of the Honourable the Privy Council of Canada, with grave offences and derelictions of duty, notwithstanding that the said statement of the said J. D. Edgar, first above cited, did not make any definite or precise charge against him.

That the following charges and allegations are indicated by the said statement made by the said J. D. Edgar, and by the comments and arguments of the aforesaid other members of this House, and by his own comments thereon as intended to be made in the said statement, against the said Sir A. P. Caron, namely :

1. That during each of the years 1882 to 1891 inclusive, the Quebec and Lake St. John Railway Company received by way of bonus from the Dominion of Canada, subsidies amounting in the aggregate to upwards of a million of dollars, which subsidies were voted by Parliament on the recommendation of Ministers of the Crown.

2. That, during the whole of the said period from 1882 to 1891, the Honourable Sir A. P. Caron was, and still is, a member of the Canadian Government, and one of Her Majesty's Privy Councillors for Canada, and also a member of the House of Commons in each Parliament which has been elected since the year 1882.

3. That, during the said period, and while the Quebec and Lake St. John Railway was being constructed in part by means of said subsidies, the said Sir A. P. Caron knowingly aided and participated in diverting the said subsidies from the purpose for which they were granted, by receiving, for election purposes, from the said railway company, or from a construction company formed for the construction of the said railway, or from one H. J. Beemer, as manager thereof, or contractor of the said railway, large sums of money out of the said subsidies, and out of moneys raised upon the credit of the same ; and also, during the said period, did further knowingly so aid and par-

ticipate by obtaining from the said companies, or one of them, the payment out of said subsidies, and out of moneys raised by the said companies, or one of them, on the credit of the same, of large sums of money for election purposes, and to aid in the election to the House of Commons of the said Sir A. P. Caron, and other members and supporters of the Government of which he was a member.

4. That, after some of the last-mentioned payments were so obtained and made, the said Sir A. P. Caron, in consideration thereof, corruptly aided and assisted the said Company to obtain further and other subsidies from the Dominion Parliament.

5. That, since the 6th of October, 1885, the said Témiscouata Railway Company received various subsidies from the Dominion of Canada, amounting, in all, to about $649,200, and that the said Sir A. P. Caron knowingly aided and participated in diverting the said subsidies from the purposes for which they were granted, by receiving from the said Company large sums of money out of the said subsidies, or out of moneys raised on the credit of the same, and also by obtaining the payment by the said Company, out of the said subsidies, or out of moneys raised on the credit of the same, of very large sums of money to aid in his election as a member of the House of Commons, and in the election of other persons as members of the House.

6. That after some of the last-mentioned payments were so obtained and made, the said Sir A. P. Caron, in consideration thereof, corruptly aided and assisted the said Company to obtain further and other subsidies from the Dominion Parliament.

7. That the said Sir A. P. Caron misappropriated public money for the purpose of corrupting the electors of Canada, to wit, a portion of the moneys voted as subsidies as hereinbefore stated.

8. That the Crown having been advised to appropriate large sums of money for public purposes, to wit, the said subsidies, such moneys, or a portion of them, were diverted from the purposes for which they were so appropriated, and placed in the hands of Sir A. P. Caron for the purpose of corrupting the electorate in certain portions of Canada.

9. That the said Sir A. P. Caron had an understanding, when the said subsidies or some of them were voted or recommended, with one or more of the railway companies participating in said appropriations, or with a person or persons interested in said appropriations, that the moneys so appropriated by Parliament, or portions of them, should go to him.

10. That the said Sir A. P. Caron, by virtue of the fact so alleged, entered into a corrupt conspiracy with the said companies, or one or more of them.

That, in the opinion of this House, it is expedient that enquiry should be made as to the truth or falsity of the allegations and charges last mentioned, and numbered respectively 1, 2, 3, 4, 5, 6, 7, 8, 9 and 10 (being the allegations and charges included in the original statement of the said James D. Edgar, and those made in the course of the debate thereon), and that for that purpose the House deems it proper and convenient that the evidence relating to such allegations and charges should be taken by one or more commissioners to be appointed under Chapter 114 of the Revised Statutes of Canada and having all the powers mentioned in said chapter, and that such evidence should be laid before this House when completed.

That the names of the said Commissioner or Commissioners be submitted for the approval of this House before his or their appointment.

AND WHEREAS it is expedient, pursuant to the said resolution of the House of Commons, that enquiry under oath should be made as to the truth or falsity of the said charges or allegations mentioned;

AND WHEREAS the names of you the said Adolphe Basile Routhier, and Melbourne M. Tait, having been submitted to, were duly approved by, the said House of Commons,—

And We do hereby confer upon you all the powers and authority which We are authorized by the said statute to confer.

And We ordain and instruct that a record shall be made of all the evidence and documents which shall be given before you as to the aforesaid statements, charges and allegations, and that in the event of a difference of opinion arising as to the admissibility of any evidence or documents submitted to you as such Commissioners, then such evidence shall be taken and such documents shall be received, subject to any objection which may arise or appear to you, and shall be recorded separately.

Colonial Office to the Governor General.

No. 179. Canada.

DOWNING STREET, 5th July, 1892.

MY LORD,—I have the honour to transmit to you, for the information of your Ministers, with reference to my despatch No. 169 of the 23rd June, the document specified below respecting the Cuban tariff.

I have, &c.,
(Signed) R. H. MEADE,
For the Secretary of State.

The Governor General,
&c., &c., &c.

—

Extract from the *Gaceta de Madrid* of the 19th June, 1892.

SIRS,—When the Export Tariff which is to come into force in Cuba on the 1st July next was drawn up

the reduction granted to tobacco, whether manufactured or unmanufactured, under the Budget Law of the 1st July, 1880, was taken into account; and, accordingly, tariffs were drawn up which, in their turn were subject to another reduction of 20 per cent, and made effective by the Royal Decree of the 4th March, 1887, in virtue of powers granted by Article 4 of the Budget Law of the 5th August, 1886.

Although this latter ordinance has not been repealed, and therefore the reduction of 20 per cent aforesaid continues in force, still in order to avoid any doubts that might arise when the operations of the custom-houses for the next financial year begin,—

His Majesty the King (whom God preserve) and in his name the Queen Regent has been pleased to order that the Export Tariff which is to be in force in Cuba for tobacco grown and manufactured in the Cuban provinces, be re-published and that this document be drawn up in the following form:—

Packets of cigarettes (per 1,000)	90
Chipped tobacco, or "Picadura" (100 kilos)	3 75
Manufactured tobacco, cigars (per 1,000)	1 35
Leaf tobacco (100 kilos)	6 30

Leaf tobacco, grown in the province of Santiago de Cuba, and exported through the custom-houses of the capital of that province or Gibara or Manzanilla enjoys a reduction of 30 per cent, in accordance with the Budget Law of 1882-1883; and again according to that of 1883-1884 a further reduction of 30 per cent, the duty being thus reduced to two dollars and twenty and a half centavos per 100 kilogrammes.

By Royal Order, &c.,

(Signed,) ROMERO.

NOTICE TO MARINERS.

No. 30 of 1892.

CHANNEL OF NORTH FORK, FRASER RIVER.

Two black spar buoys, one red spar buoy and two piles have been placed in the channel of the North Fork, Fraser River, British Columbia, across Sturgeon Bank, to mark the turn near its eastern end.

This channel cannot be used except by small vessels of shallow draft, and then only at or near high water, as the channel nearly dries at low water. Rounding Point Grey, at a distance of nearly half a mile, a S. E. by E. course will bring the westernmost pile ahead, which must be kept so until the western black spar buoy is close on port beam, then the channel as marked by the buoys and piles must be followed, leaving the piles on starboard side the same as red buoy. This channel should not be used by a stranger.

This notice affects Admiralty charts Nos. 599 and 1922; and British Columbia Pilot, 1888, page 136.

WM. SMITH,
Deputy Minister of Marine and Fisheries.

Department of Marine and Fisheries,
Ottawa, Canada, 22nd July, 1892.

☞ All bearings are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

Pilots, masters or others interested are earnestly requested to send information of dangers, changes in aids to navigation, notice of new shoals or channels, errors in publications, or any other facts affecting the navigation of Canadian waters, to the Deputy Minister of Marine, Ottawa, Canada. 5-3

NOTICE TO MARINERS.

No. 29 of 1892.

I. BAY OF QUINTÉ BRIDGE LIGHTS.

A highway bridge having been constructed across the Bay of Quinté, immediately west of Belleville, vessels will require to be cautious in approaching the draw both by day and night. The centre pier of the swing span is 195 feet from the south or Prince Edward County side of the bridge, and there is a channel 100 feet wide both north and south of this central pier, either of which can be used by vessels. The bridge is straight, and runs N. ½ W. (N. 13° 30' W. true), and S. ½ E.

Lat. N. 44° 8' 30"
Long. W. 77° 22' 35"

The following lights have been established for the guidance of Mariners at the pivot or draw span of the said bridge:—One fixed white light shown from a lens lantern hoisted 18 feet above the level of the Bay, at the south of the southern opening, and one similar fixed white light at the north of the northern opening. When the draw is closed against navigation a red light, elevated 18 feet above the water, will show at each end of the draw span, or close to the two fixed white lights above described, and showing both up and down the Bay. When the draw is open two green lights at an elevation of 18 feet above the water will be visible from each end of the draw span, facing east and west, indicating the position of the rest piers. There will then appear to a vessel approaching from either direction when the draw is open, two green lights flanked by two white lights in a line north and south.

All these lights should be visible a distance of three miles in clear weather, both up and down the Bay.

This notice affects Admiralty charts Nos. 797 and 1152, and the substance of it should be entered in the Canadian List of Lights and Fog Signals next after the number 169*a*.

II. MAST LIGHT ON POTTERS ISLAND.

A mast temporarily established by the Government of Canada on the outer point of Potters Island, opposite Nigger Island, on the south shore of the Bay of Quinté, in the County of Prince Edward and Province of Ontario, was put in operation on the 22nd ultimo.

Lat. N. 44° 6' 5"
Long. W. 77° 29' 30"

The light is fixed white and is shown from a tubular lantern hoisted to the top of a mast 20 feet high, standing on the shore on the most northerly part of the low point locally known as Potters Island. The light is elevated 22 feet above the water level, and should be visible 9 miles from all points of approach seaward.

It is intended to guide to the narrow channel between Nigger Island and the south shore from the Bay of Quinté Bridge on the east, and from the east entrance of the Murray Canal on the west.

This notice affects Admiralty charts Nos. 797 and 1152, and the substance of it should be entered in the Canadian List of Lights and Fog Signals next after the Bay of Quinté bridge lights.

III. DECREASED DEPTH ON McINNES BANK.

Staff-Commander J. G. Boulton, R.N., in charge of the Hydrographic Survey of the Georgian Bay, reports having found a depth of 11½ feet at the present stage of water on McInnes Bank, Mudge Bay, on which 16 feet was the shoalest water previously found. A temporary bush buoy has been placed on this shoal.

This notice affects Admiralty charts Nos. 519, 678, 908 and 910, and Georgian Bay and North Channel Pilot, 1890, page 70.

CANADA.

VICTORIA, par la Grâce de Dieu, Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, défenseur de la foi, etc., etc., etc.

A L'HONORABLE ADOLPHE BASILE ROUTHIER, de la cité de Québec, un des juges de la cour Supérieure dans et pour la province de Québec, et L'HONORABLE MELBOURNE M. TAIT, de la cité de Montréal, un des juges de la cour Supérieure dans et pour la province de Québec,—SALUT :

ROBT. SEDGEWICK, Député du ministre de la Justice, Canada. } CONSIDÉRANT que dans et par les Statuts Revisés du Canada, chapitre 114, intitulé "Acte concernant les enquêtes sur les affaires publiques," il est entre autres choses en substance statué, que chaque fois que le Gouverneur en conseil fera instituer une enquête sur quelque objet ayant trait au bon gouvernement du Canada, ou sur la gestion de quelque partie des affaires publiques, si cette enquête n'est régie par aucune loi spéciale, il pourra autoriser, par la commission à cette fin, les commissaires ou personnes chargés de conduire et diriger l'enquête, à assigner devant eux tous témoins, et à leur faire rendre témoignage sous serment, soit de bouche, soit par écrit, ou sous affirmation solennelle si ce sont des personnes qui ont droit d'affirmation en matière civile, et à leur faire produire les documents et choses que les commissaires jugeront nécessaires pour la parfaite investigation des objets dont ils seront chargés de s'enquérir.

ET CONSIDÉRANT que dans le cours de la session du parlement qui a eu lieu en la présente année (1892), M. James D. Edgar, un membre de la chambre des Communes, a fait de son siège en la Chambre des Communes, le sixième jour d'avril dernier, certaines allégations contre l'honorable Sir Adolphe P. Caron, C.C.M.G., un autre membre de la chambre, et un membre du Conseil Privé de la Reine pour le Canada, lesquelles allégations sont énoncées dans les procès-verbaux et dans les journaux de la dite chambre ;

ET CONSIDÉRANT qu'à une date subséquente le dit James D. Edgar fit une motion, à l'effet que les dites allégations fussent renvoyées au comité spécial de la Chambre des Communes sur les privilèges et élections, et un débat s'étant élevé là-dessus quant à l'à-propos et convenance de renvoyer ainsi les dites allégations, et quant au sens des accusations et imputations qui y étaient ainsi portées,—la Chambre a adopté la résolution ci-dessus :—

"James D. Edgar, député du district électoral de Ontario-ouest en cette Chambre, ayant déclaré, de son siège en Chambre, qu'il est informé d'une manière digne de foi et qu'il croit pouvoir établir par des preuves satisfaisantes,—

1. Que durant chacune des années 1882 à 1891, inclusivement, la Compagnie du chemin de fer de Québec au lac Saint-Jean a reçu, par voie de bonus, de la Puissance du Canada, des subventions s'élevant dans l'ensemble à plus d'un million de piastres, lesquelles ont été votées par le parlement sur la recommandation des ministres de la Couronne.

2. Que des arrangements ont été conclus par la dite compagnie de chemin de fer en vertu desquels les dites subventions ont été dépensées par une compagnie de construction, par l'entremise du nommé H. J. Beemer, entrepreneur, ou de concert avec lui, et que le dit Beemer et ceux qui l'ont aidé à trouver des fonds pour la construction des travaux du dit chemin de fer, ont eu le bénéfice des dites subventions.

3. Que durant la totalité de la dite période de 1882 à 1891, l'honorable Sir Adolphe P. Caron était, comme il l'est encore, membre de la Chambre des Communes du Canada, membre du gouvernement canadien et l'un des conseillers privés de Sa Majesté pour le Canada.

4. Que le dit Sir A. P. Caron a été, durant la totalité ou la majeure partie de la dite période, l'un des membres de la dite compagnie de construction, et qu'à ce titre il avait les moyens de savoir, comme il savait de fait, l'emploi des dites subventions et leur affectation après qu'elles eurent été versées par le gouvernement à la dite compagnie de chemin de fer.

5. Que durant la dite période, et pendant que le dit chemin de fer se construisait en partie au moyen des dites subventions, le dit Sir A. P. Caron a reçu frauduleusement de fortes sommes d'argent provenant des dites subventions, des deniers prélevés sur leur crédit, et de personnes en retirant des bénéfices.

6. Que durant la même période, de fortes sommes d'argent provenant des dites subventions et de deniers prélevés sur leur crédit, et de personnes en retirant des bénéfices, ont, de temps à autre, été frauduleusement versées à titre de contribution, à la demande et connaissance du dit Sir A. P. Caron, pour des fins électorales et pour aider à l'élection à la chambre des Communes du dit Sir A. P. Caron et autres membres et partisans du gouvernement dont il était un des membres, et qu'après le paiement de quelques-unes des dites contributions frauduleuses, de nouvelles subventions ont été accordées et versées à la dite compagnie de chemin de fer par le gouvernement dont le dit Sir A. P. Caron était l'un des membres.

7. Que la Compagnie du chemin de fer de Témiscouata a été légalement constituée par lettres patentes émises par le gouvernement canadien, le 6 octobre 1885, et que depuis cette date, la dite compagnie de chemin de fer a reçu de la Puissance du Canada des subventions au montant de $649,200, qui ont été votées par le parlement sur la recommandation des ministres de la Couronne.

8. Que depuis le dit 6 octobre 1885, et pendant que le dit chemin de fer de Témiscouata se construisait en partie au moyen des dites subventions, le dit Sir A. P. Caron a frauduleusement reçu de fortes sommes d'argent des personnes qui, de temps à autre, ont eu le contrôle de la dite Compagnie du chemin de fer de Témiscouata et des dites subventions, ou qui étaient directement intéressées dans les dites subventions.

9. Qu'aussi, depuis le dit 6 octobre 1885, les personnes qui, de temps à autre, ont eu le contrôle du dit chemin de fer de Témiscouata et des dites subventions ou qui étaient directement intéressées dans les dites subventions, ont versé à titre de contribution de fortes sommes, à la demande et connaissance du dit Sir A. P. Caron, pour des fins électorales et pour aider à l'élection à la Chambre des Communes du dit Sir A. P. Caron et autres membres et partisans du gouvernement dont il était un des membres, et qu'après le paiement de quelques-unes des dites contributions frauduleuses, de nouvelles subventions ont été accordées et payées à la dite compagnie de chemin de fer par le gouvernement dont le dit Sir A. P. Caron était l'un des membres.

Qu'au cours du débat qui s'est élevé sur la résolution basée sur ces déclarations du dit M. Edgar, l'honorable M. Mills, député du district électoral de Bothwell, s'est exprimé comme suit :

"Ainsi, quand le ministre de la justice et ses collègues entreprennent de démontrer que la Chambre n'a plus le pouvoir de s'enquérir des cas de détournement des

deniers publics pour corrompre les électeurs, sous prétexte que les procès d'élection ont été confiés aux tribunaux, je me permets de différer d'opinion avec eux. Le procès d'une pétition en invalidation d'élection est une chose. L'emploi délibéré des deniers publics par un membre du gouvernement pour corrompre les électeurs, en est une autre qui exige une enquête parlementaire, et ce droit n'est pas le moindrement affecté parce que les procès en invalidation d'élection ont été confiés aux tribunaux."

Aussi : " Ces accusations s'appliquent à l'accusé plutôt en sa qualité de membre du gouvernement qu'en sa qualité de membre de la Chambre. Quelles sont, en effet, les accusations qui sont portées ? Elles sont à l'effet qu'on a avisé la couronne d'approprier de fortes sommes à certaines fins désignées et que cet argent a été détourné de ces fins publiques et mis entre les mains d'un ministre de la couronne pour corrompre l'électorat dans certaines parties du Canada.

Aussi : " Voici une déclaration disant que cet honorable ministre, le directeur général des Postes, est le ministre qui a avisé la couronne d'accorder ces subsides, pour aider à ces compagnies. Il est accusé d'avoir obtenu une partie des subsides ainsi votés, ou une somme équivalente, de ces mêmes compagnies et de s'en être servi pour lui-même, pour sa propre élection et pour les élections de vingt-trois divisions électorales du Canada. Cette accusation est assez précise et assez claire. L'accusation dit aussi qu'après que ce ministre eût reçu cet argent, il conseilla à la couronne de voter d'autres subsides à d'autres personnes, et qu'à même ces nouveaux subsides, il a encore reçu certaines sommes.

Aussi : " S'il a conseillé à la couronne d'accorder des subsides et s'il était entendu avec une des compagnies de chemins de fer qui devait profiter de ces subsides, qu'une partie de l'argent lui reviendrait, nous devons le savoir, nous avons droit de le savoir."

Qu'au cours du dit débat, l'honorable Sir Richard Cartwright, représentant le district électoral d'Oxford-Sud, s'est exprimé comme suit :

" Mais de quoi donc mon honorable ami, qui siège à mes côtés, accuse-t-il le directeur général des Postes ? Il l'accuse sans ambiguité, mais en termes précis, de s'être rendu coupable de la conspiration la plus immorale qu'un ministre de la couronne puisse commettre."

M. Edgar, au cours du dit débat, s'est exprimé comme suit :—

" Les chemins de fer compris dans cette accusation ont été aidés par les gouvernements fédéral et provincial, et ce dont je me plains c'est que le ministre des Postes s'est approprié les subventions fédérales." Et encore,—

" Le ministre de la Marine a soulevé une singulière question quand il a dit que je n'ai pas, comme j'aurais dû le faire, accusé son collègue de vol public. Je n'ai pas employé ces mots, mais je me suis certainement exprimé en termes qui comportent cette signification. Si ce n'est pas un vol public, pour un député de prendre des deniers à même des subventions publiques, j'aimerais à savoir ce que c'est." Et encore : " Ainsi, je pense que si je puis procéder et prouver ces accusations, on aura un cas de conspiration des plus abominables, d'après la loi."

Que d'après les déclarations précédentes faites par le dit J. D. Edgar, et les commentaires et arguments à ce sujet faits par les dits David Mills, Sir R. Cartwright et le dit J. D. Edgar de leurs sièges en cette Chambre, il ressort que le dit J. D. Edgar avait l'intention, par les dites déclarations, d'accuser Sir A. P. Caron, un membre de cette chambre et de l'honorable Conseil Privé du Canada d'offenses graves et d'oubli de ses devoirs, bien que les dites déclarations du dit J. D. Edgar, en premier lieu citées, ne comportent pas d'accusation définie ou précise contre lui.

Que les déclarations du dit J. D. Edgar et les commentaires et arguments des dits autres membres de cette Chambre et ses propres commentaires à ce sujet dénotent l'intention de porter, par les dites déclarations, les accusations suivantes contre le dit Sir A. P. Caron, savoir :—

1. Que pendant chacune des années 1882 à 1891, inclusivement, la Compagnie du chemin de fer de Québec au lac Saint-Jean a reçu, par voie de boni, du gouvernement fédéral des subventions s'élevant dans l'ensemble à plus d'un million de piastres, qui avaient été votées par le parlement, sur la recommandation de ministres de la couronne.

2. Que pendant la totalité de la dite période de 1882 à 1891, l'honorable Sir A. P. Caron a été, comme il l'est encore, membre du gouvernement du Canada et l'un des conseillers privés de Sa Majesté pour le Canada, et aussi membre de la Chambre des Communes dans chaque parlement élu depuis 1882.

3. Que pendant la dite période, et pendant que le chemin de fer de Québec au lac Saint-Jean se construisait en partie au moyen des dites subventions, le dit Sir A. P. Caron a sciemment aidé et contribué à distraire les dites subventions des fins de leur octroi, en recevant, pour des fins électorales, de la dite compagnie de chemin de fer, ou d'une compagnie de construction formée pour construire le dit chemin de fer, ou du sieur H. J. Beemer, gérant ou entrepreneur du dit chemin, de fortes sommes d'argent à même les dites subventions, et à même les deniers prélevés sur leur crédit ; et qu'aussi, pendant la dite période, il a, de plus, sciemment ainsi aidé et contribué à obtenir des dites compagnies ou de l'une d'elles, le paiement, à même les dites subventions ou à même les deniers prélevés par les dites compagnies ou par l'une d'elles, sur leur crédit, de fortes sommes d'argent pour des fins électorales et pour aider à l'élection à la Chambre des Communes du dit Sir A. P. Caron et d'autres membres et partisans du gouvernement dont il formait partie.

4. Qu'après que quelques-uns des paiements en dernier lieu mentionnés ont été ainsi obtenus et versés, le dit Sir A. P. Caron, en considération des dits paiements, a frauduleusement aidé la compagnie à obtenir de nouvelles subventions du parlement fédéral.

5. Que depuis le 6 octobre 1885, la Compagnie du chemin de fer de Témiscouata a reçu diverses subventions du gouvernement du Canada, s'élevant dans l'ensemble à environ $649,200, et que Sir A. P. Caron a sciemment aidé et contribué à distraire les dites subventions des fins de leur octroi, en recevant de la dite compagnie de fortes sommes d'argent à même les dites subventions ou à même des deniers prélevés sur leur crédit, et aussi en obtenant de la dite compagnie, à même les dites subventions ou à même les deniers prélevés sur leur crédit, le paiement de très fortes sommes d'argent pour aider à son élection comme membre de la Chambre des Communes et à l'élection d'autres personnes comme membres de cette Chambre.

6. Qu'après que quelques-uns des paiements en dernier lieu mentionnés ont été ainsi obtenus et versés, le dit Sir A. P. Caron, en considération des dits paiements, a frauduleusement aidé la dite compagnie à obtenir de nouvelles subventions du parlement du Canada.

7. Que le dit Sir A. P. Caron a détourné de leur destination des deniers publics dans le but de corrompre l'électorat du Canada, savoir : une partie des deniers votés à titre de subventions, tel que ci-dessus mentionné.

8. Que la couronne ayant été avisée de consacrer de fortes sommes d'argent pour des fins publiques, savoir, les dites subventions, les dites sommes ou partie d'icelles ont été détournées de leurs fins et placées dans les mains de Sir A. P. Caron dans le but de corrompre l'électorat dans certaines parties du Canada.

9. Que le dit Sir A. P. Caron, lorsque les dites subventions ou quelques-unes d'icelles ont été votées ou recommandées, s'était entendu avec une ou plusieurs des compagnies de chemins de fer bénéficiant des dites sommes votées ou avec une ou plusieurs personnes ayant un intérêt dans les dites sommes, pour que les deniers ainsi votés par le parlement ou partie d'iceux lui fussent remis.

10. Que le dit Sir A. P. Caron, à raison de ce fait, a frauduleusement conspiré avec les dites compagnies ou avec une ou plusieurs d'icelles.

Que dans l'opinion de cette chambre, il est expédient qu'il soit institué une enquête sur la vérité ou la fausseté des allégations et accusations en dernier lieu mentionnées et numérotées respectivement de 1 à 10 (étant les allégations et accusations renfermées dans les déclarations originales du dit J. D. Edgar et celles faites au cours du débat sur le sujet) ; et qu'à cette fin, la chambre pense qu'il est opportun et convenable que la preuve relative aux dites allégations et accusations

soit faite devant un ou plusieurs commissaires à être nommés en vertu du chapitre 114 des Statuts Revisés du Canada et ayant tous les pouvoirs mentionnés dans le dit chapitre, et que cette preuve soit déposée devant cette chambre quand elle sera complétée."

Que les noms des dits commissaire ou commissaires soient soumis à l'approbation de la chambre avant sa ou leur nomination.

ET CONSIDÉRANT qu'il est à propos, en conformité de la dite résolution de la Chambre des Communes, qu'une enquête sous serment soit faite quant à la vérité ou fausseté des dites accusations ou allégations mentionnées ;

ET CONSIDÉRANT que les noms de vous le dit Adolphe Basile Routhier et Melbourne M. Tait, ayant été soumis, ont dûment été approuvés par la dite Chambre des Communes,—

SACHEZ DONC que par et en vertu de tous et chacun des pouvoirs et pouvoir qui nous sont conférés à cet égard, et par et avec l'avis de Notre Conseil privé pour le Canada, et ayant pleine confiance dans votre loyauté, intégrité et habileté, Nous vous avons nommés, constitués et choisis, et par les présentes Nous vous nommons, constituons et choisissons vous les dits Adolphe Basile Routhier et Melbourne M. Tait, Nos commissaires pour recevoir des témoignages quant à la vérité ou fausseté des dites accusations et allégations ainsi portées comme susdit contre le dit Sir Adolphe P. Caron, et ci-dessus plus particulièrement mentionnées et spécifiées.

Et par et en vertu des pouvoirs qui vous sont conférés par le statut en dernier lieu ci-dessus cité, Nous vous autorisons et vous donnons le pouvoir comme tels commissaires de faire comparaître par-devant vous tous témoins qui pourraient être en état de prouver ou de produire des documents démontrant la vérité ou la fausseté des accusations ou allégations susdites, et les obliger de rendre témoignage sous serment de bouche, ou par écrit, ou affirmation solennelle si elles sont des personnes qui ont droit d'affirmer en matières civiles, et de produire tous documents et choses que vous, Nos dits Commissaires, jugerez nécessaires à la complète investigation et preuve des matières dont vous êtes par les présentes chargés de vous enquérir et d'examiner.

Et par les présentes Nous vous conférons tous les pouvoirs et autorité que le statut Nous autorise de conférer.

Et Nous ordonnons et enjoignons qu'un dossier soit dressé de toute la preuve et de tous les documents produits devant vous au sujet des énoncés, accusations et allégations susdits, et dans le cas où il s'élèverait quelque différence d'opinion quant à l'admissibilité de toute preuve ou documents à vous soumis comme tels commissaires, alors cette preuve sera prise et ces documents seront reçus sujets à toute objection qui pourrait s'élever ou que vous constaterez, et seront entrés au dossier séparément.

Pour, par vous le dit Adolphe Basile Routhier et par vous le dit Melbourne M. Tait, avoir, tenir, exercer et jouir de la dite charge, emploi et fonction de confiance, ainsi que les droits, pouvoirs, privilèges et émolument attachés de droit à la dite charge, emploi et fonction de confiance, et que la loi confère, durant bon plaisir.

Et par les présentes Nous vous enjoignons et ordonnons de faire rapport à Notre Secrétaire d'Etat pour le Canada, de la preuve prise par vous en qualité de commissaires comme susdit.

EN FOI DE QUOI, Nous avons fait émettre nos présentes Lettres Patentes et à icelles fait apposer le Grand Sceau du Canada. TÉMOIN, Notre très fidèle et bien aimé le Très-honorable Sir FREDERICK ARTHUR STANLEY, Baron Stanley de Preston, dans le comté de Lancaster, dans la Pairie du Royaume-Uni, Chevalier Grand-croix de Notre Très-honorable Ordre du Bain ; Gouverneur général du Canada.

A Notre Hôtel du Gouvernement, en Notre CITÉ d'OTTAWA, ce SEIZIÈME jour de JUIN, dans l'année de Notre-Seigneur, mil huit cent quatre-vingt-douze, et de Notre Règne la cinquante-cinquième.

Par ordre,

Extrait de la "*Gaceta de Madrid*" du 19 juin 1892.

MESSIEURS,—Lorsque fut dressé le tarif des exportations qui doit entrer en vigueur le 1er de juillet prochain, la réduction accordée sur le tabac, soit fabriqué ou non, en vertu de la loi budgétaire du 1er juillet 1880, fut prise en considération, et, en conséquence, des tarifs furent préparés, lesquels, à leur tour, furent soumis à une autre réduction de 20 pour cent, et rendus exécutoires par décret royal du 4 mars 1887, en vertu de pouvoirs accordés par l'article 4 de la loi budgétaire du 5 août 1886.

Bien que cette dernière ordonnance n'ait pas été abrogée, et qu'en conséquence la réduction de 20 pour 100 susdite continue en vigueur, cependant, afin d'éviter tous doutes qui pourraient s'élever lorsque commenceront les opérations des douanes pour la prochaine année fiscale,—

Sa Majesté le Roi (que Dieu préserve) et en son nom la Reine régente, a bien voulu ordonner que le tarif des exportations qui doit entrer en vigueur à Cuba pour le tabac produit et fabriqué dans les provinces cubaines, soit publié de nouveau, et que ce document soit préparé dans la forme ci-dessous :—

Paquets de cigarettes (par 1,000).....	90
Tabac haché, ou " Picadura " (100 kilos)....	3.75
Tabac fabriqué, cigares (par 1,000).....	1.35
Tabac en feuille (100 kilos).....	6.30

Le tabac en feuille cultivé dans la province de Santiago de Cuba, et exporté par la voie des douanes de la capitale de cette province ou Gibara ou Manzanilla jouit d'une réduction de 30 pour cent, en conformité de la loi budgétaire de 1882-83, et encore, d'après la loi de 1883-84 une autre réduction de 30 pour cent, le droit se trouvant ainsi réduit à deux piastres et vingt et un centavos et demi par 100 kilogrammes.

Par décret royal,

MILORD,—Vu ma dépêche circulaire du 24 avril 1888, j'ai l'honneur de vous transmettre copie d'un acte passé durant la présente session du parlement, à l'effet de faire reconnaître dans le Royaume-Uni les vérifications de testament et les lettres d'administration accordées dans les possessions britanniques.

J'ai l'honneur d'être,
Milord,
Votre très humble serviteur,

KNUTSFORD.

A l'administrateur
du Gouvernement du Canada.

CHAPITRE 6.

Acte à l'effet de faire reconnaître dans le Royaume-Uni les vérifications de testament et les lettres d'administration accordées dans les possessions britanniques.

[20 mai 1892.

QU'IL soit statué par Sa Très-Excellente Majesté la Reine, par et avec l'avis et le consentement des Lords spirituels et temporels, et des Communes réunis en ce présent parlement, et par leur autorité, comme suit :—

1. Sa Majesté la Reine pourra, sur preuve satisfaisante que la législature d'une possession britannique a pris les mesures nécessaires pour faire reconnaître dans cette possession les vérifications de testament et les lettres d'administration accordées par les cours du Royaume-Uni, décréter par arrêté en conseil que le présent acte s'appliquera à la dite possession, sauf toutes exceptions et modifications spécifiées dans l'arrêté, et là-dessus, tant que l'arrêté sera en vigueur, le présent acte s'appliquera en conséquence.

2.—(1.) Chaque fois qu'une cour de vérification des testaments dans une possession britannique à laquelle le présent acte s'applique a accordé une vérification de testament ou des lettres d'administration au sujet des biens d'une personne décédée, la vérification de testament ou les lettres d'administration ainsi accordées pourront, en étant produites devant une cour de vérification de testaments dans le Royaume-Uni, et une copie déposée dans la dite cour, être revêtues du sceau de cette cour, et là-dessus auront la même force et le même effet, et auront la même vigueur dans le Royaume-Uni, que si elles étaient accordées par la dite cour.

(2.) Pourvu que la cour avant d'apposer son sceau sur une vérification de testament ou des lettres d'administration soit convaincue—

(*a.*) Que le droit de succession a été payé à l'égard de telle partie (s'il y en a) des biens assujétie à un droit de succession dans le Royaume-Uni ; et

(*b.*) Dans le cas de lettres d'administration, qu'une somme de deniers nécessaire pour couvrir la propriété (s'il en est) dans le Royaume-Uni à laquelle se rapportent les lettres d'administration ait été fournie comme garantie ;

et pourra exiger telle preuve, s'il y en a, qu'elle jugera nécessaire quant au domicile de la personne décédée.

(3.) La cour pourra aussi, si elle le juge à propos, sur la demande de tout créancier, exiger, avant d'apposer son sceau, qu'une garantie suffisante soit donnée pour le paiement des dettes dues par la succession aux créanciers résidant dans le Royaume-Uni.

(4.) Pour les fins du présent article, un double de toute vérification de testament ou des lettres d'administration revêtu du sceau de la cour qui l'accorde, aura le même effet que l'original.

(5.) Des règles de cour seront faites pour régler la procédure et la pratique, y compris les honoraires et les frais, dans les cours du Royaume-Uni, incidents à la demande de revêtir du sceau la vérification de testament ou les lettres d'administration accordées dans une possession britannique à laquelle s'applique le présent acte. Ces règlements, en tant qu'il s'agit du droit de succession, seront faits avec le consentement de la Trésorerie, et sauf toutes exceptions et modifications faites par ces règlements, les lois alors en vigueur concernant le droit de succession (y compris leurs dispositions pénales) s'appliqueront comme si la personne qui demande l'apposition du sceau en vertu du présent article était une personne demandant une vérification de testament ou des lettres d'administration.

3. Le présent acte pourra autoriser l'apposition du sceau dans le Royaume-Uni sur toute vérification de testament ou lettres d'administration accordées par une cour britannique dans un pays étranger, au même degré qu'elle autorise l'apposition du sceau sur une vérification de testament ou des lettres d'administration accordées dans une possession britannique à laquelle s'applique le présent acte, et le présent acte s'appliquera en conséquence, sauf les modifications nécessaires.

4.—(1.) Tout arrêté en conseil passé en vertu du présent acte sera soumis aux deux chambres du parlement aussitôt que possible après avoir été passé, et sera publié sous l'autorité du Bureau de la papeterie de Sa Majesté.

(2.) Sa Majesté en conseil pourra révoquer ou changer tout arrêté en conseil antérieurement fait en vertu du présent acte.

(3.) Lorsqu'il appert à Sa Majesté en conseil que la législature d'une possession britannique a le pouvoir de légiférer à l'effet de mettre le présent acte en vigueur dans cette partie, Sa Majesté pourra décréter par arrêté en conseil que le présent acte s'appliquera à cette partie comme si elle était une possession britannique distincte, et là-dessus, tant que l'arrêté est en vigueur le présent acte s'appliquera en conséquence.

5. Lorsque le présent acte est appliqué à une possession britannique par un arrêté en conseil, il s'appliquera, sauf les dispositions de l'arrêté, aux vérifications de testaments et lettres d'administration accordées soit avant soit après l'adoption du présent acte.

6. Dans le présent acte—

L'expression "cour de vérification des testaments" signifiera toute cour ou autorité, sous quelque nom qu'elle soit désignée, ayant juridiction dans les matières de vérifications de testaments ; et en Ecosse elle signifiera la cour du shérif du comté d'Edimbourg :

Les expressions "vérification de testament" et "lettres d'administation" comprennent confirmation en Ecosse, et tout instrument ayant dans une possession britannique le même effet que la loi anglaise donne aux vérifications de testament et aux lettres d'administration respectivement :

L'expression "droit de succession" comprend tout droit payable sur la valeur des biens et effets pour lesquels une vérification de testament ou des lettres d'administration est ou sont accordées :

L'expression "cour britannique dans un pays étranger" signifie toute cour britannique ayant juridiction en dehors des possessions de la Reine en vertu d'un arrêté en conseil, qu'il soit passé sous l'empire d'un acte quelconque ou autrement.

7. Le présent acte pourra être cité sous le titre de "Acte des cours coloniales de vérification des testaments, 1892." 4–3

DOWNING STREET,
30 mai 1892.

MILORD,—J'ai l'honneur de vous transmettre, afin qu'elle soit publiée dans la colonie que vous administrez, copie d'un arrêté de Sa Majesté la Reine en conseil, daté du 9 mai 1892, mettant en vigueur le traité conclu entre Sa Majesté et Son Altesse Sérénissime le Prince de Monaco, touchant l'extradition mutuelle des criminels fugitifs, signée à Paris le 17 de décembre 1891, et dont les ratifications ont été échangées à Paris le 17 de mars 1892.

J'ai l'honneur d'être,
Milord,
Votre très-obéissant serviteur,
KNUTSFORD.

A l'administrateur
du gouvernement du Canada.

TRAITÉ D'EXTRADITION ENTRE LA GRANDE-BRETAGNE ET MONACO.

AU CHATEAU DE WINDSOR,

Le 9e jour de mai 1892.

PRÉSENTS :

Sa Très-Excellente Majesté la REINE.
Le Lord Président.
Le Lord Intendant.
Le comte de Yarborough.
Sir Walter Barttelot, Bart.
M. Forwood.

CONSIDÉRANT que par les *Actes d'Extradition*, 1870 et 1873, il est statué, entre autres choses, que chaque fois qu'un arrangement aura été conclu avec un Etat étranger au sujet de la reddition à cet Etat

des criminels fugitifs, Sa Majesté pourra ordonner par arrêté en conseil que les dits actes s'appliqueront à l'égard de l'Etat étranger en question ; et que Sa Majesté pourra, par le même ou par un arrêté subséquent, restreindre l'opération du dit arrêté et limiter son application aux criminels fugitifs qui se trouvent ou sont supposés se trouver dans la partie des possessions de Sa Majesté spécifiées dans l'arrêté, et en rendre l'exécution sujette aux conditions, exceptions et restrictions qui pourront être jugées convenables ; et que si, par quelque loi adoptée après la sanction de l'Acte de 1870 par la législature de toute possession britannique, il est pourvu à l'extradition des criminels fugitifs qui se trouvent ou sont soupçonnés se trouver dans cette possession britannique, Sa Majesté pourra, par un arrêté en conseil, appliquer les dits actes à l'égard de tout Etat étranger, ou par tout arrêté subséquent suspendre la mise en opération, dans toute telle possession britannique, des dits actes ou de toute partie de ces actes, et tant qu'ils se rapportent à cette puissance étrangère, et aussi longtemps que ces lois continueront d'y être en vigueur, mais pas plus longtemps ;

Et considérant que dans un acte du parlement du Canada, passé en 1886, intitulé "Acte concernant l'extradition de criminels fugitifs," il est pourvu à la reddition des criminels fugitifs qui se trouvent ou pourront se trouver au Canada ;

Et considérant que par un arrêté de Sa Majesté en conseil, en date du dix-septième jour de novembre mil huit cent quatre-vingt-huit, il est décrété que l'opération des Actes d'extradition de 1870 et 1873 sera suspendue au Canada tant que les dispositions du dit acte du parlement du Canada de 1886 continueront en vigueur et pas plus longtemps ;

Et considérant qu'un traité a été conclu le dix-septième jour de décembre mil huit cent quatre-vingt-onze, entre Sa Majesté et Son Altesse Sérénissime le Prince de Monaco, pour l'extradition mutuelle des criminels fugitifs, lequel est rédigé comme suit :—

"Sa Majesté la Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, Impératrice des Indes, et Son Altesse Sénénissime le Prince de Monaco, ayant jugé convenable, en vue d'une meilleure administration de la justice, et pour prévenir les crimes dans leurs territoires respectifs, que les individus accusés ou convaincus des crimes ci-après énumérés, et qui se seraient soustraits par la fuite aux poursuites de la justice fussent, dans certaines circonstances, réciproquement extradés : les dites hautes parties contractantes ont nommé pour leurs plénipotentiaires, à l'effet de conclure un traité dans ce but, savoir :

"Sa Majesté la Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, Impératrice des Indes, M. Edwin Henry Egerton, Compagnon du Très Honorable Ordre du Bain, Ministre Plénipotentiaire de Sa Majesté à Paris ;

"Et Son Altesse Sérénissime le Prince de Monaco, Louis Fernand de Bonnefoy, Baron du Charmel, Envoyé Extraordinaire et Ministre Plénipotentiaire de Monaco en France ;

"31. Traite des Esclaves telle qu'elle est punie par les lois des deux pays.

"L'extradition aura également lieu pour complicité d'un des crimes ci-dessus mentionnés, pourvu que la complicité soit punissable par les lois des deux parties contractantes.

"Il dépendra de l'Etat requis d'accorder également l'extradition pour tout autre crime à raison duquel l'extradition peut avoir lieu d'après les lois en vigueur des deux parties contractantes.

"ARTICLE III.

"Chacun des deux gouvernements aura liberté pleine et entière de refuser à l'autre l'extradition de ses propres sujets.

"ARTICLE IV.

"L'extradition ne sera pas accordée si l'individu réclamé par le Gouvernement du Royaume-Uni ou par celui de la Principauté de Monaco a déjà été jugé, acquitté ou puni, ou se trouve encore sous jugement, dans les territoires des deux hautes parties contractantes respectivement, pour le crime à raison duquel l'extradition est demandée.

"Si la personne réclamée par le gouvernement du Royaume-Uni ou par celui de la Principauté de Monaco est en état de prévention ou si, ayant été condamnée, elle subit la peine qui lui a été infligée dans les territoires des deux hautes parties contractantes respectivement, pour un autre crime, son extradition sera différée jusqu'à sa remise en liberté, soit qu'elle ait été acquittée, soit qu'elle ait purgé sa peine ou pour toute autre raison.

"ARTICLE V.

"L'extradition n'aura pas lieu si depuis la perpétration du crime, les poursuites ou la condamnation, la prescription des poursuites ou de la peine est acquise d'après les lois du pays auquel la demande est adressée.

"ARTICLE VI.

"Le criminel fugitif ne sera pas extradé si le délit pour lequel l'extradition est demandée est considéré comme un délit politique, ou si l'individu prouve que la demande d'extradition a été faite en réalité dans le but de le poursuivre ou de le punir pour un délit d'un caractère politique.

"ARTICLE VII.

"L'individu qui aura été livré ne pourra, en aucun cas, dans le pays auquel l'extradition a été accordée, être maintenu en état d'arrestation ou poursuivi pour aucun crime ou faits autres que ceux qui avaient motivé l'extradition, à moins qu'il n'ait été réintégré, ou n'ait eu l'occasion de retourner de lui-même dans l'Etat qui l'avait extradé.

"Cette stipulation n'est pas applicable aux crimes commis après l'extradition.

"ARTICLE VIII.

"L'extradition sera demandée de la manière suivante :—

"La demande de la part du gouvernement de Sa Majesté Britannique pour l'extradition d'un criminel réfugié dans la Principauté de Monaco, sera faite par le Consul de Sa Majesté accrédité près de Son Altesse Sérénissime.

"La demande de la part de la Principauté de Monaco pour l'extradition d'un criminel fugitif dans le Royaume-Uni sera faite par le Consul-Général de Monaco à Londres.

"La demande d'extradition d'un prévenu devra être accompagnée d'un mandat d'arrêt décerné par l'autorité compétente de l'Etat requérant, et des preuves qui, d'après les lois de l'endroit où le prévenu a été trouvé, justifieraient son arrestation si l'acte punissable y avait été commis.

"Si la demande d'extradition concerne une personne déjà condamnée, elle doit être accompagnée de l'arrêt de condamnation qui a été rendu contre le coupable par le tribunal compétent de l'Etat requérant.

"Un arrêt rendu par contumace ne sera pas considéré comme une condamnation, mais une personne ainsi condamnée pourra être traitée comme une personne poursuivie.

"ARTICLE IX.

"Si la demande d'extradition s'accorde avec les stipulations précédentes, les autorités compétentes de l'Etat requis procéderont à l'arrestation du fugitif.

"ARTICLE X.

"Si le fugitif est arrêté sur le territoire britannique, il sera aussitôt amené devant un magistrat compétent, qui devra l'entendre et procéder à l'examen préliminaire de l'affaire de la même manière que si l'arrestation avait eu lieu pour un crime commis sur le territoire britannique.

Les autorités de la Grande-Bretagne, quand elles procéderont à l'examen établi par les stipulations précédentes, devront admettre comme preuves entièrement valables les dépositions assermentées ou les affirmations faites à Monaco, ou les copies de ces pièces, de même que les mandats d'arrêt et les sentences rendues dans ce pays, ainsi que les certificats de condamnation ou les pièces judiciaires constatant le fait d'une condamnation, pourvu que ces documents soient rendus authentiques de la manière suivante :—

"1. Un mandat doit être signé par un juge, magistrat, ou officier de la Principauté de Monaco.

"2. Les dépositions ou affirmations ou les copies de ces pièces doivent porter la signature d'un juge, magistrat, ou officier de la Principauté de Monaco, constatant que ces dépositions ou ces affirmations se trouvent être en expédition originale ou en copie vidimée, selon le cas.

"3. Un certificat de condamnation ou un document judiciaire constatant le fait d'une condamnation doit être certifié par un juge, magistrat, ou officier de la Principauté de Monaco.

"4. Ces mandats, dépositions, affirmations, copies, certificats ou documents judiciaires doivent être rendus authentiques dans chaque cas, soit par le serment d'un témoin, soit par l'apposition du sceau officiel et la légalisation du Gouverneur général de la Principauté de Monaco ; cependant, les pièces sus-énoncées pourront être rendues authentiques de toute autre manière qui serait reconnue par les lois locales en vigueur dans la partie du territoire britannique où l'examen de l'affaire aura lieu.

"ARTICLE XI.

"L'extradition d'un fugitif arrêté dans la Principauté de Monaco sera accordée, s'il résulte de l'examen qui en sera fait par une autorité compétente que les documents fournis par le gouvernement britannique contiennent des preuves primâ facie suffisantes pour justifier l'extradition.

"Les autorités de la Principauté devront admettre comme preuves entièrement valables les procès-verbaux des dépositions de témoins dressés par les autorités britanniques, ou les copies de ces procès-verbaux ; ainsi que les procès-verbaux des condamnations ou autres documents judiciaires, ou les copies de ces actes ; pourvu que ces documents soient signés et rendus authentiques par une autorité dont la compétence sera tannique certifiée par le sceau d'un Ministre d'Etat de Sa Majesté Britannique.

"ARTICLE XII.

"L'extradition n'aura lieu que dans le cas où les preuves fournies auront été trouvées suffisantes d'après les lois de l'Etat requis, soit pour justifier la mise sous jugement du prisonnier, dans le cas où le crime aurait été commis sur le territoire du dit Etat, soit pour constater l'identité du prisonnier avec l'individu condamné par les tribunaux de l'Etat requérant, et prouver que le crime dont il a été reconnu coupable aurait pu causer son extradition par l'Etat requis à l'époque de sa condamnation. L'extradition du fugitif n'aura lieu, dans les territoires de Sa Majesté Britannique, qu'à l'expiration d'un terme de quinze jours à dater de son emprisonnement en vue de l'extradition.

"ARTICLE XIII.

"Si l'individu réclamé par l'une des deux hautes parties contractantes, en exécution du présent traité, est aussi réclamé par une ou plusieurs autres puissances, du chef d'autres crimes ou délits commis sur leurs territoires respectifs, son extradition sera accordée à l'Etat dont la demande est la plus ancienne en date.

"ARTICLE XIV.

"Le fugitif sera mis en liberté si les preuves suffisantes à l'appui de la demande en extradition ne sont pas produites dans l'espace de deux mois, à partir du jour de l'arrestation ou de tel autre terme plus éloigné qui aura été indiqué par l'Etat requis ou le tribunal compétent de cet Etat.

"ARTICLE XV.

"Les objets saisis en la possession de l'individu réclamé au moment de son arrestation seront, si l'autorité compétente de l'Etat requis en a ordonné la remise, livrés lorsque l'extradition aura lieu ; cette remise ne comprendra pas seulement les objets volés, mais encore tout ce qui peut servir de pièce de conviction.

"ARTICLE XVI.

"Toutes les dépenses occasionnées par une demande d'extradition seront à la charge de l'Etat requérant.

"ARTICLE XVII.

"Celle des hautes parties contractantes qui voudrait recourir, pour l'extradition, au transit sur le territoire d'une tierce Puissance, aurait à en régler les conditions avec cette dernière.

"ARTICLE XVIII.

"Lorsque dans la poursuite d'une affaire pénale non politique, une des hautes parties contractantes jugera

nécessaire l'audition de témoins résidant dans les Etats de l'autre, ou tout autre acte d'instruction, une commission rogatoire sera envoyée à cet effet par la voie indiquée à l'article VIII, et il y sera donné suite, en observant les lois du pays sur le territoire duquel l'acte d'instruction devra avoir lieu.

"ARTICLE XIX.

"Tous les actes et documents qui seront communiqués réciproquement en exécution du présent traité, seront accompagnés d'une traduction française ou anglaise, certifiée exacte par le Consul qui transmet les documents conformément à l'article VIII, lorsqu'ils ne seront point rédigés dans la langue du pays requis.

"Les frais occasionnés par ces traductions seront à la charge de l'Etat requérant.

"ARTICLE XX.

"Les stipulations du présent traité seront applicables aux colonies et possessions étrangères de Sa Majesté Britannique, pour autant que faire se pourra d'après les lois en vigueur dans ces colonies et possessions étrangères respectivement.

"La demande d'extradition d'un criminel qui s'est réfugié dans une de ces colonies ou possessions étrangères pourra être faite au Gouverneur ou à l'autorité supérieure de cette colonie ou possession, par toute personne autorisée à fonctionner dans cette colonie ou possession comme autorité consulaire de la Principauté de Monaco.

"Le Gouverneur ou l'autorité supérieure mentionné ci-dessus décidera à l'égard de telles demandes, en se conformant, autant que faire se pourra, d'après les lois de ces colonies ou possessions étrangères, aux stipulations du présent traité. Il sera toutefois libre d'accorder l'extradition ou de soumettre le cas à son gouvernement.

"Il est réservé toutefois à Sa Majesté Britannique de faire, en se conformant autant que faire se pourra d'après les lois de ces colonies ou possessions étrangères, aux stipulations du présent traité, des arrangements spéciaux dans les colonies ou possessions étrangères pour l'extradition de criminels de Monaco qui auraient trouvé un refuge dans ces colonies ou possessions étrangères.

"Les demandes concernant l'extradition de criminels qui se sont échappés d'une des colonies ou possessions étrangères de Sa Majesté Britannique seront traités suivant les dispositions des articles précédents du présent traité.

"ARTICLE XXI.

"Le présent traité sera exécutoire à dater du dixième jour après sa promulgation, dans les formes prescrites par les lois des deux pays. Chacune des hautes parties contractantes pourra en tout temps mettre fin au traité en donnant à l'autre six mois à l'avance avis de son intention.

"Il sera ratifié, et les ratifications en seront échangées à Paris aussitôt que faire se pourra.

"En foi de quoi les plénipotentiaires respectifs ont signé le présent traité et y ont apposé le cachet de leurs armes.

"Fait à Paris, le 17 décembre 1891.

"(L.S.) EDWIN H. EGERTON.
"(L.S.) LE BARON DU CHARMEL."

Et attendu que les ratifications du dit traité ont été échangées à Paris le dix-septième jour de mars mil huit cent quatre-vingt-douze.

C'est pourquoi Sa Majesté, par et de l'avis de son Conseil privé, et en vertu de l'autorité que lui confèrent les dits actes cités, ordonne et il est par le présent ordonné, que le et après le vingt-troisième jour de mai mil huit cent quatre-vingt-douze, les dits actes s'appliqueront dans le cas de Monaco, et du dit traité avec Son Altesse Sérénissime le Prince de Monaco.

Pourvu, toujours, et il est par le présent ordonné que l'opération des dits actes d'extradition 1870 et 1873 sera suspendue dans la Puissance du Canada, en tant qu'il s'agit de Monaco et de la dite convention, tant que les dispositions de l'acte canadien de 1886 resteront en vigueur, et pas plus longtemps.

DEMANDES AU PARLEMENT.

Règles relatives aux avis de bills privés.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture, et avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle adopté par la Chambre, le 23 juin 1887, dont copie peut être obtenue du greffier de la Chambre ;

VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, QUEEN, Defender of the Faith, &c., &c., &c.

To the Honourable Adolphe Basile Routhier, of the City of Quebec, one of the Judges of the Superior Court in and for the Province of Quebec, and the Honourable Melbourne M. Tait, of the City of Montreal, one of the Judges of the Superior Court in and for the Province of Quebec,—GREETING :

ROBT. SEDGEWICK, Deputy of the Minister of Justice, Canada. } WHEREAS it is, in and by the Revised Statutes of Canada, chapter 114, intituled "An Act respecting Enquiries concerning public matters," among other things in effect enacted, that whenever the Governor in Council deems it expedient to cause enquiry to be made into and concerning any matter connected with the good government of Canada, or the conduct of any part of the public business thereof, and such enquiry is not regulated by any special Law, the Governor in Council may by the Commission in the case confer upon the Commissioners or persons by whom such enquiry is to be conducted, the power of summoning before them any witnesses, and of requiring them to give evidence on oath, orally or in writing, or on solemn affirmation, if they are persons entitled to affirm in civil matters, and to produce such documents and things as such Commissioners deem requisite to the full investigation of the matters into which they are appointed to examine ;

AND WHEREAS during the Session of Parliament which took place during the present year (1892) Mr. James D. Edgar, a member of the House of Commons, made in his place in the House of Commons, on the sixth day of April last, certain statements against the Honourable Sir Adolphe P. Caron, K.C.M.G., another member of the House, and a member of the Queen's Privy Council for Canada, which are set forth in the Votes and Proceedings and in the Journals of the said House ;

AND WHEREAS on a subsequent day the said James D. Edgar moved that the said statements be referred to the Select Standing Committee of the House of Commons on Privileges and Elections, and a debate arising thereon, as to the propriety and expediency of so referring the said statements, and on the meaning of the charges and imputations which were contained and implied in the same, the following resolution was come to by the House :—

James D. Edgar, the member representing the Electoral District of the West Riding of the County of Ontario in this House, having stated from his place in this House, that he is credibly informed and believes that he can establish by satisfactory evidence—

1. That during each of the years 1882 to 1891 inclusive, the Quebec and Lake St. John Railway Company received by way of bonus from the Dominion of Canada, subsidies amounting, in the aggregate, to upwards of one million dollars, which subsidies were voted by Parliament on the recommendation of the Ministers of the Crown.

2. Arrangements were entered into by the said Railway Company whereby the expenditure of said subsidies was made by a Construction Company through, or in conjunction with, one H. J. Beemer, a contractor—and the said Beemer, and those who assisted him in financing for the said railway works, received the benefit of the said subsidies.

3. During the whole of the said period from 1882 to 1891, the Honourable Sir Adolphe P. Caron was, and still is, a member of the House of Commons of Canada, a member of the Canadian Goverment, and one of Her Majesty's Privy Councillors for Canada.

4. That the said Sir A. P. Caron was, during the whole, or the greater part of the said period, one of the members of the said Construction Company, and thus had means of knowledge of, and did know of the dealings with the said subsidies and their destination after they were paid over by the Government to the said Railway Company.

5. That during the said period, and while the said railway was being constructed in part by means of said subsidies, the said Sir A. P. Caron corruptly received large sums of money out of the said subsidies, and from moneys raised upon the credit of the same, and from parties beneficially interested in the same.

6. That during the said period out of said subsidies, and out of moneys raised upon the credit of the same, and from parties beneficially interested in the same, large sums of money were from time to time corruptly paid and contributed, at the request and with the knowledge of said Sir A. P. Caron, for election purposes, and to aid in the election to the House of Commons of the said Sir A. P. Caron, and other members and supporters of the Government of which he was a member, and that after some of such last-mentioned corrupt payments and contributions were made, further and other subsidies were granted and paid to the said Railway Company by the Government of which Sir A. P. Caron was a member.

7. That the Temiscouata Railway Company was given incorporation by Letters Patent issued by the Canadian Government on 6th October, 1885, and since that date the said Railway Company has received from the Dominion of Canada subsidies to the extent of $649,200—which subsidies were voted by Parliament on the recommendation of Ministers of the Crown.

8. That since the 6th October, 1885, and while the said Temiscouata Railway was being constructed in part by means of the said subsidies, the said Sir A. P. Caron corruptly received large sums of money from the persons who from time to time controlled the said Temiscouata Railway Company and the said subsidies, or who were beneficially interested in the said subsidies.

9. That also since the said 6th October, 1885, the persons who from time to time controlled the said Temiscouata Railway Company and the said subsidies, or who were beneficially interested in the said subsidies paid and contributed large sums at the request, and with the knowledge of the said Sir A. P. Caron, for election purposes to aid in the election to the House of Commons of the said Sir A. P. Caron, and other members and supporters of the Government of which he was a member, and that after some of such last-mentioned corrupt payments and contributions were made, further and other subsidies were granted and paid to the said Railway Company by the Government of which the said Sir A. P. Caron was a member.

That in the course of the Debate arising on the resolution based on such statements of the said Mr. Edgar, it was stated by the Honourable Mr. Mills, the member representing the Electoral District of Bothwell, as follows :—

"So when the leader of the Government and his colleague undertake to seriously argue that this House is denuded of all its power to enquire into the misappropriation of public money for the purpose of corrupting the electors of this country, because the trial of election petitions has been referred to the courts, I take issue with those hon. gentlemen on that ground. The trial of election petitions is one thing. The use of public money for deliberate corruption of the electors by a member of the Administration is a proper matter for enquiry by this House, and is not in the smallest degree restricted in any way by reason of the trial of election petitions having been referred to the courts."

That it was further stated by the said Mr. Mills : "These charges point to a member of this House in his official capacity as a member of the Adminis-

tration, rather than to his conduct as a member of this House. What, in effect, are the charges here made? They point to the fact that the Crown was advised to appropriate large sums of money for particular purposes, and that these moneys were diverted from these public purposes and placed in the hands of a Minister of the Crown for the purpose of corrupting the electorate in certain portions of the Dominion of Canada."

That it was further stated by the said Mr. Mills: "There is a statement made here that this hon. gentleman, the Postmaster General, is the Minister of the Crown who advised these subsidies being appropriated to aid these companies. There is a charge that he obtained a portion of the subsidy so voted, or its equivalent, from these companies, and used it for his own purpose in his own election, and in the elections in twenty-three constituencies in this Dominion. That charge is specific and clear enough. It is also stated that after some of these moneys were received by him this same gentleman advised the Crown to grant other subsidies to other parties, and that from these other subsidies, moneys were also obtained."

That it was further stated by the said Mr. Mills as follows:—

"If he advised the Crown to make these appropriations, and had an understanding with one of the railway companies participating in them that these moneys, or a portion of them, should go to him, we ought to know it; we are entitled to know it."

That it was stated in the said Debate by Sir Richard Cartwright, the member representing the Electoral District of the South Riding of Oxford, referring to the said charges of the said Mr. Edgar, as follows:—

"What in the name of wonder is it that my hon. friend beside me has charged the Postmaster General with? He has charged him in no vague language, but in terms, with being guilty of the most corrupt conspiracy, for the purpose of destroying the electoral liberties of the people of Canada, of which any adviser of the Crown can be found guilty."

It was stated in the said Debate by Mr. Edgar aforesaid, as follows:—

"Those railways which are involved in this charge were aided by the Dominion and Provincial Governments, and what I complain of is the appropriation of Dominion subsidies to the Postmaster General." And again:

"The Minister of Marine drew a nice point when he said that I did not, as I should have done, charge his colleague with public robbery. Well, I did not put it in those words but in words which I certainly intended to mean robbing the public. If it is not public robbery for a member to take moneys out of public subsidies, I would like to know what is." And again:

"So I think if I get a chance to go on and prove these charges there will be what is, under the law, a most abominable conspiracy."

That, from the aforesaid statements made by the said J. D. Edgar, and from comments and arguments thereon by the said David Mills and Sir Richard Cartwright and the said James D. Edgar from their places in this House, it appears that it was the intention of the said J. D. Edgar by said statement to charge Sir A. P. Caron, a member of this House, and of the Honourable the Privy Council of Canada, with grave offences and derelictions of duty, notwithstanding that the said statement of the said J. D. Edgar, first above cited, did not make any definite or precise charge against him.

That the following charges and allegations are indicated by the said statement made by the said J. D. Edgar, and by the comments and arguments of the aforesaid other members of this House, and by his own comments thereon as intended to be made in the said statement, against the said Sir A. P. Caron, namely:

1. That during each of the years 1882 to 1891 inclusive, the Quebec and Lake St. John Railway Company received by way of bonus from the Dominion of Canada, subsidies amounting in the aggregate to upwards of a million of dollars, which subsidies were voted by Parliament on the recommendation of Ministers of the Crown.

2. That, during the whole of the said period from 1882 to 1891, the Honourable Sir A. P. Caron was, and still is, a member of the Canadian Government, and one of Her Majesty's Privy Councillors for Canada, and also a member of the House of Commons in each Parliament which has been elected since the year 1882.

3. That, during the said period, and while the Quebec and Lake St. John Railway was being constructed in part by means of said subsidies, the said Sir A. P. Caron knowingly aided and participated in diverting the said subsidies from the purpose for which they were granted, by receiving, for election purposes, from the said railway company, or from a construction company formed for the construction of the said railway, or from one H. J. Beemer, as manager thereof, or contractor of the said railway, large sums of money out of the said subsidies, and out of moneys raised upon the credit of the same; and also, during the said period, did further knowingly so aid and participate by obtaining from the said companies, or one of them, the payment out of said subsidies, and out of moneys raised by the said companies, or one of them, on the credit of the same, of large sums of money for election purposes, and to aid in the election to the House of Commons of the said Sir A. P. Caron, and other members and supporters of the Government of which he was a member.

4. That, after some of the last-mentioned payments were so obtained and made, the said Sir A. P. Caron, in consideration thereof, corruptly aided and assisted the said Company to obtain further and other subsidies from the Dominion Parliament.

5. That, since the 6th of October, 1885, the said Témiscouata Railway Company received various subsidies from the Dominion of Canada, amounting, in all, to about $649,200, and that the said Sir A. P. Caron knowingly aided and participated in diverting the said subsidies from the purposes for which they were granted, by receiving from the said Company large sums of money out of the said subsidies, or out of moneys raised on the credit of the same, and also by obtaining the payment by the said Company, out of the said subsidies, or out of moneys raised on the credit of the same, of very large sums of money to aid in his election as a member of the House of Commons, and in the election of other persons as members of the House.

6. That after some of the last-mentioned payments were so obtained and made, the said Sir A. P. Caron, in consideration thereof, corruptly aided and assisted the said Company to obtain further and other subsidies from the Dominion Parliament.

7. That the said Sir A. P. Caron misappropriated public money for the purpose of corrupting the electors of Canada, to wit, a portion of the moneys voted as subsidies as hereinbefore stated.

8. That the Crown having been advised to appropriate large sums of money for public purposes, to wit, the said subsidies, such moneys, or a portion of them, were diverted from the purposes for which they were so appropriated, and placed in the hands of Sir A. P. Caron for the purpose of corrupting the electorate in certain portions of Canada.

9. That the said Sir A. P. Caron had an understanding, when the said subsidies or some of them were voted or recommended, with one or more of the railway companies participating in said appropriations, or with a person or persons interested in said appropriations, that the moneys so appropriated by Parliament, or portions of them, should go to him.

10. That the said Sir A. P. Caron, by virtue of the fact so alleged, entered into a corrupt conspiracy with the said companies, or one or more of them.

That, in the opinion of this House, it is expedient that enquiry should be made as to the truth or falsity of the allegations and charges last mentioned, and numbered respectively 1, 2, 3, 4, 5, 6, 7, 8, 9 and 10 (being the allegations and charges included in the original statement of the said James D. Edgar, and those made in the course of the debate thereon), and that for that purpose the House deems it proper and convenient that the evidence relating to such allegations and charges should be taken by one or more commissioners to be appointed under Chapter 114 of the Revised Statutes of Canada and having all the powers

mentioned in said chapter, and that such evidence should be laid before this House when completed.

That the names of the said Commissioner or Commissioners be submitted for the approval of this House before his or their appointment.

AND WHEREAS it is expedient, pursuant to the said resolution of the House of Commons, that enquiry under oath should be made as to the truth or falsity of the said charges or allegations mentioned;

AND WHEREAS the names of you the said Adolphe Basile Routhier, and Melbourne M. Tait, having been submitted to, were duly approved by, the said House of Commons,—

JOHN J. McGEE,
Clerk, Privy Council.

RULES AND REGULATIONS respecting the inspection of boats, life-preservers and other life-saving appliances, to be carried on steamboats or other vessels, under the authority of the Steamboat Inspection Act and amendments thereto.

Boats.

Sec. 1. The following provisions shall be observed with respect to boats to be carried on steamboats:—

(*a.*) No steamboat with passengers on board shall proceed to sea from any port or place in Canada, or depart from any port or place, or ply on any of the Lakes St. John, Memphremagog, Ontario, Erie, Huron or Georgian Bay, Simcoe, or Superior, or on the River St. Lawrence, or on the Rivers Ottawa or St. John, or any lake or river in Manitoba, British Columbia, or the North-west Territories, or the District of Keewatin, which is, at any point on the route of such steamboat, more than one mile broad.

(*b.*) Unless there are on board thereof, or attached to such steamboat, good, suitable, sufficient and pro-

perly equipped boats in good condition, each having not less than seventeen feet length of keel, and at least six oars and other necessary tackle, and sufficient capacity to carry not less than twelve adult persons, exclusive of the crew of such boat.

Which boats shall be in the following proportion to the registered tonnage of such steamboat, that is to say :—

At least one boat for every steamboat of less than fifty tons ;

At least two boats for every steamboat of fifty tons and upwards, but less than (300) three hundred tons ;

At least three boats for every steamboat of three hundred tons and upwards ; and

(*c.*) If such steamboat is of the registered tonnage of one hundred tons or upwards to (300) three hundred tons, unless, in addition to the boats hereinbefore required, there is on board thereof or attached thereto,—

One good and sufficient life-boat capable of sustaining inside thirty persons, which life-boat may be considered of sufficient capacity if made of the following dimensions : Length of keel, twenty-two feet ; breadth of beam outside, five feet six inches ; depth from top of keel to top of gunwale at bottom of rowlock, two feet nine inches ; or

Two good and sufficient life-boats, each capable of sustaining inside twenty persons, which life-boats may be considered of sufficient capacity if made of the following dimensions : Length of keel, eighteen feet ; breadth outside, five feet two inches ; depth from top of keel to top of gunwale, two feet two inches.

(*d.*) If such steamboat is of the registered tonnage of (300) three hundred tons or upwards to six hundred tons or upwards (when the life-boats may be increased to the satisfaction of the Inspector), unless in addition to the boats hereinbefore required there is on board or attached thereto ;—

Two good and sufficient life-boats, capable of each sustaining inside thirty persons, or four good and sufficient life-boats capable of each sustaining inside twenty persons, each to be at least of the dimensions described in (*c*).

Sec. 2. Every life-boat shall be made of suitable metal, in thickness not less than No. 18 wire gauge, or of wood, and built whale-boat fashion, with a shear of about $\frac{3}{4}$ inch to 1 foot length from midships, rising equally to the stem and stern, with sufficient air-tight compartments in the ends and sides made of suitable metal or of wood, and so constructed as to be air-tight and serviceable, the air-tight compartments to have a capacity in cubic feet of one-tenth the capacity of the life-boat, which is found by multiplying the length and breadth outside and the depth inside from bottom of rowlocks or top of gunwale in feet, and by 6, the result equals the cubic feet required in the inside and outside compartments, about one-half of which should be on the outside ; and dividing by 10, gives the number of persons the life-boat shall be deemed fit to carry. Solid cork may be used instead of air-tight compartments on the outside, 1·25 cubic feet of cork being considered equal to 1 cubic foot of air case.

(*a.*) Zinc shall not be used in the construction of a life-boat or of her air-tight compartments, which must be of a metal approved by the Board of Steamboat Inspection, or by the Chairman.

(*b.*) The air-tight compartments must be so distributed as to give the boat good buoyancy and stability ; whether a part of the air-tight buoyancy apparatus should be under the thwarts, or whether it should be in the ends and along the sides, will be, so long as an efficient life-boat is obtained, left to the option of the maker or owner, but the Inspector must be satisfied that the life-boat is efficient.

(*c.*) Spaces filled with or containing any material are not to be deemed air spaces.

(*d.*) A square stern boat is not to be passed as a life-boat.

(*e.*) Suitable life lines with sustaining buoys shall be securely attached to the sides or gunwales of the life-boats.

Sec. 3. The life-boats must be provided with the full complement of oars, one for each rowlock, and two spare oars, all securely lashed inside ready for use.

(*a.*) With two plugs for each plug hole, attached with lanyards or chains, and one and one half sets of thole pins or crutches attached to the boat by lanyards and ready to slip in place.

(*b.*) With a sea anchor, a rudder and tiller, or yoke and yoke lines, a painter of sufficient length to reach from the davits to the boat when in the water and to tow her, a bailer, a hatchet in each end of boat, and a boat-hook each attached to the boat with a good sound lanyard.

(*c.*) If the steamboat is plying at sea (on salt water) a vessel must be kept in each boat filled with fresh water, (and at least one life-boat must be fitted with a mast or masts, and sail or sails and proper gear for each), and an efficient compass and one gallon of vegetable or animal oil, and a vessel or apparatus of approved pattern for distributing it on the water in rough weather, and with a lantern trimmed with oil in its receiver sufficient to burn eight hours.

(*d.*) Means for detaching quickly the life-boat from the lower blocks of the davits must be provided, an ordinary fixed hook in the lower block should not be allowed, the boat's davits must be strong enough and so spaced that the boat can be swung out readily, so that the boat's chocks can be readily removed, and that the boat will not foul the ship's sides in lowering when the ship has no list, and that the whole of the tackling, davits, falls, blocks, eye bolts, and apparatus are of sufficient strength to lower the boat with its full complement of crew and apparatus on board.

Sec. 4. Every boat shall be kept in good condition, water tight and ready for immediate use ; when wood is used as fuel for heating the boilers of high pressure (non condensing) steamboats, the covers of such boats shall be made of wood covered with zinc ; and every boat shall have the name of the steamboat to which it belongs, and the name of her port of registry, legibly painted on her bows and stern.

Sec. 5. Every such steamboat shall be provided with sufficient means for lowering from on board safely and expeditiously the boats hereinbefore required to be on board of or attached to such steamboat ; and Masters of steamboats shall detail their crews and exercise them in lowering and handling the said boats, and life-boats at least once a week, alternately :

Sec. 6. Every such boat shall be hung in separate davits, with lowering apparatus complete and ready for instant lowering ; provided, that in any case where any such steamboat carries two life-boats, one of the other boats may be carried on the hurricane deck without davits :

Sec. 7. No steamboat employed chiefly in the carriage of freight, when carrying not more than twenty-five passengers, shall be required to have on board or attached to such steamboat more than two boats in addition to a life-boat.

Sec. 8. The Minister of Marine and Fisheries may authorize the use in individual, specified cases, of a greater or less number of boats, or of different dimensions from those hereinbefore specified, and upon such authorization being granted, it shall be sufficient for any such steamboat to carry and be provided with boats of the dimensions specified in such authorization :

Sec. 9. Steamboats confined to the navigation of the River St. John above Fredericton, the waters in the District of Muskoka, the County of Victoria, and the County of Peterborough, in the Province of Ontario, and the waters of the Ottawa river and its tributaries above the City of Ottawa, or of lakes or rivers not exceeding one mile in width at any point on the route of such steamboat, and which are employed in the carriage of passengers, shall carry at least one good boat provided with four oars, and of sufficient capacity to carry not less than twelve persons besides the crew.

Sec. 10. Every steamboat employed in the carriage of passengers, and used only in the navigation of rivers or inland waters, other than the rivers and inland waters hereinbefore provided for, shall, if such steamboat exceeds one hundred and fifty tons registered tonnage, carry at least two good boats provided with four oars each, and of sufficient capacity to carry with safety at least twelve persons besides the crew ; and if such steamboat does not exceed one hundred and fifty tons and is not less than fifty tons registered tonnage, she shall not be required to carry more than one such boat ; and if such steamboat is less than fifty tons

registered tonnage, she shall carry one good boat of the size and description, and provided in the manner approved of in each case by the Inspector.

Sec. 11. Every steamboat not employed in the carriage of passengers, and every steamboat to which the foregoing provisions of this section do not apply, shall at all times, when the crew thereof is on board, be provided with and have on board or attached to such steamboat in some convenient place a good, suitable and sufficient boat, or good, suitable and sufficient boats, in good condition and properly equipped, and provided with oars in sufficient number and other necessary tackle, and of sufficient capacity to carry all the crew of such steamboat, and with sufficient means for lowering such boat or boats from on board safely and expeditiously.

Sec. 12. The carrying capacity in the number of persons of boats shall be determined by multiplying the length of keel by the breadth outside, and by the depth from top of keel to bottom of rowlock in feet, and divide by 10, the quotient being the number of persons allowed to each boat.

Life-Rafts and Life-Buoys.

Sec. 13. Life-rafts must be approved by the Board of Steamboat Inspection before the number of persons they may be allowed to carry can be determined, provided that not less than three cubic feet of strong serviceable inclosed air-tight compartments, constructed so that water cannot find its way into them, shall be the amount of air space to each person carried on the raft.

Sec. 14. Approved buoyant apparatus must not require to be inflated before use, shall be of approved construction and marked in such a way as to plainly indicate the number of adult persons it can carry.

The buoyancy of such apparatus for the number of persons to be carried may be ascertained by dividing the number of pounds of iron it is capable of supporting in fresh water by 32.

Sec. 15. An approved life-buoy may be built of solid cork capable of floating in the water for at least 24 hours with 32 pounds of iron suspended from it; or—

(*a.*) A strong life-buoy of any other approved pattern and material, provided that it is capable of floating in the water for at least 24 hours with 32 pounds of iron suspended from it, and provided that it is not stuffed with rushes, cork shavings, or other shavings, or loose granulated cork or other loose material, and does not require inflation before use. There must not be a less number than two life-buoys on each passenger steamboat carrying by law two boats, with good line of suitable length attached to each buoy and kept at all times ready for instant use.

(*b.*) The air cases for life-rafts are not to exceed the length approved by the Board (four feet), with hooked, hammered and soldered joints, or riveted, and if made of iron to be galvanized, to be substantially enclosed with wood to be close-jointed.

The covering of the air cases in boats should be fastened with brass screws so they can be readily taken off to examine the air cases.

Collapsible boats may be used if approved by an Inspector, with the consent of the Chairman.

Sec. 16. No new pattern of or material in life-boats, life-rafts or life-buoys is to be passed unless approved by the Board of Steamboat Inspection.

Life-Preservers.

Sec. 17. No steamboat carrying passengers shall proceed to sea from any port or place in Canada, or depart from any port or place, or ply on any of the Lakes St. John, Memphremagog, Ontario, Erie, Huron, Georgian Bay, Simcoe, or Superior, or on the River St. Lawrence, or on the Rivers Ottawa or St. John, or on any lake or river in Manitoba, British Columbia, or the North-west Territories, or the District of Keewatin, which is, at any point on the route of such steamer, more than one mile broad, or shall navigate in a bay or arm of the sea in Canada, unless she is provided with and carries on board thereof on every such voyage,—

(*a.*) Two hundred life-preservers (life-belts), if such steamboat is of the registered tonnage of two hundred tons and upwards; or (*b*) three life-preservers for every five tons, if such steamboat is of less than two hundred tons registered tonnage.

Sec. 18. Every steamboat carrying passengers on rivers or inland waters other than the lakes and rivers provided for in the next preceding section, if of the registered tonnage of two hundred tons and upwards, shall be provided with and shall carry on board thereof on every voyage, not less than one hundred life-preservers, and if of less than two hundred tons registered tonnage, such steamboat shall be provided with and shall carry on board thereof on every voyage fifty life-preservers.

Sec. 19. Provided always, that the maximum number of such life-preservers required on any steamboat shall not exceed two hundred; but in any steamboat, as to which the boat capacity, and the number of life-preservers together, fall short of the number of passengers she is allowed to carry by her certificate of inspection, such deficiency shall be supplied by a number of wooden floats, each equal in buoyancy to one cubic foot of seasoned white pine, equal to the number of passengers and crew not provided for in the boats, together with the life-preservers.

Sec. 20. No steamboat employed chiefly in the carriage of freight, when carrying not more than sixty passengers, shall be required to be provided with or carry on board on any voyage, more than one life-preserver for each passenger, and one life-preserver for each of the crew then on board of such steamboat.

Sec. 21. Every steamboat not employed in the carriage of passengers, and every steamboat to which the preceding sections 17, 18, 19 and 20, do not apply, shall, at all times when the crew thereof is on board, be provided with a life-preserver for each one of the crew.

Sec. 22. Each of such life-preservers (life-belts) shall be capable of floating in fresh water for 24 hours with 15 pounds of iron suspended from it. It should be cut out 2 inches under the arm-pits, and fitted and secured so as to remain securely in its place when put on, with shoulder straps and waist belt, or by other means approved by the Inspector. When any other material than solid cork is use for buoyancy it must first be specially approved by the Board of Steamboat Inspection, and the life-preservers (life-belts) shall at all times be kept in convenient and accessible places in the state rooms or on the deck of such steamboat, under cover and in readiness for immediate use.

Sec. 23. A cork jacket with shoulder straps and waist lines for fastening the same around the body, or such other description of life-preserver as the Governor in Council may approve, shall be the form of life-preserver to be used on passenger steamboats.

Passenger Barges, Towed.

Sec. 24. Any barge, boat, bateau, scow, or undecked vessel having passengers on board, towed by a tug. before being granted a certificate of inspection, must be equipped with a boat or boats, life-preservers, life-buoys, and life-rafts, or any or all of the equipment named in section 9 of the Act of the Parliament of Canada, intituled: "An Act further to amend the Steamboat Inspection Act," and assented to on the 10th May, 1892, to the satisfaction of the Steamboat Inspector who inspects her, who shall require her to be equipped with suitable life-saving equipment for the waters on which she is to ply, as well as suitable private conveniences or closets for the use of passengers.

(*a.*) The boats and boat equipment required must not be less than specified in section 1 (*b.*) of these rules, and in order to have the capacity required to carry twelve adult persons with the crew, or seventeen persons in all, on 17 feet length of keel must be 5 feet beam, by 2 feet depth, the capacity being found by multiplying length, breadth and depth, and dividing by 10.

I. BAY OF QUINTÉ BRIDGE LIGHTS.

A highway bridge having been constructed across the Bay of Quinté, immediately west of Belleville, vessels will require to be cautious in approaching the draw both by day and night. The centre pier of the swing span is 195 feet from the south or Prince Edward County side of the bridge, and there is a channel 100 feet wide both north and south of this central pier, either of which can be used by vessels. The bridge is straight, and runs N. ½ W. (N. 13° 30' W. true), and S. ½ E.

Lat. N. 44° 8' 30"
Long. W. 77° 22' 35"

The following lights have been established for the guidance of Mariners at the pivot or draw span of the said bridge:—One fixed white light shown from a lens lantern hoisted 18 feet above the level of the Bay, at the south of the southern opening, and one similar fixed white light at the north of the northern opening. When the draw is closed against navigation a red light, elevated 18 feet above the water, will show at each end of the draw span, or close to the two fixed white lights above described, and showing both up and down the Bay. When the draw is open two green lights at an elevation of 18 feet above the water will be visible from each end of the draw span, facing east and west, indicating the position of the rest piers. There will then appear to a vessel approaching from either direction when the draw is open, two green lights flanked by two white lights in a line north and south.

All these lights should be visible a distance of three miles in clear weather, both up and down the Bay.

This notice affects Admiralty charts Nos. 797 and 1152, and the substance of it should be entered in the Canadian List of Lights and Fog Signals next after the number 169*a*.

Lat. N. 44° 6' 5"
Long. W. 77° 29' 30"

The light is fixed white and is shown from a tubular lantern hoisted to the top of a mast 20 feet high, standing on the shore on the most northerly part of the low point locally known as Potters Island. The light is elevated 22 feet above the water level, and should be visible 9 miles from all points of approach seaward.

It is intended to guide to the narrow channel between Nigger Island and the south shore from the Bay of Quinté Bridge on the east, and from the east entrance of the Murray Canal on the west.

This notice affects Admiralty charts Nos. 797 and 1152, and the substance of it should be entered in the Canadian List of Lights and Fog Signals next after the Bay of Quinté bridge lights.

COMMISSION.

STANLEY DE PRESTON.

[L.S.]

CANADA.

VICTORIA, par la Grâce de Dieu, Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, défenseur de la foi, etc., etc., etc.

A L'HONORABLE ADOLPHE BASILE ROUTHIER, de la cité de Québec, un des juges de la cour Supérieure dans et pour la province de Québec, et L'HONORABLE MELBOURNE M. TAIT, de la cité de Montréal, un des juges de la cour Supérieure dans et pour la province de Québec,—SALUT :

ROBT. SEDGEWICK, Député du ministre de la Justice, Canada. } CONSIDÉRANT que dans et par les Statuts Revisés du Canada, chapitre 114, intitulé "Acte concernant les enquêtes sur les affaires publiques," il est entre autres choses en substance statué, que chaque fois que le Gouverneur en conseil fera instituer une enquête sur quelque objet ayant trait au bon gouvernement du Canada, ou sur la gestion de quelque partie des affaires publiques, si cette enquête n'est régie par aucune loi spéciale, il pourra autoriser, par la commission à cette fin, les commissaires ou personnes chargés de conduire et diriger l'enquête, à assigner devant eux tous témoins, et à leur faire rendre témoignage sous serment, soit de bouche, soit par écrit, ou sous affirmation solennelle si ce sont des personnes qui ont droit d'affirmation en matière civile, et à leur faire produire les documents et choses que les commissaires jugeront nécessaires pour la parfaite investigation des objets dont ils seront chargés de s'enquérir.

ET CONSIDÉRANT que dans le cours de la session du parlement qui a eu lieu en la présente année (1892), M. James D. Edgar, un membre de la chambre des Communes, a fait de son siège en la Chambre des Communes, le sixième jour d'avril dernier, certaines allégations contre l'honorable Sir Adolphe P. Caron, C.C.M.G., un autre membre de la chambre, et un membre du Conseil Privé de la Reine pour le Canada, lesquelles allégations sont énoncées dans les procès-verbaux et dans les journaux de la dite chambre ;

ET CONSIDÉRANT qu'à une date subséquente le dit James D. Edgar fit une motion, à l'effet que les dites allégations fussent renvoyées au comité spécial de la Chambre des Communes sur les privilèges et élections, et un débat s'étant élevé là-dessus quant à l'à-propos et convenance de renvoyer ainsi les dites allégations, et quant au sens des accusations et imputations qui y étaient ainsi portées,—la Chambre a adopté la résolution ci-dessus :—

"James D. Edgar, député du district électoral de Ontario-ouest en cette Chambre, ayant déclaré, de son siège en Chambre, qu'il est informé d'une manière digne de foi et qu'il croit pouvoir établir par des preuves satisfaisantes,—

1. Que durant chacune des années 1882 à 1891, inclusivement, la Compagnie du chemin de fer de Québec au lac Saint-Jean a reçu, par voie de bonus, de la Puissance du Canada, des subventions s'élevant dans l'ensemble à plus d'un million de piastres, lesquelles ont été votées par le parlement sur la recommandation des ministres de la Couronne.

2. Que des arrangements ont été conclus par la dite compagnie de chemin de fer en vertu desquels les dites subventions ont été dépensées par une compagnie de construction, par l'entremise du nommé H. J. Beemer, entrepreneur, ou de concert avec lui, et que le dit Beemer et ceux qui l'ont aidé à trouver des fonds pour la construction des travaux du dit chemin de fer, ont eu le bénéfice des dites subventions.

3. Que durant la totalité de la dite période de 1882 à 1891, l'honorable Sir Adolphe P. Caron était, comme il l'est encore, membre de la Chambre des Communes du Canada, membre du gouvernement canadien et l'un des conseillers privés de Sa Majesté pour le Canada.

4. Que le dit Sir A. P. Caron a été, durant la totalité ou la majeure partie de la dite période, l'un des membres de la dite compagnie de construction, et qu'à ce titre il avait les moyens de savoir, comme il savait de fait, l'emploi des dites subventions et leur affectation après qu'elles eurent été versées par le gouvernement à la dite compagnie de chemin de fer.

5. Que durant la dite période, et pendant que le dit chemin de fer se construisait en partie au moyen des dites subventions, le dit Sir A. P. Caron a reçu frauduleusement de fortes sommes d'argent provenant des dites subventions, des deniers prélevés sur leur crédit, et de personnes en retirant des bénéfices.

6. Que durant la même période, de fortes sommes d'argent provenant des dites subventions et de deniers prélevés sur leur crédit, et de personnes en retirant des bénéfices, ont, de temps à autre, été frauduleusement versées à titre de contribution, à la demande et connaissance du dit Sir A. P. Caron, pour des fins électorales et pour aider à l'élection à la chambre des Communes du dit Sir A. P. Caron et autres membres et partisans du gouvernement dont il était un des membres, et qu'après le paiement de quelques-unes des dites contributions frauduleuses, de nouvelles subventions ont été accordées et versées à la dite compagnie de chemin de fer par le gouvernement dont le dit Sir A. P. Caron était l'un des membres.

7. Que la Compagnie du chemin de fer de Témiscouata a été légalement constituée par lettres patentes émises par le gouvernement canadien, le 6 octobre 1885, et que depuis cette date, la dite compagnie de chemin de fer a reçu de la Puissance du Canada des subventions au montant de $649,200, qui ont été votées par le parlement sur la recommandation des ministres de la Couronne.

8. Que depuis le dit 6 octobre 1885, et pendant que le dit chemin de fer de Témiscouata se construisait en partie au moyen des dites subventions, le dit Sir A. P. Caron a frauduleusement reçu de fortes sommes d'argent des personnes qui, de temps à autre, ont eu le contrôle de la dite Compagnie du chemin de fer de Témiscouata et des dites subventions, ou qui étaient directement intéressées dans les dites subventions.

9. Qu'aussi, depuis le dit 6 octobre 1885, les personnes qui, de temps à autre, ont eu le contrôle du dit chemin de fer de Témiscouata et des dites subventions ou qui étaient directement intéressées dans les dites subventions, ont versé à titre de contribution de fortes sommes, à la demande et connaissance du dit Sir A. P. Caron, pour des fins électorales et pour aider à l'élection à la Chambre des Communes du dit Sir

A. P. Caron et autres membres et partisans du gouvernement dont il était un des membres, et qu'après le paiement de quelques-unes des dites contributions frauduleuses, de nouvelles subventions ont été accordées et payées à la dite compagnie de chemin de fer par le gouvernement dont le dit Sir A. P. Caron était l'un des membres.

Qu'au cours du débat qui s'est élevé sur la résolution basée sur ces déclarations du lit M. Edgar, l'honorable M. Mills, député du district électoral de Bothwell, s'est exprimé comme suit :

" Ainsi, quand le ministre de la justice et ses collègues entreprennent de démontrer que la Chambre n'a plus le pouvoir de s'enquérir des cas de détournement des deniers publics pour corrompre les électeurs, sous prétexte que les procès d'élection ont été confiés aux tribunaux, je me permets de différer d'opinion avec eux. Le procès d'une pétition en invalidation d'élection est une chose. L'emploi délibéré des deniers publics par un membre du gouvernement pour corrompre les électeurs, en est une autre qui exige une enquête parlementaire, et ce droit n'est pas le moindrement affecté parce que les procès en invalidation d'élection ont été confiés aux tribunaux."

Aussi : " Ces accusations s'appliquent à l'accusé plutôt en sa qualité de membre du gouvernement qu'en sa qualité de membre de la Chambre. Quelles sont, en effet, les accusations qui sont portées ? Elles sont à l'effet qu'on a avisé la couronne d'approprier de fortes sommes à certaines fins désignées et que cet argent a été détourné de ces fins publiques et mis entre les mains d'un ministre de la couronne pour corrompre l'électorat dans certaines parties du Canada.

Aussi : " Voici une déclaration disant que cet honorable ministre, le directeur général des Postes, est le ministre qui a avisé la couronne d'accorder ces subsides, pour aider à ces compagnies. Il est accusé d'avoir obtenu une partie des subsides ainsi votés, ou une somme équivalente, de ces mêmes compagnies et de s'en être servi pour lui-même, pour sa propre élection et pour les élections de vingt-trois divisions électorales du Canada. Cette accusation est assez précise et assez claire. L'accusation dit aussi qu'après que ce ministre eût reçu cet argent, il conseilla à la couronne de voter d'autres subsides à d'autres personnes, et qu'à même ces nouveaux subsides, il a encore reçu certaines sommes.

Aussi : " S'il a conseillé à la couronne d'accorder des subsides et s'il était entendu avec une des compagnies de chemins de fer qui devait profiter de ces subsides, qu'une partie de l'argent lui reviendrait, nous devons le savoir, nous avons droit de le savoir."

Qu'au cours du dit débat, l'honorable Sir Richard Cartwright, représentant le district électoral d'Oxford-Sud, s'est exprimé comme suit :

" Mais de quoi donc mon honorable ami, qui siège à mes côtés, accuse-t-il le directeur général des Postes ? Il l'accuse sans ambiguité, mais en termes précis, de s'être rendu coupable de la conspiration la plus immorale qu'un ministre de la couronne puisse commettre."

M. Edgar, au cours du dit débat, s'est exprimé comme suit :—

" Les chemins de fer compris dans cette accusation ont été aidés par les gouvernements fédéral et provincial, et ce dont je me plains c'est que le ministre des Postes s'est approprié les subventions fédérales." Et encore,—

" Le ministre de la Marine a soulevé une singulière question quand il a dit que je n'ai pas, comme j'aurais dû le faire, accusé son collègue de vol public. Je n'ai pas employé ces mots, mais je me suis certainement exprimé en termes qui comportent cette signification. Si ce n'est pas un vol public, pour un député de prendre des deniers à même des subventions publiques, j'aimerais à savoir ce que c'est." Et encore : " Ainsi, je pense que si je puis procéder et prouver ces accusations, on aura un cas de conspiration des plus abominables, d'après la loi."

Que d'après les déclarations précédentes faites par le dit J. D. Edgar, et les commentaires et arguments à ce sujet faits par les dits David Mills, Sir R. Cartwright et le dit J. D. Edgar de leurs sièges en cette Chambre, il ressort que le dit J. D. Edgar avait l'intention, par les dites déclarations, d'accuser Sir A. P. Caron, un membre de cette chambre et de l'honorable Conseil Privé du Canada d'offenses graves et d'oubli de ses devoirs, bien que les dites déclarations du dit J. D. Edgar, en premier lieu citées, ne comportent pas d'accusation définie ou précise contre lui.

Que les déclarations du dit J. D. Edgar et les commentaires et arguments des dits autres membres de cette Chambre et ses propres commentaires à ce sujet dénotent l'intention de porter, par les dites déclarations, les accusations suivantes contre le dit Sir A. P. Caron, savoir :—

1. Que pendant chacune des années 1882 à 1891, inclusivement, la Compagnie du chemin de fer de Québec au lac Saint-Jean a reçu, par voie de boni, du gouvernement fédéral des subventions s'élevant dans l'ensemble à plus d'un million de piastres, qui avaient été votées par le parlement, sur la recommandation de ministres de la couronne.

2. Que pendant la totalité de la dite période de 1882 à 1891, l'honorable Sir A. P. Caron a été, comme il l'est encore, membre du gouvernement du Canada et l'un des conseillers privés de Sa Majesté pour le Canada, et aussi membre de la Chambre des Communes dans chaque parlement élu depuis 1882.

3. Que pendant la dite période, et pendant que le chemin de fer de Québec au lac Saint-Jean se construisait en partie au moyen des dites subventions, le dit Sir A. P. Caron a sciemment aidé et contribué à distraire les dites subventions des fins de leur octroi, en recevant, pour des fins électorales, de la dite compagnie de chemin de fer, ou d'une compagnie de construction formée pour construire le dit chemin de fer, ou du sieur H. J. Beemer, gérant ou entrepreneur du dit chemin, de fortes sommes d'argent à même les dites subventions, et à même les deniers prélevés sur leur crédit ; et qu'aussi, pendant la dite période, il a, de plus, sciemment ainsi aidé et contribué à obtenir des dites compagnies ou de l'une d'elles, le paiement, à même les dites subventions ou à même les deniers prélevés par les dites compagnies ou par l'une d'elles, sur leur crédit, de fortes sommes d'argent pour des fins électorales et pour aider à l'élection à la Chambre des Communes du dit Sir A. P. Caron et d'autres membres et partisans du gouvernement dont il formait partie.

4. Qu'après que quelques-uns des paiements en dernier lieu mentionnés ont été ainsi obtenus et versés, le dit Sir A. P. Caron, en considération des dits paiements, a frauduleusement aidé la compagnie à obtenir de nouvelles subventions du parlement fédéral.

5. Que depuis le 6 octobre 1885, la Compagnie du chemin de fer de Témiscouata a reçu diverses subventions du gouvernement du Canada, s'élevant dans l'ensemble à environ $649,200, et que Sir A. P. Caron a sciemment aidé et contribué à distraire les dites subventions des fins de leur octroi, en recevant de la dite compagnie de fortes sommes d'argent à même les dites subventions ou à même des deniers prélevés sur leur crédit, et aussi en obtenant de la dite compagnie, à même les dites subventions ou à même les deniers prélevés sur leur crédit, le paiement de très fortes sommes d'argent pour aider à son élection comme membre de la Chambre des Communes et à l'élection d'autres personnes comme membres de cette Chambre.

6. Qu'après que quelques-uns des paiements en dernier lieu mentionnés ont été ainsi obtenus et versés, le dit Sir A. P. Caron, en considération des dits paiements, a frauduleusement aidé la dite compagnie à obtenir de nouvelles subventions du parlement du Canada.

7. Que le dit Sir A. P. Caron a détourné de leur destination des deniers publics dans le but de corrompre l'électorat du Canada, savoir : une partie des deniers votés à titre de subventions, tel que ci-dessus mentionné.

8. Que la couronne ayant été avisée de consacrer de fortes sommes d'argent pour des fins publiques, savoir, les dites subventions, les dites sommes ou partie d'icelles ont été détournées de leurs fins et placées dans les mains de Sir A. P. Caron dans le but de corrompre l'électorat dans certaines parties du Canada.

9. Que le dit Sir A. P. Caron, lorsque les dites subventions ou quelques-unes d'icelles ont été votées ou recommandées, s'était entendu avec une ou plusieurs des compagnies de chemins de fer bénéficiant des dites sommes votées ou avec une ou plusieurs personnes ayant un intérêt dans les dites sommes, pour

que les deniers ainsi votés par le parlement ou partie d'iceux lui fussent remis.

10. Que le dit Sir A. P. Caron, à raison de ce fait, a frauduleusement conspiré avec les dites compagnies ou avec une ou plusieurs d'icelles.

Que dans l'opinion de cette chambre, il est expédient qu'il soit institué une enquête sur la vérité ou la fausseté des allégations et accusations en dernier lieu mentionnées et numérotées respectivement de 1 à 10 (étant les allégations et accusations renfermées dans les déclarations originales du dit J. D. Edgar et celles faites au cours du débat sur le sujet) ; et qu'à cette fin, la chambre pense qu'il est opportun et convenable que la preuve relative aux dites allégations et accusations soit faite devant un ou plusieurs commissaires à être nommés en vertu du chapitre 114 des Statuts Revisés du Canada et ayant tous les pouvoirs mentionnés dans le dit chapitre, et que cette preuve soit déposée devant cette chambre quand elle sera complétée."

Que les noms des dits commissaire ou commissaires soient soumis à l'approbation de la chambre avant sa ou leur nomination.

ET CONSIDÉRANT qu'il est à propos, en conformité de la dite résolution de la Chambre des Communes, qu'une enquête sous serment soit faite quant à la vérité ou fausseté des dites accusations ou allégations mentionnées ;

ET CONSIDÉRANT que les noms de vous le dit Adolphe Basile Routhier et Melbourne M. Tait, ayant été soumis, ont dûment été approuvés par la dite Chambre des Communes,—

SACHEZ DONC que par et en vertu de tous et chacun des pouvoirs et pouvoir qui nous sont conférés à cet égard, et par et avec l'avis de Notre Conseil privé pour le Canada, et ayant pleine confiance dans votre loyauté, intégrité et habileté, Nous vous avons nommés, constitués et choisis, et par les présentes Nous vous nommons, constituons et choisissons vous les dits Adolphe Basile Routhier et Melbourne M. Tait, Nos commissaires pour recevoir des témoignages quant à la vérité ou fausseté des dites accusations et allégations ainsi portées comme susdit contre le dit Sir Adolphe P. Caron, et ci-dessus plus particulièrement mentionnées et spécifiées.

Et par et en vertu des pouvoirs qui vous sont conférés par le statut en dernier lieu ci-dessus cité, Nous vous autorisons et vous donnons le pouvoir comme tels commissaires de faire comparaître par-devant vous tous témoins qui pourraient être en état de prouver ou de produire des documents démontrant la vérité ou la fausseté des accusations ou allégations susdites, et les obliger de rendre témoignage sous serment de bouche, ou par écrit, ou affirmation solennelle si elles sont des personnes qui ont droit d'affirmer en matières civiles, et de produire tous documents et choses que vous, Nos dits Commissaires, jugerez nécessaires à la complète investigation et preuve des matières dont vous êtes par les présentes chargés de vous enquérir et d'examiner.

Et par les présentes Nous vous conférons tous les pouvoirs et autorité que le statut Nous autorise de conférer.

Et Nous ordonnons et enjoignons qu'un dossier soit dressé de toute la preuve et de tous les documents produits devant vous au sujet des énoncés, accusations et allégations susdits, et dans le cas où il s'élèverait quelque différence d'opinion quant à l'admissibilité de toute preuve ou documents à vous soumis comme tels commissaires, alors cette preuve sera prise et ces documents seront reçus sujets à toute objection qui pourrait s'élever ou que vous constaterez, et seront entrés au dossier séparément.

Pour, par vous le dit Adolphe Basile Routhier et par vous le dit Melbourne M. Tait, avoir, tenir, exercer et jouir de la dite charge, emploi et fonction de confiance, ainsi que les droits, pouvoirs, privilèges et émolument attachés de droit à la dite charge, emploi et fonction de confiance, et que la loi confère, durant bon plaisir.

Et par les présentes Nous vous enjoignons et ordonnons de faire rapport à Notre Secrétaire d'Etat pour le Canada, de la preuve prise par vous en qualité de commissaires comme susdit.

EN FOI DE QUOI, Nous avons fait émettre nos présentes Lettres Patentes et à icelles fait apposer le Grand Sceau du Canada. TÉMOIN, Notre très fidèle et bien aimé le Très-honorable Sir FREDERICK ARTHUR STANLEY, Baron Stanley de Preston, dans le comté de Lancaster, dans la Pairie du Royaume-Uni, Chevalier Grand-croix de Notre Très-honorable Ordre du Bain ; Gouverneur général du Canada.

A Notre Hôtel du Gouvernement, en Notre CITÉ d'OTTAWA, ce SEIZIÈME jour de JUIN, dans l'année de Notre-Seigneur, mil huit cent quatre-vingt-douze, et de Notre Règne la cinquante-cinquième.

Par ordre,

DEMANDES AU PARLEMENT.

Règles relatives aux avis de bills privés.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture, et avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

Greffier du Sénat.

STANLEY OF PRESTON.

[L.S.]

CANADA.

VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, QUEEN, Defender of the Faith, &c., &c., &c.

To the Honourable Adolphe Basile Routhier, of the City of Quebec, one of the Judges of the Superior Court in and for the Province of Quebec, and the Honourable Melbourne M. Tait, of the City of Montreal, one of the Judges of the Superior Court in and for the Province of Quebec,—GREETING:

ROBT. SEDGEWICK, Deputy of the Minister of Justice, Canada. } WHEREAS it is, in and by the Revised Statutes of Canada, chapter 114, intituled "An Act respecting Enquiries concerning public matters," among other things in effect enacted, that whenever the Governor in Council deems it expedient to cause enquiry to be made into and concerning any matter connected with the good government of Canada, or the conduct of any part of the public business thereof, and such enquiry is not regulated by any special Law, the Governor in Council may by the Commission in the case confer upon the Commissioners or persons by whom such enquiry is to be conducted, the power of summoning before them any witnesses, and of requiring them to give evidence on oath, orally or in writing, or on solemn affirmation, if they are persons entitled to affirm in civil matters, and to produce such documents and things as such Commissioners deem requisite to the full investigation of the matters into which they are appointed to examine;

AND WHEREAS during the Session of Parliament which took place during the present year (1892) Mr. James D. Edgar, a member of the House of Commons, made in his place in the House of Commons, on the sixth day of April last, certain statements against the Honourable Sir Adolphe P. Caron, K.C.M.G., another member of the House, and a member of the Queen's Privy Council for Canada, which are set forth in the Votes and Proceedings and in the Journals of the said House;

AND WHEREAS on a subsequent day the said James D. Edgar moved that the said statements be referred to the Select Standing Committee of the House of Commons on Privileges and Elections, and a debate arising thereon, as to the propriety and expediency of so referring the said statements, and on the meaning of the charges and imputations which were contained and implied in the same, the following resolution was come to by the House:—

James D. Edgar, the member representing the Electoral District of the West Riding of the County of Ontario in this House, having stated from his place in this House, that he is credibly informed and believes that he can establish by satisfactory evidence—

1. That during each of the years 1882 to 1891 inclusive, the Quebec and Lake St. John Railway Company received by way of bonus from the Dominion of Canada, subsidies amounting, in the aggregate, to upwards of one million dollars, which subsidies were voted by Parliament on the recommendation of the Ministers of the Crown.

2. Arrangements were entered into by the said Railway Company whereby the expenditure of said subsidies was made by a Construction Company through, or in conjunction with, one H. J. Beemer, a contractor—and the said Beemer, and those who assisted him in financing for the said railway works, received the benefit of the said subsidies.

3. During the whole of the said period from 1882 to 1891, the Honourable Sir Adolphe P. Caron was, and still is, a member of the House of Commons of Canada, a member of the Canadian Goverment, and one of Her Majesty's Privy Councillors for Canada.

4. That the said Sir A. P. Caron was, during the whole, or the greater part of the said period, one of the members of the said Construction Company, and thus had means of knowledge of, and did know of the dealings with the said subsidies and their destination after they were paid over by the Government to the said Railway Company.

5. That during the said period, and while the said railway was being constructed in part by means of said subsidies, the said Sir A. P. Caron corruptly received large sums of money out of the said subsidies, and from moneys raised upon the credit of the same, and from parties beneficially interested in the same.

6. That during the said period out of said subsidies, and out of moneys raised upon the credit of the same, and from parties beneficially interested in the same, large sums of money were from time to time corruptly paid and contributed, at the request and with the knowledge of said Sir A. P. Caron, for election purposes, and to aid in the election to the House of Commons of the said Sir A. P. Caron, and other members and supporters of the Government of which he was a member, and that after some of such last-mentioned corrupt payments and contributions were made, further and other subsidies were granted and paid to the said Railway Company by the Government of which Sir A. P. Caron was a member.

7. That the Temiscouata Railway Company was given incorporation by Letters Patent issued by the Canadian Government on 6th October, 1885, and since that date the said Railway Company has received from the Dominion of Canada subsidies to the extent of $649,200—which subsidies were voted by Parliament on the recommendation of Ministers of the Crown.

8. That since the 6th October, 1885, and while the said Temiscouata Railway was being constructed in part by means of the said subsidies, the said Sir A. P. Caron corruptly received large sums of money from the persons who from time to time controlled the said Temiscouata Railway Company and the said subsidies, or who were beneficially interested in the said subsidies.

9. That also since the said 6th October, 1885, the persons who from time to time controlled the said Temiscouata Railway Company and the said subsidies, or who were beneficially interested in the said subsidies paid and contributed large sums at the request, and with the knowledge of the said Sir A. P. Caron, for election purposes to aid in the election to the House of Commons of the said Sir A. P. Caron, and other members and supporters of the Government of which he was a member, and that after some of such last-mentioned corrupt payments and contributions were made, further and other subsidies were granted and paid to the said Railway Company by the Government of which the said Sir A. P. Caron was a member.

That in the course of the Debate arising on the resolution based on such statements of the said Mr. Edgar, it was stated by the Honourable Mr. Mills, the member representing the Electoral District of Bothwell, as follows:—

"So when the leader of the Government and his colleague undertake to seriously argue that this House is denuded of all its power to enquire into the misappropriation of public money for the purpose of cor-

rupting the electors of this country, because the trial of election petitions has been referred to the courts, I take issue with those hon. gentlemen on that ground. The trial of election petitions is one thing. The use of public money for deliberate corruption of the electors by a member of the Administration is a proper matter for enquiry by this House, and is not in the smallest degree restricted in any way by reason of the trial of election petitions having been referred to the courts."

That it was further stated by the said Mr. Mills : "These charges point to a member of this House in his official capacity as a member of the Administration, rather than to his conduct as a member of this House. What, in effect, are the charges here made? They point to the fact that the Crown was advised to appropriate large sums of money for particular purposes, and that these moneys were diverted from these public purposes and placed in the hands of a Minister of the Crown for the purpose of corrupting the electorate in certain portions of the Dominion of Canada."

That it was further stated by the said Mr. Mills : "There is a statement made here that this hon. gentleman, the Postmaster General, is the Minister of the Crown who advised these subsidies being appropriated to aid these companies. There is a charge that he obtained a portion of the subsidy so voted, or its equivalent, from these companies, and used it for his own purpose in his own election, and in the elections in twenty-three constituencies in this Dominion. That charge is specific and clear enough. It is also stated that after some of these moneys were received by him this same gentleman advised the Crown to grant other subsidies to other parties, and that from these other subsidies, moneys were also obtained."

That it was further stated by the said Mr. Mills as follows :—

"If he advised the Crown to make these appropriations, and had an understanding with one of the railway companies participating in them that these moneys, or a portion of them, should go to him, we ought to know it ; we are entitled to know it."

That it was stated in the said Debate by Sir Richard Cartwright, the member representing the Electoral District of the South Riding of Oxford, referring to the said charges of the said Mr. Edgar, as follows :—

"What in the name of wonder is it that my hon. friend beside me has charged the Postmaster General with ? He has charged him in no vague language, but in terms, with being guilty of the most corrupt conspiracy, for the purpose of destroying the electoral liberties of the people of Canada, of which any adviser of the Crown can be found guilty."

It was stated in the said Debate by Mr. Edgar aforesaid, as follows :—

"Those railways which are involved in this charge were aided by the Dominion and Provincial Governments, and what I complain of is the appropriation of Dominion subsidies to the Postmaster General." And again :

"The Minister of Marine drew a nice point when he said that I did not, as I should have done, charge his colleague with public robbery. Well, I did not put it in those words but in words which I certainly intended to mean robbing the public. If it is not public robbery for a member to take moneys out of public subsidies, I would like to know what is." And again :

"So I think if I get a chance to go on and prove these charges there will be what is, under the law, a most abominable conspiracy."

That, from the aforesaid statements made by the said J. D. Edgar, and from comments and arguments thereon by the said David Mills and Sir Richard Cartwright and the said James D. Edgar from their places in this House, it appears that it was the intention of the said J. D. Edgar by said statement to charge Sir A. P. Caron, a member of this House, and of the Honourable the Privy Council of Canada, with grave offences and derelictions of duty, notwithstanding that the said statement of the said J. D. Edgar, first above cited, did not make any definite or precise charge against him.

That the following charges and allegations are indicated by the said statement made by the said J. D. Edgar, and by the comments and arguments of the aforesaid other members of this House, and by his own comments thereon as intended to be made in the said statement, against the said Sir A. P. Caron, namely :

1. That during each of the years 1882 to 1891 inclusive, the Quebec and Lake St. John Railway Company received by way of bonus from the Dominion of Canada, subsidies amounting in the aggregate to upwards of a million of dollars, which subsidies were voted by Parliament on the recommendation of Ministers of the Crown.

2. That, during the whole of the said period from 1882 to 1891, the Honourable Sir A. P. Caron was, and still is, a member of the Canadian Government, and one of Her Majesty's Privy Councillors for Canada, and also a member of the House of Commons in each Parliament which has been elected since the year 1882.

3. That, during the said period, and while the Quebec and Lake St. John Railway was being constructed in part by means of said subsidies, the said Sir A. P. Caron knowingly aided and participated in diverting the said subsidies from the purpose for which they were granted, by receiving, for election purposes, from the said railway company, or from a construction company formed for the construction of the said railway, or from one H. J. Beemer, as manager thereof, or contractor of the said railway, large sums of money out of the said subsidies, and out of moneys raised upon the credit of the same ; and also, during the said period, did further knowingly so aid and participate by obtaining from the said companies, or one of them, the payment out of said subsidies, and out of moneys raised by the said companies, or one of them, on the credit of the same, of large sums of money for election purposes, and to aid in the election to the House of Commons of the said Sir A. P. Caron, and other members and supporters of the Government of which he was a member.

4. That, after some of the last-mentioned payments were so obtained and made, the said Sir A. P. Caron, in consideration thereof, corruptly aided and assisted the said Company to obtain further and other subsidies from the Dominion Parliament.

5. That, since the 6th of October, 1885, the said Témiscouata Railway Company received various subsidies from the Dominion of Canada, amounting, in all, to about $649,200, and that the said Sir A. P. Caron knowingly aided and participated in diverting the said subsidies from the purposes for which they were granted, by receiving from the said Company large sums of money out of the said subsidies, or out of moneys raised on the credit of the same, and also by obtaining the payment by the said Company, out of the said subsidies, or out of moneys raised on the credit of the same, of very large sums of money to aid in his election as a member of the House of Commons, and in the election of other persons as members of the House.

6. That after some of the last-mentioned payments were so obtained and made, the said Sir A. P. Caron, in consideration thereof, corruptly aided and assisted the said Company to obtain further and other subsidies from the Dominion Parliament.

7. That the said Sir A. P. Caron misappropriated public money for the purpose of corrupting the electors of Canada, to wit, a portion of the moneys voted as subsidies as hereinbefore stated.

8. That the Crown having been advised to appropriate large sums of money for public purposes, to wit, the said subsidies, such moneys, or a portion of them, were diverted from the purposes for which they were so appropriated, and placed in the hands of Sir A. P. Caron for the purpose of corrupting the electorate in certain portions of Canada.

9. That the said Sir A. P. Caron had an understanding, when the said subsidies or some of them were voted or recommended, with one or more of the railway companies participating in said appropriations, or with a person or persons interested in said appropriations, that the moneys so appropriated by Parliament, or portions of them, should go to him.

10. That the said Sir A. P. Caron, by virtue of the fact so alleged, entered into a corrupt conspiracy with the said companies, or one or more of them.

That, in the opinion of this House, it is expedient

that enquiry should be made as to the truth or falsity of the allegations and charges last mentioned, and numbered respectively 1, 2, 3, 4, 5, 6, 7, 8, 9 and 10 (being the allegations and charges included in the original statement of the said James D. Edgar, and those made in the course of the debate thereon), and that for that purpose the House deems it proper and convenient that the evidence relating to such allegations and charges should be taken by one or more commissioners to be appointed under Chapter 114 of the Revised Statutes of Canada and having all the powers mentioned in said chapter, and that such evidence should be laid before this House when completed.

That the names of the said Commissioner or Commissioners be submitted for the approval of this House before his or their appointment.

AND WHEREAS it is expedient, pursuant to the said resolution of the House of Commons, that enquiry under oath should be made as to the truth or falsity of the said charges or allegations mentioned;

AND WHEREAS the names of you the said Adolphe Basile Routhier, and Melbourne M. Tait, having been submitted to, were duly approved by, the said House of Commons,—

NOW KNOW YE, that under and by virtue of all and every the powers and power, in that behalf vested in Us, and by and with the advice of Our Privy Council for Canada, We, reposing trust and confidence in your loyalty, integrity and ability, have nominated, constituted and appointed, and do hereby nominate, constitute and appoint you the said Adolphe Basile Routhier and Melbourne M. Tait to be Our Commissioners to take evidence as to the truth or falsity of the said charges and allegations so made as aforesaid against the said Sir Adolphe P. Caron and hereinbefore more particularly mentioned and set out.

And under and by virtue of the powers vested in Us by the statute lastly hereinbefore recited, We do hereby authorize and empower you as such Commissioners to summon before you any witnesses who may be able to testify or to produce documents showing the truth or falsity of the charges or allegations aforesaid, and require them to give evidence on oath orally, or in writing or on solemn affirmation, in case they are persons entitled to affirm in civil matters and to produce such documents and things as you our said Commissioners shall deem requisite to the full investigation and procuring of the evidence with respect to the matters into which you are hereby appointed to enquire and examine.

And We do hereby confer upon you all the powers and authority which We are authorized by the said statute to confer.

And We ordain and instruct that a record shall be made of all the evidence and documents which shall be given before you as to the aforesaid statements, charges and allegations, and that in the event of a difference of opinion arising as to the admissibility of any evidence or documents submitted to you as such Commissioners, then such evidence shall be taken and such documents shall be received, subject to any objection which may arise or appear to you, and shall be recorded separately.

To have, hold, exercise and enjoy the said office, place and trust unto you the said Adolphe Basile Routhier, and unto you the said Melbourne M. Tait, together with the rights, powers, privileges and emoluments unto the said office, place and trust, of right and by law appertaining, during pleasure.

And We do hereby require and direct you to report to Our Secretary of State for Canada, the evidence taken before you as such Commissioners as aforesaid.

IN TESTIMONY WHEREOF, We have caused these Our Letters to be made Patent and the Great Seal of Canada to be hereunto affixed. PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS the Parliament of Canada at the last Session thereof passed an Act, 55-56 Victoria, chapter 19, intituled "An Act to further amend the Steamboat Inspection Act" in which it was amongst other things enacted, by the 4th and 5th sections thereof, that the Governor General in Council may make such rules as are deemed advisable with respect to boats, life-preservers, and other life-saving appliances to be carried by steamboats or by other vessels mentioned in the said Act ;

His Excellency, under the authority conferred upon him by the 4th and 5th sections of the above cited Act, and by and with the advice of the Queen's Privy Council for Canada, is pleased to make the following Regulations with respect to boats, life-preservers and other life-saving appliances to be carried by steamboats or other vessels mentioned in the said Act, such Regulations to be in force and take effect on and after the day succeeding the day fixed by the aforesaid Proclamation as the day upon which the said Act 55-56 Victoria, chapter 19, shall come into force in Canada.

JOHN J. McGEE,
Clerk, Privy Council.

RULES AND REGULATIONS respecting the inspection of boats, life-preservers and other life-saving appliances, to be carried on steamboats or other vessels, under the authority of the Steamboat Inspection Act and amendments thereto.

Boats.

Sec. 1. The following provisions shall be observed with respect to boats to be carried on steam-boats :—

(*a.*) No steam-boat with passengers on board shall proceed to sea from any port or place in Canada, or depart from any port or place, or ply on any of the Lakes St. John, Memphremagog, Ontario, Erie, Huron or Georgian Bay, Simcoe, or Superior, or on the River St. Lawrence, or on the Rivers Ottawa or St. John, or any lake or river in Manitoba, British Columbia, or the North-west Territories, or the District of Keewatin, which is, at any point on the route of such steam-boat, more than one mile broad.

(*b.*) Unless there are on board thereof, or attached to such steam-boat, good, suitable, sufficient and properly equipped boats in good condition, each having not less than seventeen feet length of keel, and at least six oars and other necessary tackle, and sufficient capacity to carry not less than twelve adult persons, exclusive of the crew of such boat.

Which boats shall be in the following proportion to the registered tonnage of such steam-boat, that is to say :—

At least one boat for every steam-boat of less than fifty tons ;

At least two boats for every steamboat of fifty tons and upwards, but less than (300) three hundred tons ;

At least three boats for every steam-boat of three hundred tons and upwards ; and

(*c.*) If such steam-boat is of the registered tonnage of one hundred tons or upwards to (300) three hundred tons, unless, in addition to the boats hereinbefore required, there is on board thereof or attached thereto,—

One good and sufficient life-boat capable of sustaining inside thirty persons, which life-boat may be considered of sufficient capacity if made of the following dimensions : Length of keel, twenty-two feet ; breadth of beam outside, five feet six inches ; depth from top of keel to top of gunwale at bottom of rowlock, two feet nine inches ; or

Two good and sufficient life-boats, each capable of sustaining inside twenty persons, which life-boats may be considered of sufficient capacity if made of the following dimensions : Length of keel, eighteen feet ; breadth outside, five feet two inches ; depth from top of keel to top of gunwale, two feet two inches.

(*d.*) If such steam-boat is of the registered tonnage of (300) three hundred tons or upwards to six hundred tons or upwards (when the life-boats may be increased to the satisfaction of the Inspector), unless in addition to the boats hereinbefore required there is on board or attached thereto ;—

Two good and sufficient life-boats, capable of each sustaining inside thirty persons, or four good and sufficient life-boats capable of each sustaining inside twenty persons, each to be at least of the dimensions described in (*c*).

Sec. 2. Every life-boat shall be made of suitable metal, in thickness not less than No. 18 wire gauge, or of wood, and built whale-boat fashion, with a sheer of about $\frac{3}{4}$ inch to 1 foot length from midships, rising equally to the stem and stern, with sufficient air-tight compartments in the ends and sides made of suitable metal or of wood, and so constructed as to be air-tight and serviceable, the air-tight compartments to have a capacity in cubic feet of one-tenth the capacity of the life-boat, which is found by multiplying the length and breadth outside and the depth inside from bottom of rowlocks or top of gunwale in feet, and by ·6, the result equals the cubic feet required in the inside and outside compartments, about one-half of which should be on the outside ; and dividing by 10, gives the number of persons the life-boat shall be deemed fit to carry. Solid cork may be used instead of air-tight compartments on the outside, 1·25 cubic feet of cork being considered equal to 1 cubic foot of air case.

(*a.*) Zinc shall not be used in the construction of a life-boat or of her air-tight compartments, which must be of a metal approved by the Board of Steamboat Inspection, or by the Chairman.

(*b.*) The air-tight compartments must be so distributed as to give the boat good buoyancy and stability ; whether a part of the air-tight buoyancy apparatus should be under the thwarts, or whether it should be in the ends and along the sides, will be, so long as an efficient life-boat is obtained, left to the option of the maker or owner, but the Inspector must be satisfied that the life-boat is efficient.

(*c.*) Spaces filled with or containing any material are not to be deemed air spaces.

(*d.*) A square stern boat is not to be passed as a life-boat.

(*e.*) Suitable life lines with sustaining buoys shall be securely attached to the sides or gunwales of the life-boats.

Sec. 3. The life-boats must be provided with the full complement of oars, one for each rowlock, and two spare oars, all securely lashed inside ready for use.

(*a.*) With two plugs for each plug hole, attached

with lanyards or chains, and one and one half sets of thole pins or crutches attached to the boat by lanyards and ready to slip in place.

(*b.*) With a sea anchor, a rudder and tiller, or yoke and yoke lines, a painter of sufficient length to reach from the davits to the boat when in the water and to tow her, a bailer, a hatchet in each end of boat, and a boat-hook each attached to the boat with a good sound lanyard.

(*c.*) If the steam-boat is plying at sea (on salt water) a vessel must be kept in each boat filled with fresh water, (and at least one life-boat must be fitted with a mast or masts, and sail or sails and proper gear for each), and an efficient compass and one gallon of vegetable or animal oil, and a vessel or apparatus of approved pattern for distributing it on the water in rough weather, and with a lantern trimmed with oil in its receiver sufficient to burn eight hours.

(*d.*) Means for detaching quickly the life-boat from the lower blocks of the davits must be provided, an ordinary fixed hook in the lower block should not be allowed, the boat's davits must be strong enough and so spaced that the boat can be swung out readily, so that the boat's chocks can be readily removed, and that the boat will not foul the ship's sides in lowering when the ship has no list, and that the whole of the tackling, davits, falls, blocks, eye bolts, and apparatus are of sufficient strength to lower the boat with its full complement of crew and apparatus on board.

Sec. 4. Every boat shall be kept in good condition, water tight and ready for immediate use; when wood is used as fuel for heating the boilers of high pressure (non condensing) steam-boats, the covers of such boats shall be made of wood covered with zinc; and every boat shall have the name of the steam-boat to which it belongs, and the name of her port of registry, legibly painted on her bows and stern.

Sec. 5. Every such steam-boat shall be provided with sufficient means for lowering from on board safely and expeditiously the boats hereinbefore required to be on board of or attached to such steam-boat; and Masters of steam-boats shall detail their crews and exercise them in lowering and handling the said boats, and life-boats at least once a week, alternately.

Sec. 6. Every such boat shall be hung in separate davits, with lowering apparatus complete and ready for instant lowering; provided, that in any case where any such steam-boat carries two life-boats, one of the other boats may be carried on the hurricane deck without davits.

Sec. 7. No steamboat employed chiefly in the carriage of freight, when carrying not more than twenty-five passengers, shall be required to have on board or attached to such steamboat more than two boats in addition to a life-boat.

Sec. 8. The Minister of Marine and Fisheries may authorize the use in individual, specified cases, of a greater or less number of boats, or of different dimensions from those hereinbefore specified, and upon such authorization being granted, it shall be sufficient for any such steam-boat to carry and be provided with boats of the dimensions specified in such authorization:

Sec. 9. Steam-boats confined to the navigation of the River St. John above Fredericton, the waters in the District of Muskoka, the County of Victoria, and the County of Peterborough, in the Province of Ontario, and the waters of the Ottawa river and its tributaries above the City of Ottawa, or of lakes or rivers not exceeding one mile in width at any point on the route of such steam-boat, and which are employed in the carriage of passengers, shall carry at least one good boat provided with four oars, and of sufficient capacity to carry not less than twelve persons besides the crew.

Sec. 10. Every steam-boat employed in the carriage of passengers, and used only in the navigation of rivers or inland waters, other than the rivers and inland waters hereinbefore provided for, shall, if such steam-boat exceeds one hundred and fifty tons registered tonnage, carry at least two good boats provided with four oars each, and of sufficient capacity to carry with safety at least twelve persons besides the crew; and if such steam-boat does not exceed one hundred and fifty tons and is not less than fifty tons registered tonnage, she shall not be required to carry more than one such boat; and if such steam-boat is less than fifty tons registered tonnage, she shall carry one good boat of the size and description, and provided in the manner approved of in each case by the Inspector.

Sec. 11. Every steam-boat not employed in the carriage of passengers, and every steam-boat to which the foregoing provisions of this section do not apply, shall at all times, when the crew thereof is on board, be provided with and have on board or attached to such steam-boat in some convenient place a good, suitable and sufficient boat, or good, suitable and sufficient boats, in good condition and properly equipped, and provided with oars in sufficient number and other necessary tackle, and of sufficient capacity to carry all the crew of such steam-boat, and with sufficient means for lowering such boat or boats from on board safely and expeditiously.

Sec. 12. The carrying capacity in the number of persons of boats shall be determined by multiplying the length of keel by the breadth outside, and by the depth from top of keel to bottom of rowlock in feet, and divide by 10, the quotient being the number of persons allowed to each boat.

Life-Rafts and Life-Buoys.

Sec. 13. Life-rafts must be approved by the Board of Steam-boat Inspection before the number of persons they may be allowed to carry can be determined, provided that not less than three cubic feet of strong serviceable inclosed air-tight compartments, constructed so that water cannot find its way into them, shall be the amount of air space to each person carried on the raft.

Sec. 14. Approved buoyant apparatus must not require to be inflated before use, shall be of approved construction and marked in such a way as to plainly indicate the number of adult persons it can carry.

The buoyancy of such apparatus for the number of persons to be carried may be ascertained by dividing the number of pounds of iron it is capable of supporting in fresh water by 32.

Sec. 15. An approved life-buoy may be built of solid cork capable of floating in the water for at least 24 hours with 32 pounds of iron suspended from it; or—

(*a.*) A strong life-buoy of any other approved pattern and material, provided that it is capable of floating in the water for at least 24 hours with 32 pounds of iron suspended from it, and provided that it is not stuffed with rushes, cork shavings, or other shavings, or loose granulated cork or other loose material, and does not require inflation before use. There must not be a less number than two life-buoys on each passenger steamboat carrying by law two boats, with good line of suitable length attached to each buoy and kept at all times ready for instant use.

(*b.*) The air cases for life-rafts are not to exceed the length approved by the Board (four feet), with hooked, hammered and soldered joints, or riveted, and if made of iron to be galvanized, to be substantially enclosed with wood to be close-jointed.

The covering of the air cases in boats should be fastened with brass screws so they can be readily taken off to examine the air cases.

Collapsible boats may be used if approved by an Inspector, with the consent of the Chairman.

Sec. 16. No new pattern of or material in life-boats, life-rafts or life-buoys is to be passed unless approved by the Board of Steam-boat Inspection.

Life-Preservers.

Sec. 17. No steam-boat carrying passengers shall proceed to sea from any port or place in Canada, or depart from any port or place, or ply on any of the Lakes St. John, Memphremagog, Ontario, Erie, Huron, Georgian Bay, Simcoe, or Superior, or on the River St. Lawrence, or on the Rivers Ottawa or St. John, or on any lake or river in Manitoba, British Columbia, or the North-west Territories, or the District of Keewatin, which is, at any point on the route of such steamer, more than one mile broad, or shall navigate

in a bay or arm of the sea in Canada, unless she is provided with and carries on board thereof on every such voyage,—

(*a.*) Two hundred life-preservers (life-belts), if such steam-boat is of the registered tonnage of two hundred tons and upwards; or (*b*) three life-preservers for every five tons, if such steam-boat is of less than two hundred tons registered tonnage.

Sec. 18. Every steam-boat carrying passengers on rivers or inland waters other than the lakes and rivers provided for in the next preceding section, if of the registered tonnage of two hundred tons and upwards, shall be provided with and shall carry on board thereof on every voyage, not less than one hundred life-preservers, and if of less than two hundred tons registered tonnage, such steam-boat shall be provided with and shall carry on board thereof on every voyage fifty life-preservers.

Sec. 19. Provided always, that the maximum number of such life-preservers required on any steam-boat shall not exceed two hundred; but in any steam-boat, as to which the boat capacity, and the number of life-preservers together, fall short of the number of passengers she is allowed to carry by her certificate of inspection, such deficiency shall be supplied by a number of wooden floats, each equal in buoyancy to one cubic foot of seasoned white pine, equal to the number of passengers and crew not provided for in the boats, together with the life-preservers.

Sec. 20. No steam-boat employed chiefly in the carriage of freight, when carrying not more than sixty passengers, shall be required to be provided with or carry on board on any voyage, more than one life-preserver for each passenger, and one life-preserver for each of the crew then on board of such steam-boat.

Sec. 21. Every steam-boat not employed in the carriage of passengers, and every steam-boat to which the preceding sections 17, 18, 19 and 20, do not apply, shall, at all times when the crew thereof is on board, be provided with a life-preserver for each one of the crew.

Sec. 22. Each of such life-preservers (life-belts) shall be capable of floating in fresh water for 24 hours with 15 pounds of iron suspended from it. It should be cut out 2 inches under the arm-pits, and fitted and secured so as to remain securely in its place when put on, with shoulder straps and waist belt, or by other means approved by the Inspector. When any other material than solid cork is use for buoyancy it must first be specially approved by the Board of Steam-boat Inspection, and the life-preservers (life-belts) shall at all times be kept in convenient and accessible places in the state rooms or on the deck of such steam-boat, under cover and in readiness for immediate use.

Sec. 23. A cork jacket with shoulder straps and waist lines for fastening the same around the body, or such other description of life-preserver as the Governor in Council may approve, shall be the form of life-preserver to be used on passenger steam-boats.

Passenger Barges, Towed.

Sec. 24. Any barge, boat, bateau, scow, or undecked vessel having passengers on board, towed by a tug, before being granted a certificate of inspection, must be equipped with a boat or boats, life-preservers, life-buoys, and life-rafts, or any or all of the equipment named herein in addition to the equipment named in section 9 of the Act of the Parliament of Canada, intituled: "An Act further to amend the Steam-boat Inspection Act," and assented to on the 10th May, 1892, to the satisfaction of the Steam-boat Inspector who inspects her, who shall require her to be equipped with suitable life-saving equipment for the waters on which she is to ply, as well as suitable private conveniences or closets for the use of passengers.

(*a.*) The boats and boat equipment required must not be less than specified in section 1 (*b.*) of these rules, and in order to have the capacity required to carry twelve adult persons with the crew, or seventeen persons in all, on 17 feet length of keel must be 5 feet beam, by 2 feet depth, the capacity being found by multiplying length, breadth and depth, and dividing by 10.

COMMISSION.

STANLEY DE PRESTON.

[L.S.]

CANADA.

VICTORIA, par la Grâce de Dieu, Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, défenseur de la foi, etc., etc., etc.

A L'HONORABLE ADOLPHE BASILE ROUTHIER, de la cité de Québec, un des juges de la cour Supérieure dans et pour la province de Québec, et L'HONORABLE MELBOURNE M. TAIT, de la cité de Montréal, un des juges de la cour Supérieure dans et pour la province de Québec,—SALUT :

ROBT. SEDGEWICK, Député du ministre de la Justice, Canada. } CONSIDÉRANT que dans et par les Statuts Revisés du Canada, chapitre 114, intitulé " Acte concernant les enquêtes sur les affaires publiques," il est entre autres choses en substance statué, que chaque fois que le Gouverneur en conseil fera instituer une enquête sur quelque objet ayant trait au bon gouvernement du Canada, ou sur la gestion de quelque partie des affaires publiques, si cette enquête n'est régie par aucune loi spéciale, il pourra autoriser, par la commission à cette fin, les commissaires ou personnes chargés de conduire et diriger l'enquête, à assigner devant eux tous témoins, et à leur faire rendre témoignage sous serment, soit de bouche, soit par écrit, ou sous affirmation solennelle si ce sont des personnes qui ont droit d'affirmation en matière civile, et à leur faire produire les documents et choses que les commissaires jugeront nécessaires pour la parfaite investigation des objets dont ils seront chargés de s'enquérir.

ET CONSIDÉRANT que dans le cours de la session du parlement qui a eu lieu en la présente année (1892), M. James D. Edgar, un membre de la chambre des Communes, a fait de son siège en la Chambre des Communes, le sixième jour d'avril dernier, certaines allégations contre l'honorable Sir Adolphe P. Caron, C.C.M.G., un autre membre de la chambre, et un membre du Conseil Privé de la Reine pour le Canada, lesquelles allégations sont énoncées dans les procès-verbaux et dans les journaux de la dite chambre ;

ET CONSIDÉRANT qu'à une date subséquente le dit James D. Edgar fit une motion, à l'effet que les dites allégations fussent renvoyées au comité spécial de la Chambre des Communes sur les privilèges et élections, et un débat s'étant élevé là-dessus quant à l'à-propos et convenance de renvoyer ainsi les dites allégations, et quant au sens des accusations et imputations qui y étaient ainsi portées,—la Chambre a adopté la résolution ci-dessus :—

" James D. Edgar, député du district électoral de Ontario-ouest en cette Chambre, ayant déclaré, de son siège en Chambre, qu'il est informé d'une manière digne de foi et qu'il croit pouvoir établir par des preuves satisfaisantes,—

1. Que durant chacune des années 1882 à 1891, inclusivement, la Compagnie du chemin de fer de Québec au lac Saint-Jean a reçu, par voie de bonus, de la Puissance du Canada, des subventions s'élevant dans l'ensemble à plus d'un million de piastres, lesquelles ont été votées par le parlement sur la recommandation des ministres de la Couronne.

2. Que des arrangements ont été conclus par la dite compagnie de chemin de fer en vertu desquels les dites subventions ont été dépensées par une compagnie de construction, par l'entremise du nommé H. J. Beemer, entrepreneur, ou de concert avec lui, et que le dit Beemer et ceux qui l'ont aidé à trouver des fonds pour la construction des travaux du dit chemin de fer, ont eu le bénéfice des dites subventions.

3. Que durant la totalité de la dite période de 1882 à 1891, l'honorable Sir Adolphe P. Caron était, comme il l'est encore, membre de la Chambre des Communes du Canada, membre du gouvernement canadien et l'un des conseillers privés de Sa Majesté pour le Canada.

4. Que le dit Sir A. P. Caron a été, durant la totalité ou la majeure partie de la dite période, l'un des membres de la dite compagnie de construction, et qu'à ce titre il avait les moyens de savoir, comme il savait de fait, l'emploi des dites subventions et leur affectation après qu'elles eurent été versées par le gouvernement à la dite compagnie de chemin de fer.

5. Que durant la dite période, et pendant que le dit chemin de fer se construisait en partie au moyen des dites subventions, le dit Sir A. P. Caron a reçu frauduleusement de fortes sommes d'argent provenant des dites subventions, des deniers prélevés sur leur crédit, et de personnes en retirant des bénéfices.

6. Que durant la même période, de fortes sommes d'argent provenant des dites subventions et de deniers prélevés sur leur crédit, et de personnes en retirant des bénéfices, ont, de temps à autre, été frauduleusement versées à titre de contribution, à la demande et connaissance du dit Sir A. P. Caron, pour des fins électorales et pour aider à l'élection à la chambre des Communes du dit Sir A. P. Caron et autres membres et partisans du gouvernement dont il était un des membres, et qu'après le paiement de quelques-unes des dites contributions frauduleuses, de nouvelles subventions ont été accordées et versées à la dite compagnie de chemin de fer par le gouvernement dont le dit Sir A. P. Caron était l'un des membres.

7. Que la Compagnie du chemin de fer de Témiscouata a été légalement constituée par lettres patentes émises par le gouvernement canadien, le 6 octobre 1885, et que depuis cette date, la dite compagnie de chemin de fer a reçu de la Puissance du Canada des

subventions au montant de $649,200, qui ont été votées par le parlement sur la recommandation des ministres de la Couronne.

8. Que depuis le dit 6 octobre 1885, et pendant que le dit chemin de fer de Témiscouata se construisait en partie au moyen des dites subventions, le dit Sir A. P. Caron a frauduleusement reçu de fortes sommes d'argent des personnes qui, de temps à autre, ont eu le contrôle de la dite Compagnie du chemin de fer de Témiscouata et des dites subventions, ou qui étaient directement intéressées dans les dites subventions.

9. Qu'aussi, depuis le dit 6 octobre 1885, les personnes qui, de temps à autre, ont eu le contrôle du dit chemin de fer de Témiscouata et des dites subventions ou qui étaient directement intéressées dans les dites subventions, ont versé à titre de contribution de fortes sommes, à la demande et connaissance du dit Sir A. P. Caron, pour des fins électorales et pour aider à l'élection à la Chambre des Communes du dit Sir A. P. Caron et autres membres et partisans du gouvernement dont il était un des membres, et qu'après le paiement de quelques-unes des dites contributions frauduleuses, de nouvelles subventions ont été accordées et payées à la dite compagnie de chemin de fer par le gouvernement dont le dit Sir A. P. Caron était l'un des membres.

Qu'au cours du débat qui s'est élevé sur la résolution basée sur ces déclarations du lit M. Edgar, l'honorable M. Mills, député du district électoral de Bothwell, s'est exprimé comme suit :

" Ainsi, quand le ministre de la justice et ses collègues entreprennent de démontrer que la Chambre n'a plus le pouvoir de s'enquérir des cas de détournement des deniers publics pour corrompre les électeurs, sous prétexte que les procès d'élection ont été confiés aux tribunaux, je me permets de différer d'opinion avec eux. Le procès d'une pétition en invalidation d'élection est une chose. L'emploi délibéré des deniers publics par un membre du gouvernement pour corrompre les électeurs, en est une autre qui exige une enquête parlementaire, et ce droit n'est pas le moindrement affecté parce que les procès en invalidation d'élection ont été confiés aux tribunaux."

Aussi : " Ces accusations s'appliquent à l'accusé plutôt en sa qualité de membre du gouvernement qu'en sa qualité de membre de la Chambre. Quelles sont, en effet, les accusations qui sont portées ? Elles sont à l'effet qu'on a avisé la couronne d'approprier de fortes sommes à certaines fins désignées et que cet argent a été détourné de ces fins publiques et mis entre les mains d'un ministre de la couronne pour corrompre l'électorat dans certaines parties du Canada.

Aussi : " Voici une déclaration disant que cet honorable ministre, le directeur général des Postes, est le ministre qui a avisé la couronne d'accorder ces subsides, pour aider à ces compagnies. Il est accusé d'avoir obtenu une partie des subsides ainsi votés, ou une somme équivalente, de ces mêmes compagnies et de s'en être servi pour lui-même, pour sa propre élection et pour les élections de vingt-trois divisions électorales du Canada. Cette accusation est assez précise et assez claire. L'accusation dit aussi qu'après que ce ministre eût reçu cet argent, il conseilla à la couronne de voter d'autres subsides à d'autres personnes, et qu'à même ces nouveaux subsides, il a encore reçu certaines sommes.

Aussi : " S'il a conseillé à la couronne d'accorder des subsides et s'il était entendu avec une des compagnies de chemins de fer qui devait profiter de ces subsides, qu'une partie de l'argent lui reviendrait, nous devons le savoir, nous avons droit de le savoir."

Qu'au cours du dit débat, l'honorable Sir Richard Cartwright, représentant le district électoral d'Oxford-Sud, s'est exprimé comme suit :

" Mais de quoi donc mon honorable ami, qui siège à mes côtés, accuse-t-il le directeur général des Postes ? Il l'accuse sans ambiguité, mais en termes précis, de s'être rendu coupable de la conspiration la plus immorale qu'un ministre de la couronne puisse commettre."

M. Edgar, au cours du dit débat, s'est exprimé comme suit :—

" Les chemins de fer compris dans cette accusation ont été aidés par les gouvernements fédéral et provincial, et ce dont je me plains c'est que le ministre des Postes s'est approprié les subventions fédérales." Et encore,—

" Le ministre de la Marine a soulevé une singulière question quand il a dit que je n'ai pas, comme j'aurais dû le faire, accusé son collègue de vol public. Je n'ai pas employé ces mots, mais je me suis certainement exprimé en termes qui comportent cette signification. Si ce n'est pas un vol public, pour un député de prendre des deniers à même des subventions publiques, j'aimerais à savoir ce que c'est." Et encore : " Ainsi, je pense que si je puis procéder et prouver ces accusations, on aura un cas de conspiration des plus abominables, d'après la loi."

Que d'après les déclarations précédentes faites par le dit J. D. Edgar, et les commentaires et arguments à ce sujet faits par les dits David Mills, Sir R. Cartwright et le dit J. D. Edgar de leurs sièges en cette Chambre, il ressort que le dit J. D. Edgar avait l'intention, par les dites déclarations, d'accuser Sir A. P. Caron, un membre de cette chambre et de l'honorable Conseil Privé du Canada d'offenses graves et d'oubli de ses devoirs, bien que les dites déclarations du dit J. D. Edgar, en premier lieu citées, ne comportent pas d'accusation définie ou précise contre lui.

Que les déclarations du dit J. D. Edgar et les commentaires et arguments des dits autres membres de cette Chambre et ses propres commentaires à ce sujet dénotent l'intention de porter, par les dites déclarations, les accusations suivantes contre le dit Sir A. P. Caron, savoir :—

1. Que pendant chacune des années 1882 à 1891, inclusivement, la Compagnie du chemin de fer de Québec au lac Saint-Jean a reçu, par voie de boni, du gouvernement fédéral des subventions s'élevant dans l'ensemble à plus d'un million de piastres, qui avaient été votées par le parlement, sur la recommandation de ministres de la couronne.

2. Que pendant la totalité de la dite période de 1882 à 1891, l'honorable Sir A. P. Caron a été, comme il l'est encore, membre du gouvernement du Canada et l'un des conseillers privés de Sa Majesté pour le Canada, et aussi membre de la Chambre des Communes dans chaque parlement élu depuis 1882.

3. Que pendant la dite période, et pendant que le chemin de fer de Québec au lac Saint-Jean se construisait en partie au moyen des dites subventions, le dit Sir A. P. Caron a sciemment aidé et contribué à distraire les dites subventions des fins de leur octroi, en recevant, pour des fins électorales, de la dite compagnie de chemin de fer, ou d'une compagnie de construction formée pour construire le dit chemin de fer, ou du sieur H. J. Beemer, gérant ou entrepreneur du dit chemin, de fortes sommes d'argent à même les dites subventions, et à même les deniers prélevés sur leur crédit ; et qu'aussi, pendant la dite période, il a, de plus, sciemment ainsi aidé et contribué à obtenir des dites compagnies ou de l'une d'elles, le paiement, à même les dites subventions ou à même les deniers prélevés par les dites compagnies ou par l'une d'elles, sur leur crédit, de fortes sommes d'argent pour des fins électorales et pour aider à l'élection à la Chambre des Communes du dit Sir A. P. Caron et d'autres membres et partisans du gouvernement dont il formait partie.

4. Qu'après que quelques-uns des paiements en dernier lieu mentionnés ont été ainsi obtenus et versés, le dit Sir A. P. Caron, en considération des dits paiements, a frauduleusement aidé la compagnie à obtenir de nouvelles subventions du parlement fédéral.

5. Que depuis le 6 octobre 1885, la Compagnie du chemin de fer de Témiscouata a reçu diverses subventions du gouvernement du Canada, s'élevant dans l'ensemble à environ $649,200, et que Sir A. P. Caron a sciemment aidé et contribué à distraire les dites subventions des fins de leur octroi, en recevant de la dite compagnie de fortes sommes d'argent à même les dites subventions ou à même des deniers prélevés sur leur crédit, et aussi en obtenant de la dite compagnie, à même les dites subventions ou à même les deniers prélevés sur leur crédit, le paiement de très fortes sommes d'argent pour aider à son élection comme membre de la Chambre des Communes et à l'élection d'autres personnes comme membres de cette Chambre.

6. Qu'après que quelques-uns des paiements en dernier lieu mentionnés ont été ainsi obtenus et versés, le dit Sir A. P. Caron, en considération des dits paiements, a frauduleusement aidé la dite compagnie à obtenir de nouvelles subventions du parlement du Canada.

7. Que le dit Sir A. P. Caron a détourné de leur destination des deniers publics dans le but de corrompre l'électorat du Canada, savoir : une partie des deniers votés à titre de subventions, tel que ci-dessus mentionné.

8. Que la couronne ayant été avisée de consacrer de fortes sommes d'argent pour des fins publiques, savoir, les dites subventions, les dites sommes ou partie d'icelles ont été détournées de leurs fins et placées dans les mains de Sir A. P. Caron dans le but de corrompre l'électorat dans certaines parties du Canada.

9. Que le dit Sir A. P. Caron, lorsque les dites subventions ou quelques-unes d'icelles ont été votées ou recommandées, s'était entendu avec une ou plusieurs des compagnies de chemins de fer bénéficiant des dites sommes votées ou avec une ou plusieurs personnes ayant un intérêt dans les dites sommes, pour que les deniers ainsi votés par le parlement ou partie d'iceux lui fussent remis.

10. Que le dit Sir A. P. Caron, à raison de ce fait, a frauduleusement conspiré avec les dites compagnies ou avec une ou plusieurs d'icelles.

Que dans l'opinion de cette chambre, il est expédient qu'il soit institué une enquête sur la vérité ou la fausseté des allégations et accusations en dernier lieu mentionnées et numérotées respectivement de 1 à 10 (étant les allégations et accusations renfermées dans les déclarations originales du dit J. D. Edgar et celles faites au cours du débat sur le sujet) ; et qu'à cette fin, la chambre pense qu'il est opportun et convenable que la preuve relative aux dites allégations et accusations soit faite devant un ou plusieurs commissaires à être nommés en vertu du chapitre 114 des Statuts Revisés du Canada et ayant tous les pouvoirs mentionnés dans le dit chapitre, et que cette preuve soit déposée devant cette chambre quand elle sera complétée."

Que les noms des dits commissaire ou commissaires soient soumis à l'approbation de la chambre avant sa ou leur nomination.

ET CONSIDÉRANT qu'il est à propos, en conformité de la dite résolution de la Chambre des Communes, qu'une enquête sous serment soit faite quant à la vérité ou fausseté des dites accusations ou allégations mentionnées ;

ET CONSIDÉRANT que les noms de vous le dit Adolphe Basile Routhier et Melbourne M. Tait, ayant été soumis, ont dûment été approuvés par la dite Chambre des Communes,—

SACHEZ DONC que par et en vertu de tous et chacun des pouvoirs et pouvoir qui nous sont conférés à cet égard, et par et avec l'avis de Notre Conseil privé pour le Canada, et ayant pleine confiance dans votre loyauté, intégrité et habileté, Nous vous avons nommés, constitués et choisis, et par les présentes Nous vous nommons, constituons et choisissons vous les dits Adolphe Basile Routhier et Melbourne M. Tait, Nos commissaires pour recevoir des témoignages quant à la vérité ou fausseté des dites accusations et allégations ainsi portées comme susdit contre le dit Sir Adolphe P. Caron, et ci-dessus plus particulièrement mentionnées et spécifiées.

Et par et en vertu des pouvoirs qui vous sont conférés par le statut en dernier lieu ci-dessus cité, Nous vous autorisons et vous donnons le pouvoir comme tels commissaires de faire comparaître par-devant vous tous témoins qui pourraient être en état de prouver ou de produire des documents démontrant la vérité ou la fausseté des accusations ou allégations susdites, et les obliger de rendre témoignage sous serment de bouche, ou par écrit, ou affirmation solennelle si elles sont des personnes qui ont droit d'affirmer en matières civiles, et de produire tous documents et choses que vous, Nos dits Commissaires, jugerez nécessaires à la complète investigation et preuve des matières dont vous êtes par les présentes chargés de vous enquérir et d'examiner.

Et par les présentes Nous vous conférons tous les pouvoirs et autorité que le statut Nous autorise de conférer.

Et Nous ordonnons et enjoignons qu'un dossier soit dressé de toute la preuve et de tous les documents produits devant vous au sujet des énoncés, accusations et allégations susdits, et dans le cas où il s'élèverait quelque différence d'opinion quant à l'admissibilité de toute preuve ou documents à vous soumis comme tels commissaires, alors cette preuve sera prise et ces documents seront reçus sujets à toute objection qui pourrait s'élever ou que vous constaterez, et seront entrés au dossier séparément.

Pour, par vous le dit Adolphe Basile Routhier et par vous le dit Melbourne M. Tait, avoir, tenir, exercer et jouir de la dite charge, emploi et fonction de confiance, ainsi que les droits, pouvoirs, privilèges et émolument attachés de droit à la dite charge, emploi et fonction de confiance, et que la loi confère, durant bon plaisir.

Et par les présentes Nous vous enjoignons et ordonnons de faire rapport à Notre Secrétaire d'Etat pour le Canada, de la preuve prise par vous en qualité de commissaires comme susdit.

EN FOI DE QUOI, Nous avons fait émettre nos présentes Lettres Patentes et à icelles fait apposer le Grand Sceau du Canada. TÉMOIN, Notre très fidèle et bien aimé le Très-honorable Sir FREDERICK ARTHUR STANLEY, Baron Stanley de Preston, dans le comté de Lancaster, dans la Pairie du Royaume-Uni, Chevalier Grand-croix de Notre Très-honorable Ordre du Bain ; Gouverneur général du Canada.

A Notre Hôtel du Gouvernement, en Notre CITÉ d'OTTAWA, ce SEIZIÈME jour de JUIN, dans l'année de Notre-Seigneur, mil huit cent quatre-vingt-douze, et de Notre Règne la cinquante-cinquième.

Par ordre,

ARRÊTÉS EN CONSEIL.

HOTEL DU GOUVERNEMENT A OTTAWA.

Mardi, le 2e jour d'août 1892.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT que le parlement du Canada, à sa dernière session, a passé un acte, 55-56 Victoria, chapitre 19, intitulé "Acte modifiant de nouveau l'Acte d'inspection des bateaux à vapeur," dans lequel il est entre autres choses statué, par les articles 4 et 5, que le Gouverneur en conseil pourra faire les règlements qu'il jugera à propos au sujet des canots, ceintures de sauvetage, et autres appareils de sauvetage que devront porter les bateaux à vapeur ou autres navires mentionnés au dit acte ;

Et considérant qu'il est en outre statué que le dit acte entrera en vigueur à compter d'une date désignée par proclamation du Gouverneur en conseil, et que Son Excellence le Gouverneur général en conseil, par une proclamation datée le 2e jour d'août 1892, a déclaré que le dit acte deviendrait exécutoire le quinzième jour d'août 1892,—

Il plaît à Son Excellence, en vertu des pouvoirs qui lui sont conférés par les articles 4 et 5 du susdit acte, et par et avec l'avis du Conseil privé de la Reine pour le Canada, de faire les règlements ci-dessous concernant les canots, ceintures et autres appareils de sauvetage que devront porter les bateaux à vapeur ou autres vaisseaux mentionnés dans le dit acte, ces dits règlements devenant exécutoires à compter du jour qui suivra le jour fixé par la susdite proclamation, comme celui auquel le dit acte 55-56 Victoria, chapitre 19, entrera en vigueur au Canada.

JOHN J. McGEE,
Greffier du Conseil privé.

—

RÈGLES ET RÈGLEMENTS concernant l'inspection des canots, bouées et autres appareils de sauvetage que devront porter les bateaux à vapeur ou autres vaisseaux sous l'empire de l'Acte d'inspection des bateaux à vapeur, et ses amendements.

Canots.

Art. 1. On observera les dispositions ci-jointes au sujet des canots que devront porter les bateaux à vapeur :—

(*a.*) Nul bateau à vapeur ayant des passagers à bord ne prendra la mer d'un port ou endroit en Canada, ou ne partira d'un port ou endroit, ou ne naviguera sur aucun des lacs Saint-Jean, Memphremagog, Ontario, Erié, Huron ou Baie Georgienne, Simcoe, ou Supérieur, ou sur le fleuve Saint-Laurent, ou sur les rivières Ottawa, ou Saint-Jean, ou sur aucun lac ou rivière dans le Manitoba, la Colombie-Britannique ou les Territoires du Nord-Ouest, ou le district de Kéwatin, qui aura plus d'un mille de largeur à un point quelconque sur la route de ce bateau à vapeur ;

(*b.*) Sans avoir à bord, ou attachés à ce bateau à vapeur, des canots solides bien équipés et en bonne condition, d'au moins dix-sept pieds de quille chacun, et munis de six rames et autres agrès nécessaires, et pouvant soutenir chacun au moins douze personnes adultes à part l'équipage du canot.

Ces canots seront dans la proportion suivante quant au tonnage de registre de ce bateau à vapeur, savoir :—

Au moins un canot pour chaque bateau à vapeur de moins de cinquante tonneaux ;

Au moins deux canots pour chaque bateau à vapeur de cinquante tonneaux et plus, mais de moins de (300) trois cents tonneaux ;

Au moins trois canots pour chaque bateau à vapeur de trois cents tonneaux et plus ; et

(*c.*) Si ce bateau à vapeur est du tonnage de registre de cent tonneaux ou plus de (300) trois cents tonneaux, sans qu'il ait à bord ou y attachés en sus des canots ci-dessus exigés,—

Un bon et solide canot de sauvetage capable de soutenir à l'intérieur trente personnes. Ce canot de sauvetage sera censé être d'une capacité suffisante s'il a les dimensions suivantes : Longueur de quille, vingt-deux pieds ; largeur du bau en dehors, cinq pieds six pouces ; profondeur depuis le dessus de la quille jusqu'au dessus du plat-bord, en bas des toletières ; deux pieds neuf pouces ; ou

Deux bons et solides canots de sauvetage, chacun capable de soutenir à l'intérieur vingt personnes. Ces canots de sauvetage seront censés d'une capacité suffisante s'ils ont les dimensions suivantes : Longueur de quille, dix-huit pieds, largeur à l'extérieur, cinq pieds deux pouces ; profondeur depuis le dessus de la quille jusqu'au dessus du plat-bord, deux pieds deux pouces ;

(*d.*) Si ce bateau à vapeur a un tonnage de registre de (300) trois cents tonneaux ou plus jusqu'à six cents tonneaux ou plus (alors que le nombre des canots de sauvetage pourra être augmenté à la satisfaction de l'inspecteur), sans qu'il ait à bord ou y attachés, en sus des canots exigés,—

Deux bons et solides canots de sauvetage capables de soutenir à l'intérieur trente personnes, ou quatre bons et solides canots de sauvetage chacun capable de soutenir à l'intérieur vingt personnes, et chacun de la grandeur décrite à (*c*) au moins.

Art. 2. Chaque canot de sauvetage sera fait de métal convenable d'une épaisseur égale au fil métallique n° 18, ou de bois sur le modèle des baleinières, avec une tonture d'environ $\frac{3}{4}$ de pouce par pied, s'élevant également depuis le milieu du canot jusqu'à l'avant et derrière. Il aura de bons compartiments imperméables à l'air aux bouts et aux côtés, faits de bois ou de métal ; ces compartiments auront une capacité en pieds cubes de un dixième de la capacité du canot. Cette capacité se trouve en multipliant la longueur et la largeur à l'extérieur, et la profondeur en dedans depuis le dessous des toletières ou dessus du plat-bord en pieds, et par ·6, le resultat égale les pieds cubes voulus dans les compartiments intérieurs et extérieurs, dont environ la moitié doit être à l'extérieur ; et en divisant par 10, donnera le nombre de personnes que le canot de sauvetage sera censé pouvoir porter. A l'extérieur on pourra employer du liége solide au lieu de compartiments imperméables à l'air ; 1·25 pied cube de liége étant considéré égal à 1 pied cube de compartiment à air ;

(*a.*) On ne doit pas employer de zinc dans la construction d'un canot de sauvetage ou de ses compartiments à air, lesquels doivent être d'un métal approuvé par le bureau d'inspection des bateaux à vapeur, ou par le président.

(*b.*) Les compartiments imperméables à l'air seront distribués de manière à donner au canot la légèreté et la solidité convenables. Il sera laissé au choix du propriétaire de placer les compartiments à air, soit sous les bancs, soit dans les bouts ou le long des côtés, pourvu qu'un canot de sauvetage efficace soit fourni à la satisfaction de l'inspecteur ;

(*c.*) Les espaces remplis ou contenant quelques matières ne seront pas censés être des espaces à air ;

(*d.*) Un bateau à poupe carrée ne sera pas considéré être un canot de sauvetage ;

(*e.*) Des cordes de sauvetage avec bouées seront convenablement attachées aux côtés ou plats-bords du canot de sauvetage.

Art. 3. Les canots de sauvetage seront munis d'un assortiment complet de rames, une pour chaque toletière, et deux rames de rechange, bien assujéties et prêtes à servir ;

(*a.*) Avec deux tampons pour chaque trou, attachés avec des aiguillettes ou des chaînes, et un jeu et demi de tolets attachés au canot par des aiguillettes et prêts à mettre en place ;

(*b.*) Avec une ancre du large, un gouvernail et un timon, et des cordes de gouvernail, une amarre assez longue pour atteindre des daviers au canot lorsqu'il est à l'eau, et le remorquer, une écope, une petite hache à chaque bout du canot, et une gaffe, aussi attachés au canot par une bonne aiguillette ;

(*c.*) Si le bateau à vapeur navigue en mer (sur l'eau salée) on devra garder à bord de chaque canot un vaisseau rempli d'eau douce (et un canot de sauvetage au moins doit être gréé d'un mât ou de mâts, et d'une voile ou de voiles et agrès), et d'une bonne boussole et un gallon d'huile animale ou végétale, et un vaisseau ou appareil d'un modèle approuvé pour la répandre sur l'eau dans le mauvais temps, et d'un fanal rempli d'huile capable de durer huit heures ;

(*d.*) On devra prendre des moyens pour détacher instantanément le canot de sauvetage des dernières poulies du davier. On ne tolèrera pas de crochet ordinaire dans la dernière poulie. Les daviers du bateau devront être assez forts et assez espacés pour pouvoir lancer le canot sans travail inutile, que les cales du canot puissent être enlevées facilement, et que le canot ne frappe pas le flanc du navire en descendant lorsque le navire n'a pas de bande, et que tous les agrès, daviers, palans, poulies, boulons à œillet et anneaux, etc., soient d'une force suffisante pour pouvoir descendre le canot avec son équipage au complet.

Art. 4. Chaque canot sera entretenu en bonne condition, étanche et prêt à servir immédiatement ; quand on se sert de bois pour chauffer les chaudières des bateaux à haute pression (non condenseurs) les abris de ces canots seront faits de bois recouvert de zinc ; et chaque canot aura le nom du bateau à vapeur auquel il appartient, ainsi que le nom de son port d'enregistrement distinctement peinturés à l'avant et à l'arrière.

Art. 5. Chaque tel bateau à vapeur sera muni de moyens suffisants pour descendre à l'eau sûrement et promptement les canots qui sont ci-dessus requis d'être à bord ou attachés à ce bateau à vapeur ; et les capitaines de bateaux à vapeur diviseront leurs équipages par escouades et les dresseront à descendre et manœuvrer les dits canots et canots de sauvetage au moins une fois par semaine, alternativement.

Art. 6. Chaque tel canot sera pendu à des daviers distincts, avec des agrès complets et prêts à le descendre sans délai ; pourvu que dans le cas où un tel bateau à vapeur porte deux canots de sauvetage, un des autres canots pourra être porté sur le pont supérieur sans daviers.

Art. 7. Nul bateau à vapeur employé principalement au transport du fret, lorsqu'il ne porte pas plus que vingt-cinq passagers, ne sera obligé d'avoir à bord ou attaché à ce bateau à vapeur que deux canots en sus d'un canot de sauvetage.

Art. 8. Le ministre de la Marine et des Pêcheries pourra autoriser l'usage dans certains cas particuliers, d'un nombre plus ou moins grand de canots, ou de dimensions différentes de ceux ci-dessus spécifiés ; et avec cette autorisation il suffira que tout tel bateau à vapeur porte et soit muni de canots des dimensions spécifiées dans telle autorisation.

Art. 9. Les bateaux à vapeur restreints à la navigation de la rivière Saint-Jean en amont de Frédéricton, les eaux du district de Muskoka, le comté de Victoria, et le comté de Peterborough dans la province d'Ontario,

et les eaux de la rivière Ottawa et ses tributaires en amont de la cité d'Ottawa, ou des lacs ou rivières dont la largeur n'excèdera pas un mille à un point quelconque sur la route de ce bateau à vapeur, et qui sont employés au transport des passagers, portera au moins un bon canot muni de quatre rames, et assez grand pour pouvoir contenir au moins douze personnes, à part l'équipage.

Art. 10. Chaque bateau à vapeur employé au transport de passagers, et ne naviguant que sur des rivières ou eaux intérieures, autres que les rivières et eaux intérieures ci-dessus spécifiées, devra, si ce bateau à vapeur dépasse cent cinquante tonneaux de registre, porter au moins deux bons canots munis de quatre rames chacun, et d'une capacité suffisante pour pouvoir porter avec sûreté au moins douze personnes à part l'équipage ; et si ce bateau à vapeur ne dépasse pas cent cinquante tonneaux de registre et n'a pas moins que cinquante tonneaux de registre, il ne sera pas tenu de porter plus qu'un tel canot ; et si ce bateau à vapeur a moins que cinquante tonneaux de registre, il portera un bon canot, des grandeur et description, et gréé selon que l'approuvera l'inspecteur dans chaque cas.

Art. 11. Chaque bateau à vapeur non employé au transport des passagers, et chaque bateau à vapeur auquel les dispositions précédentes du présent article ne s'appliquent pas, devra en tout temps, lorsque son équipage est à bord, avoir à bord ou attaché à ce bateau à vapeur, dans quelque endroit propice, un bon canot solide, ou de bons canots solides, en bonne condition et convenablement équipés, et munis de rames en nombre suffisant et autres agrès nécessaires, et d'une capacité suffisante pour pouvoir porter tout l'équipage de ce bateau à vapeur, avec des moyens suffisants pour descendre ce canot ou ces canots sûrement et promptement.

Art. 12. Le nombre de personnes que ces canots pourront porter sera déterminé en multipliant la longueur de la quille par la largeur à l'extérieur, et par la profondeur depuis le dessus de la quille jusqu'au dessous des toletières en pieds, et divisant par 10, le quotient donnera le nombre de personnes que chaque canot pourra porter.

Radeaux et bouées de sauvetage.

Art. 13. Les radeaux de sauvetage doivent être approuvés par le bureau d'inspection des bateaux à vapeur avant de déterminer le nombre de personnes qu'ils pourront porter ; pourvu que trois pieds cubes au moins de forts et bons compartiments à air construits de façon que l'eau n'y puisse pénétrer seront le montant d'espace d'air alloué à chaque personne portée sur le radeau.

Art. 14. Pour qu'un appareil flottant soit approuvé il ne faut pas qu'il soit nécessaire de le gonfler avant de s'en servir ; il devra être de construction approuvée, et marqué de façon à indiquer distinctement le nombre de personnes adultes qu'il peut porter.

La légèreté de cet appareil, en proportion du nombre de personnes à porter, peut être déterminée en divisant par 32 le nombre de livres de fer qu'il peut supporter dans l'eau douce.

Art. 15. Une bouée de sauvetage approuvée sera faite de liège solide capable de flotter sur l'eau pendant au moins 24 heures, avec 32 livres de fer y attachées ; ou—

(*a.*) Une forte bouée de sauvetage de tout autre modèle et de matériaux approuvés, pourvu qu'elle soit capable de flotter sur l'eau pendant au moins 24 heures avec 32 livres de fer y attachées, et pourvu qu'elle ne soit pas bourrée d'ajoncs, de râpures de liège ou autres planures, ou de liège granulé ou autre matière libre, et n'ait pas besoin d'être gonflée avant de servir. Chaque bateau à passagers que la loi oblige à porter deux canots, devra avoir au moins deux bouées de sauvetage, avec une bonne corde de longueur suffisante attachée à chaque bouée, et tenues toujours prêtes à servir à tout instant.

(*b.*) Les boîtes à air pour les radeaux de sauvetage ne doivent pas excéder la longueur approuvée par le bureau (quatre pieds), avec joints agrafés, martelés et soudés, ou rivés, et si elles sont en fer, ce fer sera galvanisé ; elles seront solidement entourées de bois à joints bien clos.

La couverture des boîtes à air dans les canots doivent être assujéties au moyen de vis de cuivre, de façon à pouvoir être facilement enlevée pour examiner les boîtes à air.

Des canots qui s'emboîtent pourront être employés s'ils sont approuvés par un inspecteur, avec le consentement du président.

Art. 16. Nul nouveau modèle ou matière pour les canots, radeaux ou bouées de sauvetage ne sera passé avant d'être approuvé par le bureau d'inspection des bateaux à vapeur.

Ceintures de sauvetage.

Art. 17. Nul bateau à vapeur transportant des passagers ne prendra la mer d'un port ou endroit en Canada, ou ne partira d'un port ou endroit, ou ne naviguera sur aucun des lacs Saint-Jean, Memphrémagog, Ontario, Erié, Huron ou Baie Georgienne, Simcoe ou Supérieur, ou sur le fleuve Saint-Laurent, ou sur les rivières Ottawa, ou Saint-Jean, ou sur aucun lac ou rivière dans le Manitoba, la Colombie-Britannique ou les Territoires du Nord-Ouest, ou le district de Kéwatin, qui aura plus d'un mille de largeur à un point quelconque sur le route de ce bateau à vapeur ; ni ne naviguera dans une baie ou bras de mer en Canada, sans avoir à bord à chaque voyage,—

(*a.*) Deux cents ceintures de sauvetage, si ce bateau est de deux cents tonneaux et plus de registre ; ou (*b*) trois ceintures de sauvetage par chaque cinq tonneaux, si ce bateau a moins que deux cents tonneaux de registre.

Art. 18. Chaque bateau à vapeur transportant des passagers sur des rivières et eaux intérieures autres que les lacs et rivières spécifiés dans l'article immédiatement précédent, s'il a deux cents tonneaux et plus de registre, devra avoir à bord à chaque voyage, pas moins que cent ceintures de sauvetage, et s'il a moins que deux cents tonneaux de registre, ce bateau portera à bord à chaque voyage cinquante ceintures de sauvetage.

Art. 19. Pourvu toujours que le nombre maximum de ces ceintures de sauvetage que chaque bateau à vapeur est tenu d'avoir à bord, n'excèdera pas deux cents ; mais si un bateau à vapeur n'a pas le nombre de canots et de ceintures de sauvetage proportionné au nombre de passagers que son certificat d'inspection lui permet de porter, on suppléera à ce déficit au moyen de flotteurs en bois, équivalant chacun en légèreté à un pied cube de pin blanc séché, égal au nombre de passagers et de l'équipage pour lesquels il n'y a pas de canots ni de ceintures de sauvetage.

Art. 20. Nul bateau à vapeur employé principalement au transport du fret, lorsqu'il transportera pas plus que soixante passagers, ne sera tenu d'avoir à bord, dans un voyage, plus d'une ceinture de sauvetage pour chaque passager, et une ceinture de sauvetage pour chacun de l'équipage alors à bord de tel bateau.

Art. 21. Chaque bateau à vapeur non employé au transport de passagers, et chaque bateau à vapeur auquel les articles 17, 18, 19 et 20 ne s'appliquent pas, devra avoir, en tous temps lorsque l'équipage est à bord, une ceinture de sauvetage pour chacun de l'équipage.

Art. 22. Chacune de ces ceintures de sauvetage sera capable de flotter dans l'eau douce pendant 24 heures, avec 15 livres de fer y attachées. Elles seront échancrées de 2 pouces sous les aisselles, et ajustées et assujéties de façon à ne pas se déranger une fois mises, avec bretelles et ceinturon, ou autres moyens approuvés par l'inspecteur. Si d'autre matière que du liège solide est employée pour faire flotter, elle sera d'abord approuvée spécialement par le bureau d'inspection des bateaux à vapeur, et les ceintures de sauvetage seront en tous temps gardées dans un endroit accessible et à la main dans les cabines ou sur le pont du bateau, bien abritées et prêtes à servir à tout instant.

Art. 23. Un gilet de liége avec bretelles et ceinturons pour le fixer autour du corps, ou toute autre espèce de ceinture de sauvetage que le Gouverneur général en conseil pourra approuver, sera la forme de ceinture de sauvetage à employer sur les bateaux à passagers.

Barges à passagers à la remorque.

Art. 24. Avant qu'une barge, chaloupe, bateau, chalan ou vaisseau non ponté ayant des passagers à bord, toué par un remorqueur, reçoive un certificat d'inspection, il devra être muni d'un canot ou de canots, de ceintures, bouées et radeaux de sauvetage, ou de tous et chacun des équipements mentionnés au présent, en sus de l'équipement mentionné à l'article 9 de l'acte du parlement du Canada, intitulé " Acte modifiant de nouveau l'Acte d'inspection des bateaux à vapeur," et sanctionné le 10e jour de mai 1892, à la satisfaction de l'inspecteur des bateaux à vapeur qui l'inspecte, qui exigera qu'il soit équipé d'un appareil convenable pour sauver la vie pour les eaux sur lesquelles il navigue, ainsi que les commodités convenables pour l'usage des passagers ;

(*a.*) Les canots et équipements exigés devront être tel que spécifié dans l'article 1 (*b.*) des présents règlements, et afin qu'ils aient la capacité voulue pour porter douze personnes adultes avec l'équipage, ou dix-sept personnes en tout, ils devront avoir 17 pieds de quille et 5 pieds de bau sur 2 pieds de profondeur, cette capacité étant déterminée en multipliant longueur, largeur et profondeur, et divisant par 10.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît à Son Excellence, en vertu des pouvoirs qui lui sont conférés par l'article 234 de "l'Acte du revenu de l'intérieur" (tel qu'amendé par l'acte 52 Vic., chap. 15, article 9), et par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner comme suit :—

1. Chaque fois que dans une fabrique en entrepôt il est employé de l'alcool pour manufacturer des spiritueux parfumés, cet alcool ne sera soumis, à sa sortie de l'entrepôt pour être employé dans telle fabrique, qu'à un droit de soixante-quinze centins par gallon de preuve.

2. L'emploi de cet alcool et la manufacture de ces spiritueux parfumés seront sous le contrôle des règlements que le ministère du Revenu de l'Intérieur prescrira ; toutefois, ces règlements pourvoiront à ce que le coût réel de la production de ces spiritueux parfumés, dans la manufacture desquels entre de l'alcool au taux ci-dessus, ne soit pas moindre que le prix de vente de l'alcool qui a payé le plein droit.

DEMANDES AU PARLEMENT.

Règles relatives aux avis de bills privés.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture, et avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

RULES AND REGULATIONS respecting the inspection of boats, life-preservers and other life-saving appliances, to be carried on steamboats or other vessels, under the authority of the Steam-boat Inspection Act and amendments thereto.

Boats.

Sec. 1. The following provisions shall be observed with respect to boats to be carried on steam-boats :—

(*a.*) No steam-boat with passengers on board shall proceed to sea from any port or place in Canada, or depart from any port or place, or ply on any of the Lakes St. John, Memphremagog, Ontario, Erie, Huron or Georgian Bay, Simcoe, or Superior, or on the River St. Lawrence, or on the Rivers Ottawa or St. John, or any lake or river in Manitoba, British Columbia, or the North-west Territories, or the District of Keewatin, which is, at any point on the route of such steam-boat, more than one mile broad.

(*b.*) Unless there are on board thereof, or attached to such steam-boat, good, suitable, sufficient and properly equipped boats in good condition, each having not less than seventeen feet length of keel, and at least six oars and other necessary tackle, and sufficient capacity to carry not less than twelve adult persons, exclusive of the crew of such boat.

Which boats shall be in the following proportion to the registered tonnage of such steam-boat, that is to say :—

At least one boat for every steam-boat of less than fifty tons ;

At least two boats for every steam-boat of fifty tons and upwards, but less than (300) three hundred tons ;

At least three boats for every steam-boat of three hundred tons and upwards ; and

(*c.*) If such steam-boat is of the registered tonnage of one hundred tons or upwards to (300) three hundred tons, unless, in addition to the boats hereinbefore required, there is on board thereof or attached thereto,—

One good and sufficient life-boat capable of sustaining inside thirty persons, which life-boat may be considered of sufficient capacity if made of the following dimensions : Length of keel, twenty-two feet ; breadth of beam outside, five feet six inches ; depth from top of keel to top of gunwale at bottom of rowlock, two feet nine inches ; or

Two good and sufficient life-boats, each capable of sustaining inside twenty persons, which life-boats may be considered of sufficient capacity if made of the following dimensions : Length of keel, eighteen feet ; breadth outside, five feet two inches ; depth from top of keel to top of gunwale, two feet two inches.

(*d.*) If such steam-boat is of the registered tonnage of (300) three hundred tons or upwards to six hundred tons or upwards (when the life-boats may be increased to the satisfaction of the Inspector), unless in addition to the boats hereinbefore required there is on board or attached thereto ;—

Two good and sufficient life-boats, capable of each sustaining inside thirty persons, or four good and sufficient life-boats capable of each sustaining inside twenty persons, each to be at least of the dimensions described in (*c*).

Sec. 2. Every life-boat shall be made of suitable metal, in thickness not less than No. 18 wire gauge, or of wood, and built whale-boat fashion, with a sheer

of about ¾ inch to 1 foot length from midships, rising equally to the stem and stern, with sufficient air-tight compartments in the ends and sides made of suitable metal or of wood, and so constructed as to be air-tight and serviceable, the air-tight compartments to have a capacity in cubic feet of one-tenth the capacity of the life-boat, which is found by multiplying the length and breadth outside and the depth inside from bottom of rowlocks or top of gunwale in feet, and by ·6, the result equals the cubic feet required in the inside and outside compartments, about one-half of which should be on the outside; and dividing by 10, gives the number of persons the life-boat shall be deemed fit to carry. Solid cork may be used instead of air-tight compartments on the outside, 1·25 cubic feet of cork being considered equal to 1 cubic foot of air case.

(*a.*) Zinc shall not be used in the construction of a life-boat or of her air-tight compartments, which must be of a metal approved by the Board of Steamboat Inspection, or by the Chairman.
